

concerns of the University, such as framing Courses of Study and conferring Degrees. The general management of affairs is entrusted to the Board of Regents, which is the supreme governing body of the Ladies' College and the Academy as well. The Board consists of thirty-two members: twenty-four—twelve ministers and twelve laymen—appointed by the General Conference of the Methodist Church, with six representatives of the Alumni Society, and two representatives of the Alumnae Association of the Ladies' College. These various modes of appointment practically ensure a thoroughly representative character for the Governing Board of the University.

In its internal administration the University has always been conducted on strictly non-sectarian principles. While the Methodist population of the Maritime Provinces and Newfoundland is naturally looked to as the chief source of supply of students, a very appreciable percentage of the attendance has uniformly represented other religious denominations.

STUDENTS.—Students may enter the College either as regular Undergraduates having passed the Matriculation Examination, or as special Students who do not look forward to a University Degree. Among the latter are included both those who have passed the required Matriculation Examination but do not expect to pursue the regular course, and those who, without full Matriculation, have given evidence of being able to pursue the selected subjects of study. Such students, upon leaving the College, will be entitled to receive Certificates bearing the College Seal, and specifying the particular branches of study in which they have received instruction and passed satisfactory examinations. In addition, persons not in any way connected with the University may be admitted to a particular course or courses of lectures on approval of the Professor or the Faculty.

COURSES OF STUDY.—The regular courses are: the Arts Course, leading to the degree of Bachelor of Arts; and the Divinity Course, leading to the Degree of Bachelor of Divinity. Honor Courses are provided in Classics, Mathematics, Science, Philosophy, and in English Language and Literature.

ADMISSION OF WOMEN.—Women are received on a perfect equality with men in all Lectures and competition for prizes and
