INTERESTING SESSION OF EQUITY COURT

The Patterson Will Recently Found Stands

Judgements Given in Other Cases and Several Orders Granted in Some Important Cases.

Some Important Judgments by Judge Barker were delivered today in the Patterson case. His honor gave judgment in favor of the defendants, John C. Patterson and W. R. Floyd, executors, who are thus given a good title to the money paid by the O'Neil Lumber Company, for part of the land, thus confirming the will found in the trunk a short time ago. The executors and the O'Neil company are to be paid their costs by the plaintiffs.

In Lodge vs. Calhoun and Baltimore Coal and R. R. Co., exceptions were taken to the sufficiency of the defendant's (Calhoun's) answers, in not stating certain things to the best of his information, knowledge and belief. The first three exceptions were overruled and the last three allowed, with costs to either party. Thirty days were allowed the defendant to file an amended answer.

Ward vs. Le Blanc et al. judgment ordering damages to be assessed in favor of the claimants at the regular sittings of the court in Dorchester in May next, no order as to the more remote claimants.

W. B. Wallace, K. C., presented the petition of Eitel M. Elwell et al. infants, praying that Frederick W. Elwell, father of the infants may be appointed their guardian, with power to sell real estate belonging to the infants, situated in the Parish of Hopewell, Albert county. Order granted.

On motion of M. G. Teed, K. C., the bill of the plaintiffs in the case of Gault Bros. vs. Morrell & Sutherland, was amended by adding a statement of the recent raid on the store of the defendant by the plaintiffs and also the fact that the defendants have since assigned to T. H. Sonerville and F. W. Roach.

In Davidson vs. Ferguson, on motion of M. G. Teed, the injunction was continued.

In re Crane Cleveland, an infant, W. B. Jones presented the affidavit of the infant for the sale of real estate in the Parish of Alma, Albert county. Order granted.

UNION LABOR

To Have Its Own Chartered Bank in Chicago.

CHICAGO, Feb. 21.—Union labor is to have its own financial institution in Chicago. The prospectus of the first Union Labor Bank which has been issued announces that the stock subscription books decided on last December are open. The metal workers and the machinists are the promoters of the bank. The directors will be elected by trade unions and the profits accrue to the shareholders.

Another Change in No. 1 Hook and Ladder Station.

Carpenters have been at work for a couple of days making a change in No. 1 Hook and Ladder station. A new stall has been added which now makes seven in the building which but a few months ago only had four. The chemical caused the addition of the extra stalls as No. 2 engine was sent to the ladder station to make room for the new arrival. At that time two new stalls were built, but it is now found that one is useless except for hospital work, as the animal therein had to be led out and backed under the harness. By the new arrangement the engine horses as well as the chief's horse and the three for the ladder truck will be permitted to reach their places without the assistance of the drivers.

LAPATI SHELLED

By Russians With Heavy Guns—British Steamer Abandons Attempt to Run Vladivostok Blockade—Movements of the Two Pacific Squadrons.

TOKIO, Feb. 21.—Field Marshal Oyama reported today says that a small infantry attack was made on Pang Mountain on Feb. 20. The Russians shelled Lapati on the night of Feb. 19, using heavy guns.

ST. PETERSBURG, Feb. 21.—It is officially announced that Grand Duke Paul has been re-admitted to the Russian army with his former rank of lieutenant-general and aide de camp general.

FREDERICKSHAVEN, Denmark, Feb. 21.—The third Russian Pacific squadron anchored today in Skagen Bay and is now coaling. The squadron has been joined by some other units and now consists of five ironclads, an auxiliary cruiser, a gunboat, and three transports.

KAFFA, Crimea, Feb. 21.—Lieut.-Gen. Stoessel, the former commander at Port Arthur, arrived here today.

PORT LOUIS, Mauritius, Feb. 20.—The Russian second Pacific squadron, with coilers, totalling seventy ships, was still at No. 10 on Feb. 18. The Russians were buying stores largely, especially wines and liquors. They asked for 10,000 bags of flour and 50,000 cans of potatoes at prices meaning fortunes for the sellers.

SAN FRANCISCO, Feb. 21.—The British steamer Brinkburn, Capt. Peters, which left recently with a large cargo of supplies for Vladivostok has returned here from Victoria B. C. Her owners in London decided to abandon the attempt to take the Brinkburn through the Japanese blockade to Vladivostok and Captain Peters was ordered to bring his ship to this port and discharge his cargo.

