New Westminster, Nov. 11.—A large trade in British Columbia lumber is being worked up between New Westminster and the ports of Australia by the management of the Fraser River Mills.

ALBERNI WILL ELECT BREWSTER ONCE MORE

Meeting Addressed by Liberal Leader and Candidate Great Success.

Alberni, Nov. 10.—A large and enthusiastic meeting was held in Brand's hall on Saturday in the interests of H. C. Brewster, Liberal candidate for this constituency.

John Oliver, leader of the Liberal party in the province, assisted Mr. Brewster and Dr. A. D. Morgan, the Conservative candidate, also spoke.

The chair was taken by J. R. Motion, president of the Liberal Association, and he called upon Mr. Brewster as the first speaker of the evening.

Mr. Brewster in his opening remarks, stated that as far as he was concerned, this campaign would be free from all personalities. He dealt at length with his record as member, and clearly showed that he had fulfilled all pledges to the best of his ability.

He had endeavored to have a clause put in the Assessment Act whereby the farmers might have the first \$1,000 of improvements exempted from taxation, as he considered this the least of the government's aid to assist the farmer trying to hew a home for himself out of the woods, but as it stands now just as soon as the man has cleared a small piece of ground and put up a cabin, along comes the assessor and says, "You have done fine; I will now tax you so much for having improved your place, and thereby works a hardship on the man who is trying hard to make a home for himself. But Mr. Brewster's proposal was voted down by the McBride government.

He has also endeavored to have an act passed to protect the miners of Tuxada in particular and the West Coast in general, whereby workmen for companies doing prospect work would be protected, by compelling the companies to place a certain sum of money sufficient to pay the men their wages, and to keep sufficient there from month to month. This would prevent these speculators from coming in and getting a lot of men to go to work having no money to pay the men's wages. The miners being the only men on the man who is protected by law, he thought this was only fair to them, but the McBride government had turned them down.

Mr. Brewster also spoke of the general needs of the district and of what he intended to do if again elected to represent Alberni District. He went on to speak of the large amount of money spent in the district this year in comparison to the year after election, but he said that he would not have objected to this if the people were getting value for money expended.

In closing, Mr. Brewster asked the electors to judge of his future actions by his past actions if they saw fit to re-elect him.

Dr. A. D. Morgan, Conservative candidate, was then called upon and thanked Mr. Brewster for having said there would be no personalities introduced into this election, and was sure that, as far as he was concerned, there would be none, and if he found any one of his speakers using personalities he would have nothing more to do with them, he said. He went on to tell that he had accepted the McBride railway policy, but he had been led to believe that he was one of few that could control the votes of the district. He would not touch upon the McBride railway policy until he had heard Mr. Oliver, then perhaps he would be able to talk railways intelligently to the electors at his own meeting.

With regard to the large sum of money spent in the district he said that Mr. Brewster did not secure this at all, but that a delegation from the various associations in the district were responsible for the securing of this. He also stated that if elected he would visit the districts of Alberni at least twice a year.

Mr. Oliver was received with loud applause and went on to congratulate Alberni upon having had one of the most painstaking and hard-working members on the floor of the House. Mr. Oliver stated his railway policy and showed where it was ever so much better than the policy advocated by Premier McBride. He also went into the question of timber and lands, and pointed out wherein the Liberal policy would tend to build up a province of thrifty and prosperous settlers.

Mr. Brewster's election is generally conceded by the Conservatives and there is little or no enthusiasm for Dr. Morgan's candidature.

WEEDED AT NANAIMO. Nanaimo, Nov. 11.—The wedding was solemnized in St. Paul's church yesterday afternoon by Rev. Silva White, of Mr. Ben Greenway of Cedar District and Miss Margaret Simpson, recently arrived from England. The couple afterwards left on the afternoon train on their honeymoon trip to Victoria, on their return they will take up their residence in Cedar District.

ECLIPSE OF MOON. Oakland, Cal., Nov. 12.—Director Charles Burckhalter of the Abbot observatory announced to-day that a total eclipse of the moon will be plainly visible in this section of the country on the night of November 26th. The moon, he stated, will enter the shadow at 8:15 p.m. and will pass from shadow at 2:38 o'clock in the morning of the 27th.

NICARAGUANS FEAR ZELAYA'S GUNBOATS Many Residents of Bluefield Are Fleeing From the City.

Bluefield, Nicaragua, Nov. 12.—Many residents of this city are fleeing to-day, following the report that one of the Zelaya's gunboats is to arrive here to-morrow.

