The exhibition of the St. John City and County Agricultural Society will take place on the society's grounds at Moospath Park on Saturday, Sept. 23. Prizes are to be awarded for exhibits in fourteen classes: Farm and draft horses, carriage horses, thoroughbred horses, special class for horses, Arishshire cattle, Jersey cattle, grades or mixed breeds, sheep, swine, poultry, turkeys, geese and ducks of 1909, produce, butter, fruit.

In St. David's church last evening Rev. Prof. D. J. Fraser delivered an eloquent sermon to a large congregation. Special music rendered by a choir of twenty-four, included the anthem, "The Radiant Morn Has Passed Away," "Consider and Hear Me," and "Hosanna," by Miss Blenda Thompson. Last night was Miss Thompson's last appearance before St. John congregation for some time, as she intends leaving in a few days for New York to take up further studies in voice culture.

Ralph Hayes and Robert Stalling, members of the senior class of Mount Allison University, leave today for Sackville. The first classes of the year will be held at the college today. Robert Thompson of the junior year went back on Saturday. Frank Smith and Roland Smith, who are entering the university, went to Sackville on Thursday. Samuel Pickup and Will Pickup of Granville Ferry, N. S., passed through the city on Saturday to commence their final year at Mount Allison. On Saturday Capt. McWilliam of the football team had his recruits out for their first practice. A large squad of candidates presented themselves, but the quality and the team cannot as yet be determined.

In the supreme court chambers Saturday Fred R. Taylor on behalf of the defendant in the case of Robert Jones and William Jones, doing business as Robert Jones & Co., Jones, Burgess & Sons, Ltd., applied to have the venue changed from St. John to Victoria county on the ground of convenience. Dr. J. P. O'Leary and D. McGillivray, acting for the plaintiffs, opposed the application. The court, after considering the circumstances, dismissed the application. The cross-examination was at times quite severe. At times during the argument all would be speaking at the same time, and it was necessary for the judge to remind the lawyers that he could only hear one at a time.

METHODS NEVER BEFORE ADOPTED

The Intercolonial Ry. and Its Freight Clerks

Commission's Report Will be Carried Out, Says Butler—Calls for New Methods.

In a communication addressed to the St. John and Halifax Railway Freight Clerks' Association, M. J. Butler, deputy minister of railways, assures the clerks that the recommendation of the commission appointed under the Lemieux Act to investigate the conditions of their branch of the service shall be carried out, but that they call for the adoption of methods never before attempted upon any railway.

Commissioner Butler refers particularly to the portion of the report recommending that the clerks be assigned to classes according to their value arranged in like degrees. An expert will have to be appointed to make the classification, says Mr. Butler, but the operation will be attempted soon. When the commission arrived at their finding at Halifax, in October, 1908, they recommended that a wages increase of from 15 per cent. to 20 per cent. be granted when the classification had been made. The assurance now received is that the advances in pay soon to be given will date from October last.

Alex. Gibb, the delegate from the local branch of the Freight Clerks' Association, reached home on Saturday evening from the Dominion Trades and Labor Congress, held at Quebec city, the closing session of which took place on that day. There was no discussion of the freight clerks' grievances on the floors of the congress, but J. G. O'Donoghue, solicitor for the union, who represented the trades organization on the board of arbitration, in the course of his annual report to the congress, drew attention to the fact that notwithstanding frequent promises that the award of the commission would be put into effect, the Department of Railways, although the time limit had some time ago elapsed, had as yet done nothing to that end. Mr. O'Donoghue moved that the Trades and Labor Congress officially do its best to have the minister of railways impress upon the minister of railways the legal propriety of the Dominion government's carrying out the award of the commission appointed by the act of 1906.

Mr. Gibb was appointed a member of the executive for New Brunswick of the Trades and Labor Congress, and James B. Johnson of McAdam and Mr. Smith of Moncton were the other members elected. L. F. Wallace of Moncton, delegate of the C. O. R. machinists, was appointed vice-president for New Brunswick. Besides these gentlemen, F. D. Ayer of Moncton, representing the Typographical Union, was the only New Brunswick man present at the deliberations of the congress.

There were present at the congress, from all parts of Canada, 150 delegates. Representative Jones, Quebec, was the only American at the congress. He represented the American Federation of Labor.

The sessions occupied the week from Monday to Saturday. W. MacKenzie King, minister of labor, spoke at the opening meeting. Little relating to New Brunswick came up for discussion. The U. M. W. trouble and Alesic emigration being the engrossing topics. The social and recreative element of the gathering was provided for by a car ride about the city and river trips to the Isle of Orleans and Montserrat Falls.

