Bulgarians Forced to Sue for Peace

Have Asked Powers to Intervene—Greeks Rout Bulgars With Great Slaughter—Roumanian Invasion Begins—Turkey to Reform

London, July 10.—The of a fortnight's desperate fighting in the Balkans finds Bulgaria forced to appeal to the powers to arrange peace.

The Bulgarians plan to drive a wedge between the Greek and Serbian armies in the neighborhood of Guevgheli has completely failed. The last reports of the fighting received from Athens tonight show that the Serbians and Greeks at this point are combining their forces while the Roumanian army is beginning an invasion of Bulgaria. The latter fact doubtless was the deciding factor in the Bulgarian appeal to the powers. How far Bulgaria's defeat is due to dissensions in high military quarters, which resulted in the resignation of General Savaoff, and how far to the fact that the Bulgarian troops which bore the brunt of the hard fighting in the last campaign, were more exhausted than the Greek and Serbian forces will probably never be known.

Nothing can be predicted at the moment as to how events will shape themselves, the Roumanian invasion of Bulgaria having brought an entirely new factor into the problem.

Russia and France are devoting their efforts to persuading the allies to adopt a moderate attitude in order to facilitate a peaceful settlement. The Serbian premier is quoted in the Vienna Neue Presse as declaring that the new war has completely set aside all treaties of alliance and that peace must now be negotiated on an entirely new basis.

London, July 10.—Rumors were published in Berlin yesterday, and according to the Daily Telegraph correspondent at Athens were current there, that General Ivanoff, with 80,000 Bulgarians,

was forced to surrender near Domiritsar, where fighting was proceeding for possession of a railway bridge over the Struma river.

Athens, July 10.—Despatches report the continued pursuit of the Bulgarians and a desperate battle in the passes of Mount Belasi, and on the main road from Dolra to Strumitsa, which resulted in complete victory for the Greeks and the routing of the Bulgarians, because it enabled the Greeks to attack the rear of the Bulgarian fourth army, which had its front fortified against the Serbians. The Bulgarians hastily abandoned their fortified positions in front of Isip and fled headlong from the furious assault of the Greek infantry, who captured nine guns. The Greeks pursued the enemy unchecked as far as Strumitsa.

On the extreme left the Greeks today attacked the Bulgarians near Demirhisar.

Paris, July 10.—The Sultan of Turkey, Mahamed V, is quoted in the Temps as follows:

"Turkey is resolved to carry out far-reaching reforms, in which foreign specialists will actively collaborate and which will assure large returns to foreign capital. Turkey respected investments during the critical economic situation, which it is sought to interest, will be used in the development of the country. Turkey is not planning for conquest and will devote only indispensable sums to defense."

Vienna, July 10.—Roumanian troops began to cross the Bulgarian frontier at late advice received here.

WIRELESS STATION FOR NEWCASTLE

Newcastle, July 10.—Newcastle is to be the Atlantic terminus of the Universal Radio Syndicate, which will establish a wireless service from Britain to this town as a link in an all-British world encircling electric service. Land wires have been secured from Vancouver to Montreal and the company is negotiating for purchase of existing lines between Montreal and the existing Pacific cable will be used and so on westward back to Britain.

The company have purchased 57 acres of land here including the whole block from the rear of the building lots in high street to I. C. R. track and between Adams Lane and Hogan Lane. Alderman Falconer has sold 21 acres, Mr. Woodworth, of Marysville, about 19 acres of the Craig property; Edward Hickey four acres; the St. James Presbyterian church four acres, and Alex. Morrison his house and barn and nine acres.

The money was paid over yesterday,

and the day before, and the contractor is expected to arrive to begin work next week. Newcastle being the receiving station a vast tower will be erected, and the permanent staff is expected to be 40 to 50 men.

A Montreal concern has contracted to build and install the plant. The steel tower will be 300 feet high. It is being constructed in England and will be shipped out in sections. Round this central tower will be grouped other towers each one hundred feet high connected by copper wire with the central tower. A dynamo operate the plant will need a 250 horse power engine to drive it.

The Canadian government's arrangement with the syndicate is for five years at the end of which the government has power to take over and operate the service as a government work.

Mayor George Alexander of Los Angeles, whose term will expire on July 11, says that during his four years and three months in office he has signed his name 108,600 times. In that time he has received in salary \$15,300, which, if it had been paid merely for the signing of his name, would have made the cost of each signature about 14 cents.

HER SCANTY GARB SHOCKED POLICEMAN

London, July 11.—The scanty garb of an ultra-fashionably dressed woman led to her being asked to leave Lord's grounds, where the Oxford-Cambridge cricket match was being played yesterday. The stands were filled with England's smartest society people.

The lady in question was noticeably because of her startling costume. She wore a big flapping straw hat and a lace dress which had evidently no lining while the skirt was so flimsy that black knickerbockers and jewelled garter buckles were as easily seen as if in a shop window.

A policeman finally asked the lady to leave and she did so complacently.

At Worcester, Mass., Marcus M. Wood, 78 years old and his wife live on four cents a day.

Quashes Conviction Against Beer Seller

Judge Jonah Finds Conflict of Legislation—Can Sell Beer, But Cannot Keep His Shop Open—The Judgment

In the case of Miles Carroll, appellant and John B. Jones, respondent, Section 17 refers to others who have no license. This construction either assumes that confectioners, grocers, fruit dealers and restaurant keepers do not require a license in order to sell beer and that Section 17 is intended to preserve that right during the prohibited hours, or that, on the other hand, only licensees can sell at regular hours, and then while they close their premises and rest from their labors under the kindly provision of Section 16, the restaurant keeper, the grocer, and the fruit dealer begin where the former left off and under the authority of Section 17 continue the work of slacking the thirst of the temperate men during the late hours of Saturday and every night, and the early hours of the morning.

"By this ingenious construction the temperance man is put in a much more advantageous position than the man who 'looks upon the wine,' for the former can obtain his favorite beverage during every hour of the twenty four, except on Sunday. Thus are the very results attained which the police magistrate asserts it was the intention of the legislature to prevent by these two sections.

Cannot Sell Without License.

"But another difficulty is encountered which the police magistrate seems to have overlooked and that is Section 121 of Chapter 22 Consolidated Statutes, 1903. This section takes with the context clearly means that no person shall sell temperate drinks without a beer license, and therefore Section 17 must refer to licensees the same as Section 16 and not to be a different class as the magistrate supposes.

"Seriously, I confess that I cannot harmonize the two sections. I do not think they can be harmonized with each other and the other sections of the act. I am of the opinion that Section 17 is absolutely opposed to Section 16 and under the rule of construction of statutes in such cases Section 16 would be repealed by the later section. (See Maxwell on Statutes 2nd. Ed. pp. 186, 187, 188 et seq.)

"In the obscure, not to say confused, state of the statute as I think, it seems harsh that the maximum penalty should have been imposed in any view of the law and being of the opinion that Section 16 of Chapter 16 Acts of Assembly, 1900 cannot be harmonized with Section 17 in any reasonable view, but is, on the contrary, repealed by it, I quash the conviction and order of the court below but without costs."

This judgment will also apply to the case of Wm. H. Keller in whose case the facts were identical with those in the Carroll case.

MacRae, Sinclair & MacRae and Dr. W. B. Wallace appeared for Carroll, and J. F. D. Lewin for the license commissioners.

BEGINNING OF THE END?

"Why do they call the mammoth steamship, which is a giant of the sea, and named the Emperor, 'she'?"

"Isn't it what all of us are coming to call?"—Baltimore American.