OLIVER SPEAKS ON LABOR QUESTIONS

LEADER ADVOCATES NEW DEPARTMENT

Liberal Speakers Enthusiastically Received at Moyie and Cranbrook.

Cranbrook, B. C., Nov. 12.—The Liberals of Cranbrook riding had their meetings in fine shape yesterday afternoon at Moyie and in the evening in this city.

At Moyie the Liberals addressed a meeting of 400. They were given a splendid reception and scored heavily in that miners' camp. One point took well as evidenced by the prolonged applause. John Oliver, dealing with labor legislation, referred to the number of bills introduced by the Socialist members, bills that dealt with the conditions of labor in various industries about which the average member of the legislature knew little or nothing, yet was expected to vote intelligently on the same. For his part he declared frankly, and the declaration aroused the terms of sympathetic applause, that he would not vote for such legislation until he had information that would guide him intelligently as to the general effects on the welfare of the province.

To meet the situation he would advocate the establishment of a department of labor under a responsible minister whose duties it would be, when legislation of this class was presented, to make a full and thorough report on all the circumstances affecting the industry concerned so that the members might be in a position to deal intelligently with the matter.

This declaration of his policy was greeted with enthusiastic applause. Oliver's address made a deep impression and will exercise a wide-reaching influence on the vote of the 26th.

Meeting at Cranbrook. Last night's meeting here was a remarkable triumph for the local Liberal candidate, M. A. McDonald, who in the first speech of the campaign delivered in this city, gave a thorough analysis of the McBride railway policy as completely destroyed the effects of the speech of the premier and Hon. W. J. Bowser last Saturday, and stamped Mr. McDonald as a man of first class debating ability. Leader Oliver frankly stated to the audience that it was quite unnecessary for him to come to Cranbrook when the Liberals had so able, eloquent and forceful a candidate, who was fully competent to take care of himself.

Mr. Oliver merely touched on one or two features of the McBride railway policy, intimating that that phase of the question was fully covered and adequately dealt with by McDonald. He did, however, administer a solar plexus blow to the anti-Asiatic platform. He quoted from the journals of the House the real position of the McBride government on the Asiatic question, and the citation of records aroused a deafening outbreak of applause. And as he went on to tell of Bowser's perjury in connection with the Gotoh contract and his utterly false statements in the election in regard to the alleged contract with the Grand Trunk Pacific for the importation of Japanese labor with the assent of the Liberal government, the audience was aroused to a great pitch of excitement, and the speeches of McBride and Bowser of last Saturday, in which both laid special stress upon the anti-Asiatic attitude, were completely discredited.

Dealing with other features of the Liberal policy, Mr. Oliver scored heavily in the discussion of the labor policy and the Liberals' proposed better terms for municipalities.

Cranbrook was always deemed a safe Liberal seat, but every shadow of doubt has been removed by yesterday's meeting. The best proof was demonstrated by a remark just made to your correspondent by a well known Conservative, who in speaking of Oliver's speech, said: "I have never seen a life-long Conservative; never voted Liberal, but on the 25th will cast my first Liberal vote."

FIVE CONVICTED FOR TRAIN ROBBERY

Attorney for Prisoners Will File Motion for a New Trial.

Omaha, Neb., Nov. 12.—The jury in the case of D. W. Woods, Newman Mathews, Lawrence J. Golden, Frank J. Grigware and Fred Torgenson, who have been on trial in the federal court charged with holding up and robbing the mail cars of the Overland train on the Union Pacific railroad last May, brought in a verdict of guilty late last night.

The penalty for the crime is life imprisonment. Attorney McFarland signified his intention to file a motion for a new trial.

THE LYNNING AT CAIRO. Cairo, Ill., Nov. 12.—It was reported late this afternoon that the negro Alexander confessed his connection with the assault and murder of Anna Pelley, a white girl, for whose death Will James, a negro, was lynched here last night, and also implicated his own father and other negroes.

The report spread like wildfire and the residents of the city are aroused to a high pitch of indignation. More trouble is almost sure to follow.

The mob last night horribly mutilated the body of James. One man severed his head with an axe and another placed the skull on the top of a pole and marched around the square with it while the mob yelled its approval.

MINERS BOYCOTT CITY OF SPOKANE

COEUR D'ALENE MEN WITHDRAW TRADE

Action Result of Fight Being Waged on Industrial Workers.