Speaking last evening of the situation as regards the Department of Railways, the clerks and the award, Mr. Gibb expressed a belief that the government now meant business, and that the delicate matter of classification would be managed well.

Three hundred members of the city lodges of the Canadian Order of Foresters, headed by the Artillery band, paraded yesterday from the Orange hall, German street, to the Main street Baptist church, where they listened to a sermon, at once eloquent and practical, from one of the order's members, Rev. David Hutchinson.

Yesterday was observed as Children's Day throughout the Presbyterian Church in Canada, the day being appointed by the General Assembly. In St. John Children's Day was observed by a union service at St. John's church. About five hundred of the pupils of the Presbyterian Sunday schools of the city attending the service, which began at three p. m.

Rev. Gideon Swin preached last evening the final sermon of his pastorate in the Waterloo street church, which went of exactly two years' duration yesterday. At the conclusion of his remarks, Rev. Mr. Swin referred to the many pleasant recollections which he was carrying away with him of the congregation of the Waterloo street church and of the work in which they had co-operated with him. Upon his future plans he had not yet finally decided. Three churches had invited him to accept their respective pastorates. Two of these invitations he had declined, but the third he had still under consideration. Rev. Mr. Swin's house has already been rented, and it will not remain much longer in the city.

SIX DAYS MOTOR CYCLE RACE BEGINS IN NEW YORK

The First Ever Held—Slight Accident Before Race Began.

NEW YORK, Sept. 27.—The first six days' motor cycle race ever held in this country or elsewhere began at the Brighton Beach track at 12:01 a. m. today, to continue until 10 p. m. Saturday. Five teams of three men each started, each to ride eight hours out of 24.

The track had dried out thoroughly since the rain of Friday and was in good condition for fast work. The riders believe that they will be able to beat the 24-hour automobile record of 1,177 miles made last year by Roberts over the track.

The first accident to any of the riders occurred shortly after 11 o'clock when the men were taking practice spins. In rounding the turn where the fatal mishap befell the Stearns car race, A. G. Chappell, of the New York Motor Cycle Club team, fell and sustained painful injuries to his left arm and left knee. He was hurried to the hospital tent, where his wounds were dressed.

The New York Motor Cycle Club representative was quickest away and led the Harlem rider at 100 yards at the end of the first mile, which was covered in 1:03.5.

BRIGHTON BEACH, N. Y., Sept. 27.—At 8 o'clock this morning only four teams remained in the six-day motor cycle race which began one minute after midnight this morning on the Brighton Beach Motor Drome track.

Five of the nine teams entered kept the lead at the beginning of the race. The New York team's fastest man, Devin, Erlson and Sullivan, dropped out of the contest. Both their machines had been rendered useless by the buckling of the steel bearings.

From the beginning of the race the New York and Harlem teams led the others by a margin which increased considerably as the contest progressed.

The New York team's fastest man, A. G. Chappell, who had his left arm and knee injured in a spill during practice last night, was the first to cut out the pace and at the end of half an hour, he had covered 23 1/2 miles which was ahead of anything accomplished by any racing car in this track since motor racing was started here a year ago.

The New York team covered 54 1/2 miles in the first hour, breaking the track record and setting a new one. The New York team's fastest man, Devin, Erlson and Sullivan, dropped out of the contest.

The team was penalized three miles for having two men on the track for relieving longer than the time allowed for the purpose. This gave them 51 1/2 miles, just half mile ahead of the Harlem team.

During the second hour Wm. Wray of the New York team was thrown heavily through the fence on the back stretch owing to the breaking of a chain. He was not injured beyond a bad shaking up, but the mishap lost the team fully four miles.

According to the schedule a recess of two hours was taken from 6 to 8 o'clock for the purpose of repairing the track and this is to be repeated each morning while the race lasts.

RUDY KIP AND SIMASSIE IN KEEN CONTEST

Each Win Two Heats in the Free-for-All

Three Thousand People Attend the Opening of the Halifax Exhibition

HALIFAX, Sept. 26.—Nova Scotia's thirteenth annual exhibition was opened on Saturday afternoon by Lieut. Governor Fraser with an attendance of 3,000. When four heats had been finished in the free-for-all on the exhibition track Saturday the race had to be postponed until Monday, as darkness was falling. Simmassie and Rudy Kip waged a battle that had lasted all afternoon. Each had two heats to the opening day's card which drew several thousand people to the grand stand could not be decided.

