About 10 p. m. last night some pedestrians walking up Waterloo street were lucky in escaping a glass bath, for just as they passed the dispensary of Geo. Allen's, a pane of glass was accidentally smashed in the top story and fell to the pavement below. It was a narrow escape for those close at hand.

The Sunday train arriving here from Montreal was delayed half an hour at Wytopitlock on the Maine Central Railway by the burning of a saw mill owned by the Springer Company. Cars which were being loaded at the mill were run on to the main line to escape the fire, and had to be moved before the passenger train could pass. The mill was a total loss, and two box cars belonging to the Maine Central Railway were also destroyed. Sir Thomas Shagnessy and family were passengers on the Montreal train en route to St. Andrews.

On Saturday afternoon the employees of F. A. Dykeman and Co., numbering about thirty, were invited to spend the half holiday at the home of Mr. Dykeman at Renforth. The greater number availed themselves of the invitation and went to Renforth on the 115 train. Immediately on arrival, dinner was served on the lawn and the party embarked on the half holiday. "Oglethorpe" for a trip around Long Island. The party landed on one of the fine beaches of this island where the hour was most enjoyably spent. After an enjoyable supper and a trip to Drury Cove in the "Oglethorpe," the employees returned to the city on the 315 train, but before doing so they expressed their appreciation of the day's outing at the firm's expense by a vote of thanks and three cheers for Mr. and Mrs. Dykeman.

Saturday evening on the Shamrock grounds before a small crowd, the St. Josephs took the Fairville A. O. H. to camp by a score of 12-4. The one-sided score would indicate very loose playing, but the game was very interesting at times and several plays did play were made, which received well merited applause. The game was late in starting and was called at the end of four innings.

There will be no baseball game to-night in the Inter-society League. The first game of the week will be played Tuesday night.

BANK NOTES STOLEN

MONTHS AGO TURN UP

NORTH BAY, July 12.—The theft of \$25,000 in unaltered bank bills some months ago in transit between Ottawa and Toronto was recalled by appearance of a five dollar bill of this issue at North Bay, where it was passed at the C. P. R. Station ticket office and detected when deposited in the bank signature attested was J. Michie. No trace of the party who passed it has been discovered.

This issue has a cut of the Toronto Traders Bank building on one side and the lumbering scene on the other, totally different from any other issue of the bank, and as the plates have been destroyed and the issue cancelled, there will be trouble detecting the bills when offered to any one conversant with the facts.

MODERN COMPLICATIONS.

It is pretty hard for a girl to tell whether it is better to be so polite as to pretend that she is not in love when she is or so refined as to pretend she is shocked when she isn't. There is only the too complicated case of the man who won't work at all unless he is praised for it and when he is praised for it, he becomes too chummy to work—Exchange.

Mr. S. L. Gorbun, manager of the Seamen's Institute, returned on Saturday from Toronto, where he spent a week, and a quiet holiday. He has brought with him something like \$500 for the Institute building funds. Mr. Gorbun is looking very fit and ready to take up the fight for the sailors again.

The day was a beautiful one after yesterday's strenuous work in the record-breaking run from Marblehead to Portland. The yacht passed a quiet night off Peaks Island and during the day went off one by one on quiet runs among the islands. The weather continued fine and the New Meadows River was reached early in the afternoon. LOUISE CAPTURES THE CLASS B. RACE

The race started at 3 o'clock and was run over the upper course from the pavilion at Westfield to Belyea's Point and return, a distance of 625 knots. Crowds of spectators lined the vanguard of the pavilion and the shore to witness the thrilling finish.

The new club house and pavilion was taken over by the W. O. A. from the building committee and given in care of the pavilion committee. The following members comprise the committee: Chas. H. McDonald, W. H. C. McKay, William Cameron, Frank Dooley, George Keefe, Herbert Rothwell, Kenneth Allan, Errol Inches, and Fred Crosby.

Arrangements for hiring the pavilion are left with the committee, who have power to act as they decide best. Another enjoyable dance was held Saturday night.

AN INSULTING PRONOUN.

The ritual of society, as women make it, is very exciting the world over, even in almshouses. The London Outlook reports a serious trouble among a set of workhouse officials. The infirmary nurses, three in number, had demanded a separate sitting-room and the delight of Sunday dinner therein, and the matron had sought to humble them by sending the cook to enjoy her Sunday dinner in their company. The brawny cook described what occurred as follows: "Well, Nurse Blank, she come down and got inside the door. 'Four o'clock,' she says. 'Four? What's the fourth?' 'He,' says I. 'You!' she says, and with that she tosses her head and walks away."

Here cook drew a long breath, then continued: "It hadn't 'a' been Sunday, gentlemen, I should have let her have it for calling me 'you'!"
