To the Editor of The Sun:

SIR-Those of us who are familiar with the methods of Edwin B. The question is not the legal carefully avoids the real point at issue be-tween us. The question is not the legal status of the council, an association which evidently and naturally gives him much concern. That body claims no special stand-ing except that which rightly belongs to it, by reason of its consisting of duly qualified voters, members, and regular attendants at and supporters of Trinity shurch for years past. LEXINGTON, Ky., April 23 .- A tremen dous effort is being made to convince the people of this district that the verdict against Col.
