

Did you ever hear any one say they could not get good coffee except in the States?

I have heard it, scores of times, and it's one of the reasons that made me decide to go into the Coffee business.

Of the Americans who visit us in summer, hundreds take home a supply of Red Rose Tea because they have never tasted such good tea before. I determined to put up a coffee that would make for itself just as good a reputation. It has not been easy, but I am sure I have succeeded.

Estabrooks' Red Rose Coffee, put up in sealed tins is—well, it's good coffee. You and your American friends will say so.

Estabrooks' Coffee for breakfast and Red Rose Tea for other meals.

WHY PEOPLE REFUSE TO COME TO CHRIST

Dr. Torrey Gives Reasons Why
Invitation of Christ is Re-
fused—Large Attendance at
Meetings.

In spite of the weather there was a
large attendance at the meetings in
Queens Park last evening. The mus-
ical service was of the unusual high
order, and the after-meeting was well
attended.

Dr. Torrey preached a powerful ser-
mon based on the text of John v. 40.
"Ye will not come to Me, that ye
might have life."

Those words contained the explana-
tion why any man is lost, he said.

If any man is lost it will be because
he will not come to Christ.

Why Men Will Not Come.

But why will not men come to
Christ? There are many things that
keep them from coming.

1. The first one is sin. I believe
that sin is keeping more men and wo-
men from coming to Christ than al-
most anything else. There are a
great many men in this world who
know their need of a Saviour, who
long for a Saviour, who have a deep
desire to take the Lord Jesus Christ,
but they know if they come to Him
they must leave the sins behind.

2. The love of money keeps many
men from coming to Christ. Many a
man knows that if he came to Christ
he would lose money by it. There
are things in his business that would
need to be given up. But he is not
willing to sacrifice the profits he gets
in crooked ways. He is deliberately
choosing a larger income and eternal
life instead of Jesus Christ and eternal
life. How many a young fellow
has come to me and when I have
urged him to come to Christ he has
said, "I believe it is a good thing, but
I should have to give up my situation
if I did." Two young ladies said to
Mrs. Torrey at one of our services in
Australia, when they seemed to be
very near decision, "We cannot come
to Christ. We are employed in a
large shop, and our employer requires
us to misrepresent the goods."

3. Love of pleasure is keeping
many a man and woman from coming
to Christ. How many men and young
women there are in St. John who
know they need Christ, but they are
too fond of the pleasures of the
world to come to Christ. They will
give up this or that pleasure—the
dance or the card party or the theatre,
I can never do it, they say, and they
are choosing the dance or card party
or theatre or some other form of
worldly amusement and death instead
of Jesus Christ and eternal life.

4.—The fear of man is keeping many
a man and woman in St. John from
coming to Christ and obtaining eternal
life. Many there are who when the
invitation is given would like to
stand up, but they say if I should do
it my friends in business or society
would hear about it, and what would
they say? You reject your seat and
you reject Jesus Christ for fear of
what they would say. In Proverbs
XXIX. 25, we read: "The fear of man
bringeth a snare." It is bringing a
snare that is leading many a man
that leads to eternal ruin instead of
to Jesus Christ and eternal life.

5.—An unforgiving spirit is another
thing that is keeping men and wo-
men from coming to Jesus Christ. They
know that they cannot come, and
bring a heart full of hate, and so they
choose bitterness and hatred and
death instead of Christ and eternal
life.

6. Self-will stands between many a
person and Christ and eternal life.
There are a great many people in
this world who are not willing to
surrender their wills to anybody, not
even to God. They are bound to have
their own way. A woman told me on
Friday night. She said, "I cannot give
my will up to anybody. What foolish-
ness! Who is this God to whom we
ask you to surrender your will? God
is love. Is it not wisdom to surren-
der your will to infinite love and wis-
dom? Oh, the folly of those who will
not surrender their wills to God and
his love."

Pride also keeps people away.
Pride operates in another way. Oh,
pride by the help of God I could tear
these awful scales from your eyes.
Pride makes people set themselves
up as being better than others. They
are asked to do, "I am not coming,"
they say, "to the meeting," or "I am
not going to the front seats," or "I am
not going to the inquiry room. A per-
son can be saved without that," and
can, beyond a doubt, but if you make
it a point that you won't do something
of that kind, you won't be saved un-
til you do.

60 TREES PLANTED IN CITY STREETS

Arboricultural Society Take
Advantage of Fine Weather
—Col. Jones Tells of Healthy
Influence of Trees.

The Arboricultural Society has been
taking advantage of the fine weather
recently to plant trees in different sec-
tions of the city. About 60 trees have
been planted so far, and a number of
others will be planted on King
Square.

The association has planted trees
around the square at the foot of In-
dian street, the square at the foot of
Garden street, and on Waterloo,
Wall, Coburg and Duke streets. Ow-
ing to the inability of the association
to secure iron guards this fall, the
trees already planted have been pro-
tected by wooden guards, but it is
the intention of the association to
place iron guards around all trees
planted in the future.

