Mr. Lawlor, in reply, says witness has said, sworn he was acting as a fishery officer and can state what he did as such. The closing exercises at the Provincial Mr. Thomson says the testimony

Normal School, Fredericton, on Friday Witness :- I seized the net under the last were of a very interesting character. Amongst the other incidents was the irections I had from fishery overseer John ntation of the Governor-General's Robinson, who told me to seize all illegal medals by Hon. Provincial Secretary nets.

Tweedie. The silver medal was presented his instructions, as the instructions should to Miss Maggie C. Smith, of Greenwich. be produced. Kings county, of the senior class; and Mr. Lawlor claimed and Mr. Thomson also said it wasn't necessary to produce the nstructions, unless they were in writing. They were not in writing, so the testi

Mr. Tweedie made a very felicitous mony was admitted. Mr. Butler raised quite a number of other enthusiasm and applause. The personal objections and saked many technical quesattention given to the Norman School by tions, all of which were overruled, as the members of the government is in keeping magistrate was instructed by Mr. Thomson with that bestowed by them upon other that they were irrelevant, and after a long time occupied by Mr. Butler in further and uselessly objecting, the enquiry was allowed Did you have instructions from any one in

authority, besides Mr. Robinson.

No, but I got some instructions from Col. after the rive . After additional ineffective objections have doing proceedings, in which the great pleasure of having a visit from the Honorable the Executive, dr. Butler, the witness repeated that he had astructions from Mr. Robinson to belief all llegal nets on the river or its tributaries.

Was this an illegal net that you saisted: Were you a sworn officer ? I was. When were you sworn? (Objected to by Mr. Butler.) On the Monday (29th May) preceding the warm personal interest in our welfare and day (Wednesday, June 1st) when I seized

CROSS EXAMINED BY MR. BUTLER.

It was somewhere between 4 and 5 o'clock in the morning when I took up the net. I up and I not see it. It was a bright mornhint to the new political staff, which is course, have done only their duty towards ing. I knew the men when I first sawthem. I was at Big Hole with prisoner on 1st June. Was that the first time you saw that net

Yes, for if I had seen it before, it would tween five and six o'clock, not have been there then; It was not in nissal. Those who were in the court nevertheless pleasant and encouraging to tidal water; the tide never rives as far up as

> myself on that morning. Didn't prisoner tell you to lear there and he would pay his fine? I never heard the prisoner say to office, and at other times in the County the net there and he would pay his fine. won't say he didn't say it. castle not having vet provided a police Were there any fish in the net. court room in that town-continued the

Yes, a salmon, some small trout and gas-percaux. I let the salmon go. The small fish were dead in the meshes. In what way was the net illegal? It was a net that would catch salmo trout or grilse. It was also set in an illegal

place-in rapid water, where no nets are Hole, Northwest, as reported in last When the shot was fired I think I was week's ADVANCE, and that Hare threatenabout forty rods above the upper ledge where Mr. Brown was fishing. I was pollmen equally good, at least, at a time fired at with a rifle from ambush a short when the fishery interests of the whole distance from the place where the seizure where I was. It was from the bank, and Miramichi require the most experienced, was made, as he was polling his canoe the man who fired it was hidden by the vigilant and organised guardianship; away after performing his duty. Hare for the salmon are now making their was arrested on a charge preferred by further down river. It was fired from the Kingston, that he had done the shooting, vicinity of the top of the hill. and Police Magistrate Niven admitted

fired from ? . Yes, I could, if I were there now, show When the court opened there was a you within five feet of where the man who fired it was standing. What position are you in when polling Hare's friends from the Northwest, and

the opinion was freely expressed that if canoe? In polling a cance you generally face the shore you are nearest to. On this occasion town for a few days there might be a fair I was facing the east or north-easterly shore upon which I saw the smoke of the rifle, which was to my right, a little. Then, the first indication you had of th abot was the amoke? No. the report.

And the next was the smoke? No: It was the splash of the bullet in the water. Could it possibly have been the splash of

No, it could not, for it went down and the water flew up, and a fish don't splash that I looked in the direction of the report as

soon as I saw the splash of the bullet. I did | the fine. not hear the whistle or whizz of the bullet pass me. The splash gave me the only home; that he didn't want to make knowledge I have that a builet was there. | more trouble for him? I have seen bullets fired into the water and have fired them into the water myself. my left where the water splashed, and be- not hear it? tween me and the other shore. You swear positively you saw the splash before you saw the smoke?

Yes, I swear positively and can give you the reason, if you will allow me. [Mr. Butler said he did not want reasons.] Do you remember speaking to any per

about it about an hour after it happened? Do you remember Mr. Oldfield asking you f the bullet went close to you?

I don't remember, Do you remember that Mr. Oldfield asked f the shot went close to you, and that you said you saw only the smoke and heard th report and that you knew nothing about the shot or bullet? I won't swear about that, I don't remember such conversation.

Doesn't the water fly up when a fish Yes, but not in the same way as from

o tell whether it was a fish or a bullet! Yes, I did, and knew it was a bullet from the way the water rose from it. Did you take up the pickets in removing the net?

I removed two pickets in taking up the Did not you tell Mr. Fitzgerald and also Mr. Oldfield that you didn't think that shot

was fired to hit you? I never told that to any man Didn't you use words to that effect? I might have said shortly after, that he ould not have meant to shoet me. but changed my mind later on.