Spokane, Wash., Nov. 12.—Spokane has been boycotted by the local union of the Western Federation of Miners of Burke, Idaho, as unfair to labor because of its fight against the Industrial Workers of the World. The miners have adopted resolutions shutting off trade to the entire Coeur d'Alene mining district from Spokane, which heretofore has been the distributing point for the entire region.

Reports reached here to-day that nearly 7,000 miners in Northern Washington and British Columbia are also ready to assist the Industrial Workers. Information disclosed last night was that the Spokane Chamber of Commerce and the Booster Club had both voted favorably to the forming of a Citizens' Alliance to quell the Industrial Workers. They also voted nearly a thousand dollars to assist the National Guard in case it is sent to aid the police.

The leaders claim that 20,000 men are ready to help the workers in their fight, and that they are prepared to fight for a whole year if necessary to win out. Five hundred men are reported to have left Chicago for Spokane.

Habeas corpus proceedings are being instituted to-day in more than a score of cases where industrialists are charged with disorderly conduct or street speaking.

Attorneys Rogers and Moore, counsel for the imprisoned men, are taking their cases to the court in Spokane, declaring they are unable to get justice before Municipal Judge Mann.

FINE CLIMAX TO CONVENTION

MARION LAWRENCE HELD AUDIENCE SPELLBOUND

Most Successful Gathering in History of Sunday Schools Concluded Last Night.

(From Friday's Daily.) The most successful Sunday school convention that has ever been held in this city was concluded last night with a mass meeting of Sunday school workers in St. Andrew's church. The gathering was a magnificent one, and at the conclusion the members seemed reluctant to leave. As one of the prominent Sunday school workers remarked, the convention exceeded all that had gone before in the number of delegates present, in finances and in deep spirituality. There were 120 delegates from the Mainland, besides those from Island points and from the Victoria peninsula.

Yesterday afternoon a very practical address was given by Rev. J. W. Woodside on "How to Organize a Teachers' Training Class," and he also dealt with the matter of conducting the same. There was a good deal of profitable discussion, during which it developed that such a class was considered an absolute necessity if the best work was to be done.

The paper on "Primary Work," by Mrs. W. A. Short, of Vancouver, was read by Mrs. J. W. White, of the same city. Mrs. Short not being able to be present, the report of George Carter, superintendent of the organized adult Bible classes for the province, showed a large increase both in individual membership and also in the number of classes.

In the evening it was decided that the next convention should be held in the city of Vancouver, a month earlier than this year. The address of the evening was given by Marion Lawrence, his subject being "The Big Boy Problem." He showed how things were often made uncomfortable in the home for the big boys, and in this way they acquired the habit of spending their time on the street and went by that road direct to the devil. He often was full of high spirits and animal energy which required directing instead of repressing. The responsibility for his salvation lay between the parents and teachers. More individual attention, he thought, should be given to members of the classes.

The lecture was a masterpiece of practical advice embellished by flashes of rhetoric and ready wit, and kept the audience spell bound. At the close of the evening the report of George Carter, superintendent of the organized adult Bible classes for the province, showed a large increase both in individual membership and also in the number of classes.

FIGHTING WHITE PLAGUE. New York, Nov. 12.—During the year that has passed since the International congress on tuberculosis met at Washington one institution or organization for the treatment of prevention of tuberculosis has been established every day, Sundays and holidays included.

He murdered Mrs. Aldrich, who was 70 years of age, to gain possession of her land. He was twice tried for the crime, the first jury disagreeing.

APPOINTMENT OF NEW JUDGES

MINISTER OF JUSTICE REPLIES TO R. L. BORDEN

Places on Bench of Court of Appeal Will Be Filled This Month.

Ottawa, Nov. 12.—In the Commons this afternoon on the motion to adjourn, R. L. Borden brought up the question of the appointment of the judges to the British Columbia Court of Appeal. The provincial act, he said, had been passed over two years ago, and an intimation had been given in May last that the provincial government would proclaim the act in September. That had been done and though the act had been in force since September 1st the Dominion government had taken no action to make appointments. There were unpleasant rumors of places on the bench being made political use of, the appointments being deferred until after the provincial election for the purpose of being awarded to persons now candidates in the Liberal ranks.

Replying, Hon. A. B. Aylesworth said the British Columbia legislature passed the law providing for the court in April, 1907, two and a half years ago, two days before the federal parliament prorogued. There was no time to vote. The next session, though the British Columbia government had not proclaimed the act, the federal government had provided the salaries. Mr. Borden had read of rumors of the political use of the judgeship. Mr. Aylesworth wondered if he heard rumors in the summer of 1908 that the act would not be proclaimed until the federal elections gave an opportunity to see if the places could not be filled by Conservatives.