125,000 CARS

Of Freight Stalled by Snow on United States Railways.

CHICAGO, Feb. 21.—Railroad officials estimate that 125,000 cars of freight are stalled on railroads east and west of here owing to the recent heavy snow storm. Of this number 75,000 cars are said to be side-tracked on eastern roads and 50,000 cars on roads west of Chicago. It will require ten days or more to move this accumulation of freight to its destination and it is probable that the loss in perishable stuff will be very heavy.

RESCUE PARTIES

Trying to Reach One Hundred Miners Buried Alive.

BIRMINGHAM, Ala., Feb. 21.—E. T. Schuler, one of the owners of the Virginia Mines, where more than one hundred miners were imprisoned yesterday afternoon by an explosion was advised this morning that the rescuers were close to the entombed men and that one body had been found and removed.

Schuler thinks there is a good chance for a number of miners to be found alive, as he says the shaft into the mine is working. The rescue parties worked all night and were augmented by miners from various mines in the district.

GRAND TEMPLE VISITS MILFORD.

Last evening the officers of the Grand Temple of Honor, of New Brunswick, paid an official visit to MILFORD Temple, No. 7. This temple is in a flourishing condition, adding new members every week. Last evening five new applications were presented. They have recently built a new room upstairs in their hall, which will be richly furnished and occupied solely for temple purposes. Addresses were made by Grand Templar W. F. Roberts, M. D., I. G. W. T. Wm. C. Whitaker, Gr. Chaplain Harry Black, G. W. V. Templar Herbert Roberts and Grand Treasurer Fred Gallop. There was a good audience present.

Wm. Alexander was elected W. C. T. in place of Geo. Doherty, lately removed to Boston.

Refreshments were served, after which the grand officers drove back to the city.

The American schooner Jessie Lena, bound from Annapolis to Sagua, Cuba, with a cargo of lumber, while coming into port here yesterday afternoon for shelter, went ashore about half past five on the eastern side of the Channel at low water. The tug Lord Roberts went out to her assistance and hooked her at half-past seven. She anchored in the harbor without further damage. R. C. Elkin is the agent here.

N. S. OPPOSITION CAUGHT LONGLEY.

Showed Atty-Gen Had Sent Out Illegal Instructions.

Government Wants a Tame Session to be Followed by a Sudden Appeal to the People.

(Special to the Star). HALIFAX, N. S., Feb. 21.—The two opposition members had a good time of it in the house yesterday. Tanner dumbled the attorney general by pointing out to the house that he had sent out instructions to revisors of electoral lists in opposition to the law. In the matter of striking off the names, the law says the owner of the name it is proposed to strike off can be personally notified, or be notified by registered letter. The instructions sent out by the attorney general advise revisors that a registered letter is not sufficient unless it first be proven that it was received. Tanner first led the attorney general to admit he had been sending the instructions out ever since 1901, and then he sprang the sensation.

The attorney general made no reply, though there was a considerable pause, after which the premier relieved the suspense by moving the adjournment of the house. It is admitted on all sides that the Hon. Mr. Longley was caught out.

Mr. McLeod, of Cumberland, gave notice of motion for all correspondence in reference to back pay due Jockies miners.

M. H. Nickerson, Liberal M. P. P. for Shelburne also sprang a mild surprise by giving notice for information in re the South Shore Railway route west of Liverpool. This is right in a line with what Tanner has also asked for.

The impression here is that the government is trying to engineer a quiet session and a sudden appeal to the people as soon as the house prorogues.

Dr. Kendall has not yet taken his seat. His health, however, is much improved.

HE STOLE A WATCH.

And as a Result Goes to Jail for Four Months.

In the police court this morning two drunks were fined four dollars each, and one eight dollars, while John Allan was sent to jail for four months for stealing a watch from William McGregor, a seventeen year old lad, just out from Scotland.

McGregor said he belonged to Inverness and came here on the Lake Manitoba two weeks ago, that he met Allan on a street while judging by his description, was Paradise Row, that Allan offered him a dollar and a half for his watch, that he refused to sell, as the watch had been his mother's, that Allan took the watch by force, striking him on the jaw.

Sergt. Caples told of making the arrest.

Allan said he was drunk, that he offered the watch back to McGregor and had gone to the mission to return it when arrested. He denied many of the minor points of the case, but admitted that he had taken the watch.