Then, at the time of the occurrence did not think he meant to shoot you-until you had conversation with people? I did not, until I had time to think over, and had conversation with two or three parties. Then, I changed my mind Adjourned until 2 p. m.

· AFTERNOON. Mr. Batler:-Did the prisoner have a gun with him when you saw him that morning? I did not see any. And you don't know who fired that shot? No sir, any more than that-Mr. Butler:-Never mind ! You don't

Mr. Winslow:- You say you heard a report of a rifle, and saw smoke issue from the bushes on the bank, and you saw what on believed to be the splanh caused by the bullet striking the water 20 or 30 feet en the other side of your cance. - What would ing, a little before dark,

Did you speak to him! were you in that range? Mr. Butler objects on five or six ground

hen had no gun? When did you have the next conver Mr. Thomson advises the question is ad seize the missible, and the magistrate admits it. with the prisoner? Witness:-I would be about in range. might be a little ahead of it. When did you next see him! MR. JAMES DAVIDSON

I was talking to him next day at my of Newcastle was the next witness and he was examined by Mr. Lawlor. He What was the conversation about? I suppose a man need not tell that.

[Question repeated and objected to.] the shooting, about 5.30, in company with Mr. George Brown; saw Paul Kiugston Objection being overruled, witness said i wasn't about the net; just about pastime polling up under the right bank going up, farming and fencing and one thing and just as we got to the river. He had a net in the cance, which he said he had taken on the rapids below, and he pointed out the Was anything said between you and the prisoner about the net being seized since it pickets. He remained about five minutes talking to Mr. Brown and me, and then pro Or about a rifle shot, or gun shot being ceeded up-river. I paid no further attention to him till I heard a shot fired, apparently fired on the river that morning? from the woods ahead of us, up stream.

taken place, will the government bring it
British cruiser Talbot has arrived from Havana. She left that city Tuesday with Sir Wilfrid Lautier replied that there had thirty-eight English refugees. The passen been such correspondence, but it was confidential. He had the permission of the gers report Havana quiet. Food is scaree, flour in particular; over half the bakeries Governor General, however, to say that Mr. are closed. The others are only filling con-Chamberlain, colonial secretary, had approvtracts. They expect to close in a few days.
One bakery was besieged when it closed by
a mob of two hundred and fifty persons ed of the principle laid down by the Governor General in his memorandum to Sir Charles Tupper on July 8, 1896. clamoring for the privilege of buying bread This memorandum was the one giving reasons why the Governor General declined to sanction Sir Charles Tupper's appoint-Eggs are a luxury. They have been taken from the regular menu of the hotels and are supplied only at extra cost. The soldiers ments after his government was defeated are grambling. They are half starved. The government owes all of them from nine to twelve months. Meat is quite plentiful, as In reply to Mr. Bertram the Premier said that it might be supposed that commercial relations between Canada and the United eight hundred head of cattle were recently landed at Batabene, the port and railroad States would be discussed by commissioners to meet this summer at Quebec. There city on the southern coast, just across the island from Havana. Paper money is worth

were other very important matters, however, which hindered good feeling between the only from 14 to 16 per cent. of its nominal value. The coin, nominally worth \$5.30 in near the "Diamond" as they dare go. But two countries which if settled by the comsilver, is now worth \$9 in silver. General what shall be said of the contents-the in-Blanco is endeavoring to sustain the courage gredients—that the women of Canada are of the citizens with bombastic bulletins reporting American defeats. He has issued to dye with? Little more can be added to what has so often appeared in the press of the country. These imitation dyes are dent says:—Mr. Tarte is, at least, a fearless man. In the discussion on the Montreal harbor expenditure he denounced the self-interest which stood in the way of improve
United States and Spain, as it wishes to desired from reasons prices of food. They have little effect.

VIENNA, June 11.—The government has dangerous preparations, hurtful to the hands of the user, and destroyers of valuable garments and materials. ment. He named firms whose appliances avoid the appearance of making intervention | The manufacture of Diamond Dyes is reand machinery were old and who knew that if in another part of the city modern machinery was erected their business

elevator at Prescott and was bringing the grain to Montreal in ateel barges. It was time that the monopoly which had retarded the port of Montreal should be broken down. These men were powerful, but the their influence with the harbor commission-ers and with the Board of Trade and the England might undertake. One fact, how-Elder-Dempster Line had great difficulty in getting accommodation.

ever, is incontrovertible: The united cabinets are agreed that the Philippines must remain an open market for the commerce of

> No authentic reports of any battle has been received this week. United States troops had not landed in Cuba at latest advices, although the indications are that they will soon do so

LET THERE BE LIGHT Thrown on the Subject of Home Dyeing:

There are dyes-the world-famed Dianond Dyes-that crown our labors and home Dyeing work with perfect success, and there are imitations and worthless dyes that bring ruin and disaster wherever they are used. There are dyes-the chemically pure and scientifically prepared Diamond Dyes-that have brought blessings to millions of homes for long years, and there are the vile preparations and mixtures of imitators who, as far as style of package is concerned, get as

machinery was erected their business wouldigo. They should either improve or go the guest Regent, which perhaps, must consider that dare proclaim certain victory for every that dare proclaim certain vi three thousand six hundred feet of the step is evident everywhere. The probability known outside of the greedy, long-profits harbor. Since 1890 they had stopped every is that Russia will undertake the initiative dealers who sell them to the unsuspected improvement which was not in their personal within one or two days. It is known that public. Avoid all initation package dyes interests. "They would like us to stand the American government has become more as you would avoid spurious coint.