Col. Geo. West Jones, president of
the society, last evening was asked
about the tree planting.

"It's going along fine," he said.

"The only thing that bothers me is
that it is going to take some time for
the trees to grow. What we want
is a society to encourage tree grow-
ing."

Importance Of Tree Growing.

"We are just beginning to realize
the importance of trees. Not long ago
the New York County Medical Society
adopted a resolution to the effect
that one of the most effective
means for mitigating the intense heat
of summer, and diminishing the death
rate among children was the cultiva-
tion of an adequate number of trees
in the streets. The sanitary value of
trees is further illustrated by the fact
that the act of the New York legisla-
ture giving the Park Commission con-
trol of the street trees was drawn
up by a physician and a member of
the Board of Health."

"The large percentage of ozone,"
continued the Colonel, "in forest air,
and the scarcity of it in the treeless
streets, where crowded dwellings
abound, demonstrates that this tonic
and recuperative element of the air
is due to the presence of trees, and
the lack of it to their absence. Streets
well planted with trees invite the
out-of-door life, and the out-of-door
life is the only life worth living. It
greets the grim spectre of tuber-
culosis, now so serious a menace
to every individual in our city."

WEDDINGS.

Waddell-Pattison.

A very pretty wedding was solemnized
yesterday afternoon at three o'clock
at the home of the bride's par-
ents, Mr. and Mrs. Richard Pattison,
Forest street, when their eldest daugh-
ter, Miss Laura Mary, was united in
marriage to Roy St. Clair Waddell,
proprietor of The Willows hotel, on
Duke street. The bride was accom-
panied by her father and brother, and
deacon Raymond officiated. The bride
was given away by her father and
was attired in a travelling suit of
blue, with a hat to match, and carried
a bridal bouquet of cream roses. She
was attended by her sister, Grace,
while Eugene Waddell, brother of the
groom, acted as groomsmen. The wed-
ding feast was given at Mrs. W.
Fred. Smith. Only relatives and im-
mediate friends were present at the
ceremony. After a dainty repast the
bride and groom left in an automobile
for their home at The Willows, where
a reception was held in their honor
last evening. Both are popular and
many beautiful wedding gifts testify
to the esteem in which they are held.

Keating-Wilson.

A very pretty wedding took place
in St. Peter's church yesterday morn-
ing at 10 o'clock mass, Rev. A. J.
Duke, C.S.B., officiating in marriage.
Charles Keating of Randolph, to Miss
Ella Wilson of Millidge Avenue. The
bride was attended by her sister, Miss
Bessie Wilson, and given away by Tim-
othy Coleman. The bride wore a beau-
tiful dress of old rose silk, with lace
trimmings and hat to match. The
bridesmaid wore a pale blue silk dress
and carried a bouquet of white roses.
The bride received many beautiful presents of
glass and silverware. A reception was
held at the home of the bride last
evening.

Harding-Miller.

The wedding of Charles Edward
Harding of West St. John, to Miss
Viney E. Miller, also of Carleton,
took place yesterday morning at the
home of Rev. David Hutchinson, 41
Douglas avenue. The bride and bride-
groom were attended. They will
reside in Carleton.

Belyea-Robinson.

St. Stephen, Nov. 16.—A clergyman
came from Maine today and carried
away a fair bride from the border
town. The clergyman was Rev. Sam-
uel B. Belyea, pastor of the Baptist
church at East Machias, and his bride
was Miss Jeannette Robinson, young-
est daughter of Mrs. J. B. Robinson
and sister of Mrs. W. G. Gaudet.
The ceremony was performed by Rev.
W. C. Gaudet at the bride's home
at 5 o'clock this afternoon in the
presence of a large assembly of re-
latives and friends. The drawing
rooms were beautifully adorned with
roses and carnations, embedded in
smiles and tears. The bride and
groom were attended. The bride
was very lovely in a dainty gown
of white embroidered chiffon and she
carried a bouquet of bride's roses. She
was given in marriage by her brother,
Edgar M. Robinson, of New York city.
After the ceremony congratulations
were extended and the wedding sup-
per enjoyed.

Later Mrs. Belyea donned a travel-
ling costume of navy blue with hat
to match and the happy couple drove to
Calais departing on the Washington
county evening express for a visit to
Boston, New York and other cities.
A large number of friends accom-
panied them to the depot and extend-
ed further congratulations.

The bride has been a valued work-
er in the Union Street Baptist church
and the esteem in which she is held
by all classes was manifested in the
large and varied variety of the presents re-
ceived.

Rev. Mr. Belyea is a native of New
Brunswick, but has held pastorates in
Maine for several years.

Portland, Maine, Nov. 15.—In a
handicap match tonight, Dr. Stanis-
laus Zhyzsko, the Polish wrestler, fail-
ed to throw Frank Lemm, of St. John,
land, twice in 45 minutes. He did not
gain a fall, and the match was award-
ed to Lemm.

