Also the steamer Aurora and Viking, which have not failed to call at their respective wharves in St. Andrews harbor. SUCCESSFUL SALESMAN.

An interesting competition was carried on in the Maritime Provinces during the year 1904 by the Page Wire Fence Co., Limited. This company offered a prize for the dealer in each of the three provinces who proved the best salesman for Page goods. Alonso Smith, Middle Cove, N. B., who was second, and Messrs. J. T. Barnes, Sussex, and Mr. D. McKay, Allister, Quebec River, who were tie, in New Brunswick; Mr. R. W. Simpson, Bay View, in Prince Edward Island; and Messrs. J. H. Higgs, River Phillip Centre, and E. D. McKay, Baddeck, who were even in their sales in Nova Scotia. The company, whose business last year was greatly increased over that of 1903, is considering the advisability of starting a similar contest again this year.

SAD NEWS FROM MONTANA.

A. Morrison, of M. R. A.'s, Ltd., learns of his Brother's Unexpected Death.

Well Known Here at Home.

A. Morrison, retail superintendent in M. R. A.'s, Ltd., received a telegram yesterday from his brother, Campbell Morrison, of Spokane, Wash., telling of the death of the youngest brother of the family, William B. Morrison, at Lewiston, Montana, Tuesday.

The brief message contained no further particulars, but the sender would he would write fully at once.

The news came as a severe shock to Mr. Morrison and Miss Morrison, as well as other relatives of the deceased in this city, all of whom are anxious to learn the circumstances surrounding the demise. Many friends of the late former citizen will hear with keenest regret of his death.

William B. Morrison was in his thirtieth year. He came home for the west about nineteen years ago, and though of late years he has been engaged with the Lewiston Lumber Co., of Lewiston, Montana, he travelled all over the American west and also journeyed to the Yukon. He succeeded in his new home, and at the time of his death he held a responsible position.

His last letter was received by Mr. Morrison about ten days ago. He was not in ill-health at that time.

Decidedly son of the late William J. Morrison and unmarried. His brothers were A. Morrison, of this city; Jas. H. Morrison, of Amherst, agent of the Canadian Bank of Commerce in that town, and Campbell Morrison, of Spokane. As above stated, an unmarried sister, Miss Margaret Morrison, resides here.

When grown people neglect their ailments and allow them to develop into serious diseases, they have no one to blame but themselves.

With children it is different, because they do not realize the seriousness of a neglected cold nor the means of obtaining cure, and many a child, as he grows up, finds himself a victim of pneumonia, consumption, bronchitis, asthma or throat trouble, cannot but see that his parents were responsible for neglecting treatment when his ailments began in the form of a cold.

Today the schools have many a vacant seat on account of coughs and colds, and many children who are there should be at home. What treatment the parents should give, when their parents realize the seriousness of neglecting to cure a cold? Have they proved the merits of Dr. Chase's Syrup of Linseed and Turpentine as a cure for coughs and colds, when they are whooping cough, and all kindred ills?

Very many have, for there is no preparation for throat and lung diseases has anything like the sale of Dr. Chase's Syrup of Linseed and Turpentine.

Be careful when you buy to see that the portrait and signature of Dr. Chase are on the wrapper. If you send the children to the store, when they want to accept any imitation or substitution. Children like to take Dr. Chase's Syrup of Linseed and Turpentine, and you will find that the cause usually lies in the weakness of your heart.

Unknown persons regard it as tampering and blame the weather, diet, etc. by using

**Dr. Agnew's Heart Cure**  
you can keep your heart healthy. Dizziness, fainting spells, palpitations of the heart, nervousness, headache, all these are the greatest heart-burden the world has ever known. It brings relief in thirty minutes.

Mrs. C. Marshall, Stratford, Ont., writes:—  
"The claims made by Dr. Agnew's Heart Cure have been strikingly fulfilled in my case. I have suffered from heart disease, blood disorders, nervousness and smothering spells. I dreaded to have night come. The first dose of the Heart Cure gave me relief and a few bottles of this wonderful remedy have entirely cured me."

One application of Dr. Agnew's Heart Cure will stop the itching, burning sensation caused by piles—continued treatment will effect a cure.

**AN INQUIRY**

JOHN'S, Nfld., Feb. 15.—The colonial government has been strongly urged by prominent representatives of commercial and industrial interests to institute an inquiry into the fishery relations between the colony and United States, with a view to taking drastic action to prevent American fishermen from enjoying a continuance of the present virtual monopoly of the North Atlantic fisheries, and to secure for the colony privileges equal to those proposed under the Hay-Bond treaty.

MARRIAGE ANNULLED.  
Bridgemoor was 23 Years of Age and the Bride Only 71.

PORTLAND, Me., Feb. 9.—A sensational Bowdoinham marriage of five years ago was annulled today by Judge Strout of the Cumberland supreme court.

The case came up on petition of Mrs. Eliza A. Sedgely, of Bowdoinham, and her daughter and guardian, Mrs. Maria A. Adams. The petition alleges that when the marriage took place Mrs. Sedgely was of unsound mind and that the contract, therefore, was not legal.

The daughter testified that when the marriage occurred the bridegroom was 23 years of age and the bride 71. She had a pleasant home in Bowdoinham, was drawing a pension and was living comfortably.

Richard Sedgely came there to work as a farm hand and after being there a short time he and his employer, whose name was then Mrs. Eliza A. Williams, left town and made a trip to Boston and Chelsea. The wedding took place in Chelsea. They lived together three or four years, a part of the time in her home at Bowdoinham and afterwards in Brunswick.

The daughter testified that Mrs. Sedgely was a smart old lady until a few years before her marriage. She was then taken sick and her mind has been seriously weakened since; that at the time of the marriage she was very susceptible to influence.

Two neighbors testified in the case corroborating the statements of the petitioner.