Three races were on the card, ten heats in all being pulled off. The first trot stake was won by The Surveyor in easy fashion with King Arion taking second money and Frank Power third. In the 240 pace Leonard Wilton won in straight heats after an exciting brush with Tattam in each of them that brought the crowd to its feet every time. Tattam, with three seconds, took second place and Miss Chesley was placed in third position.

It was the free-for-all in which there was a lot of disappointment that the race was not ended.

The entries for Bull Terriers included: Rudy Kip, a bay stallion owned by A. E. Trices of Salisbury, which appeared in the first heat for the first time. Simmassie, which was placed only fourth in the first heat, challenged Rudy Kip, but Boutiller was unable to land the black mare in other than second position.

In the fourth heat, Rudy Kip broke badly after the start and Simmassie took the lead at the half. Coming into the stretch Miss Letha challenged her, but was herself beaten out by Laura Merrill for second place.

Letha a good third, Rudy Kip being again in fourth position.

AIRSHIP FLIGHT OPENS
HUDSON-FULTON WEEK
Balloon Travelled 125 Miles From Pittsfield—Berlin Spectators Disappointed.

PITTSFIELD, Mass., Sept. 26.—The honor of being the first airship to soar over the Hudson River since the opening of the aerial club of New England, was today an early rise from this city at 3:40 a. m., sailed across the border into New York, along the course of the Hudson for some miles and finally came down during the day at Sussex, New Jersey, some 125 miles from Pittsfield, air-line.

BERLIN, Sept. 26.—The opening day of aviation week proved very disappointing. Owing to a lack of organization a start was not made until three hours after the appointed time and of the seven events on today's programme, only the speed competition was begun. Even in this, none of the competitors covered the minimum distance of eight kilometres (about five miles).

The afternoon, however, was productive of one thrilling incident. A Blériot monoplane in which LeBlanc was rounding a corner when it turned a complete somersault.

BROKE MOTOR CYCLE RECORDS AT PASSIAC
PASSIAC, N. J., Sept. 26.—Jake de Rosier, the world's champion, broke today the motor cycle at the Clifford Stadium today. His time was five minutes and 7 1/2 seconds.

Elmer Collins, of Boston, took first honors in the 25-mile motor-paced race, the first of a series to decide the middle distance championship of America.

Menius Bedell, who led up to twelve miles when a puncture forced him out, rode the first ten miles in 13 minutes and 35 seconds, breaking the record for that distance by 11 seconds.

The storm of Saturday prevented any play on the golf links. The annual match, President v. Vice-President, was set for Saturday, but has been postponed until next Saturday. The second round in the Stetson cup match was completed last week.

DOG SHOW OPENS HERE TOMORROW
126 Entries Received and Show Promises to be Big Success.

On Tuesday in the Queen's Rink the N. B. Kennel Club will open a dog show with one hundred and twenty six entries. The show will continue for three days. Many puppies will be exhibited, giving dog fanciers an opportunity to purchase some unusually good stock. This feature will also prove interesting to the children.

Spratts, Limited, of London, England, through their Canadian agents, will look after the feeding of the animals, and with the new style of kennels this canine family should be well cared for.

In the St. Bernard class John H. O'Connor with Sir Wilfrid, is the only entry; J. D. Patterson's Juno has no competitor in the 75-lb. class; and M. B. Harley's Dick is the only Grey Hound; W. S. Allison and Jas. Lettmer have several entries in the Pointers. Among the English Setters, John E. Moore, James MacKellar, Mrs. R. de B. "Glorie," Mrs. R. Smith, John McDonald, John McGrath, Harry Gilbert and many others have entries. Entries for Spaniels are numerous, including dogs owned by H. H. McCallan, J. V. McLellan, Charles Conway, St. Clair McNeil, J. D. McKenna and others.

In the Collies, J. P. Warnock, E. J. Wallace, H. J. Sheehan, Geo. W. Don, Ford, J. Sullivan, Frank Baskin, John Dobbin and others have entries. Jas. Sprout has the only entry in the Field Spaniel. Quite a number of Irish Dogs are included, with entries by McCarthy, H. T. Bailey, Mrs. Stanley Smith, J. C. Purdy and others.

The entries for Bull Terriers include: M. E. Harley, John T. Power, J. V. Allan, H. J. Sheehan, W. S. Allison, Ford, J. Sullivan, Frank Baskin, John Dobbin and others have entries. Jas.