PRESBYTERY COMMITTEE VISIT ST. ANDREWS

Series of Conferences to be
Held With City Churches
With Object of Aiding Pro-
gress of Work.

The committee of the Presbytery of
St. John appointed to visit the church-
es in the city, paid a visit to St.
Andrew's church last evening, and
held a conference with the church el-
ders and board of management as to
the progress being made in the
schemes of the church. There was a
fair representation of the members of
the church.

Rev. H. R. Read, of the Carleton
Presbyterian church, presided, and
the members of the committee were
Rev. D. MacOdrum of Moncton, Rev.
J. H. A. Anderson, Rev. L. A. Mc-
Lean, Rev. Gordon Dickie, of this
city and elders T. H. Somerville and
Thomas Graham. Devotional exer-
cises were conducted by Rev. H. Read
and Rev. Mr. MacOdrum. The con-
ference followed which was partici-
pated in by all present.

Fairville church will be visited to-
night. On Tuesday evening the com-
mittee visited the Carleton Presby-
terian church.

CENTENARIAN IS IS CANOE BUILDER

Continued from Page 1.

As his picture indicates, Mr. Camp-
bell looks younger than some men at
60. His movements are not at all fal-
tering or feeble, but active, vigorous
and decisive. He is in possession of all
his faculties. His mind is alert, his
eye bright and sparkling. His sight
is like a boy. He reads the finest print
without glasses. His hearing shows no
defects.

Born in P. E. Island.

He was born at Lot 16, Grand River,
Prince Edward Island, March 4th, 1850.
He is now the only surviving one of
one of a family of eight boys. His par-
ents died when he was quite young,
the youngest only six weeks old. He
is now the only surviving one.

Mr. Campbell's ordinary walking
gait when not rushed is a mile in 20
minutes. He can easily walk a distance
of 6 miles without being tired.

When Mr. Campbell first came to
Fords Mills there were no roads
from Mill Creek to Bass River. All
went in canoes on the river.

When asked why he thought had
most to do with causing his long life,
he said he really didn't know. He al-
ways took things as they came, rough
or smooth. He has never taken any
special care of himself and had work-
ed hard all his life. Only twice in
his long life has he been sick and
each time the doctor attended him
and thought he would not recover.

The centenarian remembers the
Miramichi fire of 1825. He was a young
ferryman at the time and remembers
the smoke rising so thick he had to
keep blowing the horn as people could
not see his boat.

He is fond of music and can sing a
song very well. Though over 60 years
old he regularly shaves himself, and
with no new fashioned safety razor at
that.

In religion, Mr. Campbell is a Pres-
byterian, and is quite decided that is
the best church.

Eschews Tobacco.

When asked if he had used any par-
ticular kind of food more than others
he replied, "Nothing particularly. Ev-
erything that came my way."

He has always used tea, but never
tobacco.

He went only three months to school.
His teacher was Henry Dewire. He
says children had a lot tougher time
then than they have now.

He was married to Miss Esther Mc-
Kenzie, who died some years ago. He
has no children.

Mr. Campbell does not take much
stock in the increased cost of living.
The cost might be increased to the
non-producers, but he insists that his
experience the difference, and the
producers is more apparent than real.
"Usually if the articles you buy are
higher, labor and the things you sell
are also of more value, and things gener-
ally even up," he said.

Certainly the present time is not
the worst in his experience. He re-
members when he paid \$16 for a bar-
rel of flour. Sugar, tea and other ne-
cessaries were equally high, and at the
time 50 cents was a day's pay for
a laboring man.

Mr. Campbell was in St. John four
years ago and attended the exhibition
there. His first visit to Moncton was
when the I. C. R. was first started. At
that time there were only a few houses
in Richibucto.

Water Conference.

The city's system of water supply
and fire protection will be the sub-
ject of discussion at a joint meeting
of committees from the Water and
Sewerage Board, the Board of Fire Un-
derwriters and the Board of Trade
this afternoon at 3 o'clock. The
Board of Trade representatives,
Messrs. W. H. Thorne and W. H.
Barnaby, recently took a trip to Loch
Lomond to inspect the work there
and Messrs. Peter Clinch and H. B.
Robinson, representing the insurance
men, took part in the recent inspec-
tion of water pressures in the city.
As the result of these investigations
neither party was satisfied, and it is
likely, chairman of the Water and
Sewerage Board, admitted that
he was puzzled by some of the dis-
coveries made. The whole situation
will be considered. It is expected
that some active steps towards put-
ting the service on a more satisfac-
tory basis will be urged.

Scow Stranded.

A scow loaded with soft coal was
stranded in the Market Slip yester-
day morning. It had been loaded by
the Dominion Coal Company from the
steamer Dominion at North wharf, and
was to sink. It was towed into the
slip and grounded to save it and will
be emptied at low tide.

First Bank In District.

The Bank of British North America
yesterday opened a branch on Hay-
market Square. It will be a sub-
branch of the branch at the corner of
Union and Sydney streets, and for
the present is in charge of Court-
land Robinson.