Mr. Aylesworth never heard that the British Columbia government would proclaim the act in September. Attorney-General Bowser in Ottawa last spring told him the act would be brought into effect next day and he would wire immediately to have it proclaimed. Mr. Bowser went to London to see if the places could not be filled by Conservatives.

The appointment of judges was important, said Mr. Aylesworth, and he thought it proper they should go slow. The province had delayed two and a half years in bringing the act into force and Mr. Aylesworth felt he should not be censured for taking two months to select the proper men to fill the places.

Mr. Aylesworth said that the appointments would be made before the end of the month. In the meantime, he did not think justice was suffering in British Columbia.

ATTORNEY PAYS PENALTY FOR MURDER

Killed Lawyer Who Was Prosecutor for Oregon Bar Association.

Salem, Ore., Nov. 12.—At 12:30 o'clock to-day James A. Finch, an attorney-at-law, a newspaperman and a politician of prominence in Oregon, was executed by hanging in the Oregon penitentiary for shooting Ralph Fisher.

The defence made a stubborn fight to save Finch to the last hour, bringing his aged mother and wife to Salem, and beseeging Governor Benso with petitions from prominent members of the bar.

Finch shot and killed Fisher in his law office in Portland, November 28th, 1908. Finch had been disbarred from practicing law in Oregon, and Fisher was prosecutor for the Oregon State Bar Association. It is thought that Finch was laboring under the hallucination that he had been "persecuted instead of prosecuted" when he shot Fisher. The two had been warm personal friends, Finch, however, became addicted to drink, his clientele fell off and he was brought before the State Bar Association for alleged questionable practices. When, contrary to his expectations, Finch was suspended from practicing for a year instead of a month, his friendship toward Fisher changed to hatred, and at the trial testimony was adduced to show that he had sworn to "get square."

"FURIOUS DRIVING" IN AEROPLANE

M. Blanck, French Aviator, is Defendant in Novel Action.

Paris, Nov. 12.—The first case of prosecution for "joy riding" in an aeroplane will be heard shortly in the Paris law courts. M. Blanck, whose machine crashed into the crowd at Port Aviation a fortnight ago and injured several persons, is the defendant in the novel case.

Two of the victims have summoned him for "furious driving" in the air and causing an accident by his recklessness.

MURDERER EXECUTED. Walla Walla, Wash., Nov. 12.—Bud Barnes was hanged at 6:30 o'clock this morning for the murder of Mrs. Anna Aldrich, on April 30th, 1908.

GRANBY SMELTER'S TONNAGE GROWS

Total for Year Will Show Large Increase Over Previous Twelve Months.

Phoenix, Nov. 11.—Granby's seven furnaces smelted 26,702 tons during last week, showing an increase of nearly a thousand tons over that of the previous week, which is another new record for the Boundary's big reduction works.

The tonnage treated represents approximately 550 tons of ore treated by each furnace every 24 hours during the seven days.

For the year the smelter has treated 841,742 tons of ore, which compares with 850,604 during the same period last year. It is expected that the total tonnage for 1909 will show a considerable increase over that of 1908.

During the month of October Granby smelter received 107,932 tons of ore for treatment. Of this amount Granby mines at Phoenix shipped 106,458 tons, which, with the exception of March, 1908 is the largest monthly output of the mines. The receipts of foreign ore amounted to 2,474 tons as follows: Black Tail, Republic camp 43; Ben Hur, 284; Lone Pine, 123; San Post, 65; Qulp, 38; Balcher, 519; Snowstrom, Coeur d'Alene, 1,248; Arlington, Slovan district, 123.

INVESTIGATING WOMAN'S MYSTERIOUS DEATH

Daughter Claims to Have Secured New Facts Regarding Case.

Los Angeles, Cal., Nov. 12.—Bent on a final investigation of the mystery surrounding the death of Mrs. Josephine L. Archer, in this city last January, Helen C. Marsh, the woman's daughter, and C. P. Marsh, her son-in-law, both of Galesburg, Illinois, are in Los Angeles to-day.

Shortly after coming to this city four years ago, Mrs. Archer was married to E. F. Archer, a local realty dealer. Archer invested \$10,000 of his bride's money in real estate.

