DR. JOHNSTON WELCOMES ALL RACES TO CANADA

Says Christianity Demands That We Throw Open Our Doors—Looks for Fusion of Races—Alliance Also Discussed Date of Thanksgiving Day

"Canada's Destiny" was the subject of a profitable and eloquent address delivered before the members of the Evangelical Alliance in session in the parlors of St. Andrew's church this morning by the Rev. Dr. Robert Johnston of Montreal. The discourse was followed by an interesting address in which several of those in attendance participated.

The report of the committee upon the need of a society for the prevention of cruelty to women and children was then asked for. The Rev. Dr. Johnston declared that he desired to see a communication from the Toronto Evangelical Alliance, informing him that the London executive could not send the delegates to Montreal. It was contemplated to have representatives attend.

Dr. Johnston said that communications had been addressed to the clergy in the various towns to secure their views on this important matter. The Ministerial Association had been most helpful. Replies had been received from many of the churches in Halifax to Vancouver. There was some objection felt to the last section. Nevertheless, the Rev. Dr. Johnston considered the change in Thanksgiving Day in St. John was not satisfactory.

The Rev. Dr. Johnston considered the change in Thanksgiving Day in St. John was not satisfactory. On Monday following the Lord's Day, people have made other arrangements. He considered that the suggestions offered were profitable and thought they should be adopted by the meeting.

The president stated some action had been taken by the Methodist Association in the matter last fall. Venerable Archdeacon Raymond then moved the matter be referred to the next meeting of the Alliance. Rev. Mr. Lang seconded the motion, which was carried unanimously.

"Yes," said the bride of the short months, "I had made up my mind to remain in the splendor class; then John appeared upon the scene, and I accepted him because he was so unlike other men."
