Mr. F. H. McCallow, Dear Sir.—The bottle of
Dr. Kendall's Spavin Cure, bought of you last
summer, gave me the utmost satisfaction and performed a wonderful cure upon a mare nincteen
years old, belonging to me, which was badly
spavined for ten years. She was so lame that I
could hardly get her to move. The lameness is
entiroly gone after using half a bottle of the cure,
and she is like a young horse again.

ONEONTA, NEW YORK, Jan. 6th, 1881.

Early last summer Messrs. B. J. Kendall & Co., of Encoburg Falls. Vt. made a contract with the publishers of the Press for a half column advertise of Kendall's Spavin Cure. At the same time we secured from the firm a quantity of books, entitled Dr. Kendall's Treatise on the Horse and his Diseases, which we are giving to advance paying subscribers to the Press as a premium.

About the time the advertisement first appeared in this paper, Mr. P. G. Schermerhorn, who resides near Colliers, had a spavined horse. He read the advertisement and concluded to test the efficacy of the remedy, although his friends laughed at his credulity. He bought a bottle of Kendall's Spavin Cure and commenced using it on the horse in ac cordance with the directions, and he informed us this week that it effected such a complete cure that an expert horseman, who examined the animal remetly could find ne trace of the spavin or the place where it had been located Mr. Schermerhorn has since secured a copy of Kendall's Treatise on the Horse and his Diseases, which he prizes very highly and would be loth to part with at any price, provided he could not obtain another copy. So much for advertising reliable articles. bottles was that Yolande and the young
