Cincinnati, Oct. 17.-The police made a general raid on the policy shops last Short Summary Covering Articles of Every night and a sensational expose resulted this morning in the police court. The raid was caused by the cleaning out of the shops in New Haven, Conn., last Saturday. The dispatches said that the "drawings" came from this city. Of course, that called for a show of action here, though it is doubtful whether any of the prisoners will be convicted. Among the places raided was a private dwelling at 662 Race street. Policeman Holz dressed in citizen's clothes made a "play" and Lieut. Winters arrested the 40 50 5 .01 woman in charge, besides securing all the "drawings" and slips with a pile of small coin. ## A STREAK OF LUCK.

A' Victoria Stevedore Falls Heir to a Large Fortune.

James M. Morrison, who has been engaged in the stevedoring business in Victoria, off and cn; for six years, has received letters which go to show that he and his three brothers have fallen heirs to a South African estate valued third is a stevedore at St. John, N. B. The estate was left by an uncle named William McKay who recently died at Youngstown, Kimberley, South Africa. He was a bachelor. Mr. McKay, who was of a wandering disposition, drifted to South Africa many years ago and amassed the immense fortune which he has now left to his nephews. A dispatch from South Africa published in the eastern papers first attracted the attention of the brother in St. John, and hoe, is known as one of the most able and courageous skippers sailing on the -News has been received of the death in finding the heirs and paying any legal

be definitely known, there is still a great deal of anxiety to know what means Mr. Cleveland will take to make this declara-tion. Many of the Democrats with whom I have talked have expressed the hope that that anything he might write would do more harm than good in the present condition of affairs in New York, and even if the letter did no harm in that state it might be injurious elsewhere. They hope that he will confine himself simply declaration that he favors the success of the regular Democratic ticket and believes it to be the duty of all New York Demo-5 crats to vote for it. It is reported at the Democratic headquarters this afternoon that Mr. Cleveland will send to the New York managers a liberal contribution the campaign fund, accompanied by a brief letter which will urge the importance of Democrats standing together, so as not to give the Republicans an opportunity to win through the indifference or failure of any Democrat to do his duty. This is just the kind of letter the Democrats here hope the president will write. The sooner he writes it and the larger domination the check he encloses, the more they will like it.
