NOTE AND COMMENT.

THE C.P. R. AND THE CANADE ESTERN.

President VanHorne and the other gentlemen of the C.P. R. who have been visiting this province went over the Canada Eastern railway yesterday from Fredericton to Chatham. It is start that Mr. VanHorne was favorably impressed with the prospects and condition of the road. Should the C.P. R. property of the utmost value with great possibilities of future developement. By working the Canada Eastern in commerciation with the New Bruswick railway, as a part of the C.P. R. system they would stand in a favorable position to control the trade of a large part of the North Shore. The distance from Chatham junction to Fredericton to Montreal, by the lines of the country, and the contry, and the corn crop of the North Shore. The distance from Chatham junction to Brother trade of a large part of the North Shore. The distance from Chatham junction to Fredericton by this lines 1360 miles, by the Canada Eastern and C.P. R. ties 565 miles. The distance from Chatham junction to Brother Chatham junction to Montreal, by the Intercolail is 500 miles, by the Canada Eastern and C.P. R. ties 565 miles. The distance from Chatham junction to Montreal, by the Intercolail is 500 miles, by the Canada Eastern and C.P. R. ties 565 miles. The distance from Chatham and the connecting with the Grand Trunk the distance from Chatham and the connecting with the Grand Trunk the distance from Chatham and the connecting with the Grand Trunk the distance from Chatham and the connecting with the Grand Trunk the distance from Chatham and the connecting with the Grand Trunk the distance from Chatham and the distance from Chatham in the colonial and connecting roads via Stand in a favorable position to control to the trade of a large part of the North Stand in a favorable position to control the trade of a large part of the North Stand the Stand in a favorable position to control the trade of a large part of the North Stand in a favorable position to control the Construction which is 20% by the finite-constructing with the Groad Franch the distance is still greater. These distances it still greater. These distances it still greater. These distances which the given the C. P. I. for through business, quite independently of the large local independently on the large local independently local indep ruption may have been introduced into the city government, a conclusion which we are not prepared to contended the Globe with the Globe is consoled by the thought that if every honest citizen would do his duty fearlessly all might yet be fright if this condition of affairs prevailed the Globe would not long survive to deliver moral lectures to the people of St. John, for the fearless citizen's would dump the contended of accession of the series of the contended to the series of the people of St. John, for the fearless citizen's would dump the contended of accession the part of the part of the part of the people of St. John, for the fearless citizen's would dump the contended of accession to the harbor and hang its three propriets into the harbor and hang its three propriets into the harbor and hang its three propriets to convenient lamp posts. While the Globe is posting before the public as a great moral organ and an ensure that the Globe is posting before the public as a great moral organ and an ensure the convenience of the provided of the service of the public as a great moral organ and an ensure the convenience of the provided of the service of the public as a great moral organ and an ensure the convenience of the public of the provided of the public as a great moral organ and an ensure the provided of the provided o IS NOT A DYE.