Last January Mrs. Archer died. She had suffered from nephritis for many months, and according to the physician who attended her, death occurred twenty hours after an unusually violent attack. Her will left \$500 to Archer and the remainder of her property to two daughters, Mrs. Marsh and Mrs. Kate C. Smith, of Peoria, Ill.

Mrs. Archer's body was taken to Galesburg and buried. Last June it was exhumed, and the announcement was made that strychnine had been discovered in the stomach of the body. The case was placed before the district attorney of Los Angeles county, but was dropped in view of the fact that there was no evident murder motive.

Last week Archer filed a homestead claim on the house he and his wife had occupied. His petition was successful and he came into possession of the home that had been left to Mrs. Archer's daughters by the will.

Mrs. Marsh stated that she is in possession of facts that may necessitate the re-opening of the strange case. She refused to-day to divulge the results of a long conference yesterday with deputies of the district attorney's office.

GOMPERS SPEAKS ON INJUNCTION CASE

President of Federation of Labor Addresses the Convention.

Toronto, Ont., Nov. 12.—In the convention of the American Federation of Labor to-day, Samuel Gompers, president of the body, said: "As to when we are going to prison I cannot say. Many people have said to us that we won't go to jail. A number of these people said that Justice Wright would not find us guilty, but he did. However, I have an abiding faith in our courts."

CONSTABLES SAIL FOR HAZELTON

PATRY LEFT PRINCE RUPERT THIS MORNING

Steamer Conveyer is Chartered by Government to Make Trip.

All is quiet so far at the scene of the Indian outbreak in the vicinity of Hazelton, B. C. F. S. Hussey, superintendent of provincial police, received reports as to the situation this morning, both from Prince Rupert and Hazelton, and in the language of Mr. Hussey, "both are satisfactory."

Chief Constable Vickers, stationed at Prince Rupert, writes that pursuant to a request forwarded to him yesterday, he chartered the steamer Conveyer, and this morning dispatched ten special constables to Hazelton, with arms, ammunition and supplies sufficient for twenty, as directed.

Chief Constable Mattland-Douglas, at Hazelton, wires that all is quiet, and that he is proceeding to-day with the hearing of the charges against the six Indians who were arrested three or four days ago for having obstructed the work of a gang of men employed by the government.

SECURES DIVORCE. Margaret Illington Successful in Suit Against Her Husband, Charles Frohman.

Reno, Nev., Nov. 12.—It is understood here that Margaret Illington, the actress, who was divorced Wednesday last by Charles Frohman, the famous theatrical producer of New York, will go very soon to Tacoma, where it is said that a house already has been furnished and prepared for her reception. It is rumored that she soon will be married to a wealthy citizen of Tacoma.

Speaking of the divorce, which was obtained after a brief hearing in court, Judge Massey who represented Miss Illington, said: "Frohman not only refused to support his wife, but he charged her with cab fares to and from the theatre when she was acting for him and he told her that he would not support her business considerations only, because together could make a lot of money."

ACCIDENTAL DEATH VERDICT OF JURY

No Blame Attached to Anyone—Hole Bored by Previous Contractor.

(From Friday's Daily.) The coroner's jury yesterday afternoon decided that the late John R. Williams came to his death from accidental causes and that no one was to blame. Several witnesses were called including the doctor and fellow-workmen.

Dr. O. M. Jones said that on Monday last he was called to attend deceased. Previously, however, he had heard a heavy explosion which threw the rocks in all directions and even struck his windows. It was a louder explosion than usual. He found Williams in the small shed on the side of the excavation unconscious. There was a cut on his face and later he found scalp wounds. He never regained consciousness but died thirty hours later.

Death was the result of injuries to his head. Charles Williams said that he was working with the deceased, who was a rock contractor. He had fired the shot himself with an electric apparatus. The usual warning was given and everyone got out of the way. As soon as the shot was fired he found that he had been knocked down, and he went to his assistance and called the doctor. The deceased was a little "off his coat," but he was not nearer the explosion than the others.

Williams had nothing to do with the covering of the shot. He was drilling another hole. He had only come on the works that morning and this was the first shot fired while he was there. John Harper deposed to having been working on the job during the past three weeks. He was present when the shot had been fired, which he considered was not larger than others which had preceded it. The hole had been bored by a former contractor, but he knew nothing about how it was charged. Deceased was a man of 29 years of age.

The jury consisted of William Speed (foreman), J. R. Collier, Roy Goodacre, William Cooper, Alex. McDonald and Samuel Henry.
