Annual Rally Day Service

Large Attendance at Portland Methodist Sunday School Sunday — Diploma Presented to Graduates of Teachers' Training Class.

Sunday afternoon the Portland Methodist Sunday School held its annual rally day service, when diplomas were presented to the graduates of the teachers' training class by Mayor Hayes, addresses were delivered by the Rev. H. A. Goodwin, of the Centenary Methodist, and the Rev. Neil McLaughlin, pastor of the church. The training class were: Misses Muriel Fanjoy, Margaret Morrow, Laura P. Joy, Rose Rowlett, Mollie Lingley, Lilian Maxwell, Dana Corbett, Kathleen Elizard, Anna Alley, Edith Brown, Lilian Bromfield, Olive Scott, Mrs. Fred Snider, and Stanley Loring.

Members of the advanced primary class were put through a short Bible exercise by their teacher, Miss Carrie McIntyre, after which Bibles were presented to each member by the Rev. H. A. Goodwin.

Superintendent Samuel A. Kirk presided at the exercises, and was assisted by A. C. Powers. The youth ladies of the Friendly Bible Class and the young men of the Knights of the Round Table assisted the choir in the singing.

The Portland Methodist Sunday School was organized in 1828. Sunday there were 417 pupils present and the total enrollment is much larger, the last report, including officers and teachers, being 802.

Last night the congregation started a week of special services, with the pastor, the Rev. Neil McLaughlin, officiating.

HARVEST FESTIVAL

The Harvest Festival was celebrated on Sunday at St. John's (Stone) Church, the pastor, Rev. G. A. Richards, preaching at both services. The church was finely decorated with fruits and wheat, and there was a large congregation present both morning and evening. Special Harvest music was given by the choir under the direction of Dr. Arnold Fox.

Water Main Break In Brussels Street

Trouble Locating Break in Fifteen Inch Main Which Occurred Early Saturday Morning—Pipe Was Forty-Three Years Old.

A break in a fifteen inch water main in Brussels street near the corner of Hanover street was repaired yesterday afternoon, and the water pressure was soon normal again. Men of the Water and Sewerage Department were busy from 2.30 Saturday morning till yesterday trying to locate the leak, but when they found it they were not long stopping it. The break was in a small section of pipe which is 43 years old. This section was taken out and a new pipe put in its place.

Commissioner Jones stated last night that the pipe had evidently been leaking for some time, but the break which caused a notable reduction of the water pressure occurred in the small hours of Saturday morning. As soon as the pressure was noticed falling off the men of the Water Department were turned out and began a systematic search to locate the leak. They finally discovered it when they opened the manhole of a sewer leading to the March Creek. Water was pouring through the sewer like a mill race, and it was not difficult then to figure out the location of the leak.

Commissioner Jones was on the job most of Saturday and Sunday nights and Mr. Kirby, District Engineer, of the C. P. R., who has a considerable knowledge of hydraulics, placed his services at the disposal of the department.

While the men were searching for the leak some of the higher levels were without water, and there was considerable uneasiness among the citizens. After the leak was located and repair work started the water had to be shut off half a dozen houses on Brussels street, but a hydrant was opened for their benefit.

Asked last evening if the accident would cause a general overhaul of the water service, Commissioner Jones said there was no reason for such a procedure. Apart from the section where the break occurred the feed mains were in good condition, and he did not expect any more trouble of the same kind.

Basketball Boom At The Y. M. C. A.

Opening Game Tomorrow Evening Between Old Senior Team and the New Squad—Preliminary Game at 7.30.

The opening basketball game of the season that is scheduled to be played on the "Y" floor tomorrow evening at 7.30 (daylight time) between the "Old Senior" team and the "New" squad is creating a lot of interest among the supporters of the game, and a lively contest is looked for, and a good attendance of friends interested in basketball is expected.

Frank Thorne, who is heading up the "Old" Seniors announces he has a strong team ready and sure to give a good account of themselves. The only thing they may lack is condition. The team will be chosen from the following players: R. Willett, W. Latham, W. Treat, L. Burton, W. Duncan, L. Ryan, M. Latham and Frank Thorne.

The team to oppose them will be chosen from the following list of players, all of whom are expected out on Wednesday for the game: M. Nixon, C. Seely, J. Miles, J. Hobbler, M. White, E. Ketchum, E. Willis, H. Clark, H. Crowley, J. Copp and any others not mentioned, with these boys working together they are sure to make a lively game of it.

The preliminary game at 7.30 will be between a team representing Junior B school boys of last year and the Junior employed boys. This also ought to be a close game, and both the school and employed are getting out their strongest teams.

House League

The house leagues that are being formed in the intermediate and senior classes are filling up, and it is expected by the basketball committee to have both lists ready to be divided into teams by Wednesday, 22nd.

Business Men's Volleyball

The new Volleyball League that was started last week in the Business Men's Class of the Y. M. C. A. is proving very interesting. The games are played each class night, and the individual score recorded. The Saturday afternoon games are expected to get under way during the next couple of weeks, and some great games are assured for those interested in this line of sport.

UNITED SERVICE HELD YESTERDAY

Rev. Henry Penna Preached at Thanksgiving Service of Methodists Held in Queen Square Church.

There was a large attendance at the United Thanksgiving Service of Methodists held in the Queen Square Church on Monday morning. Rev. Henry Penna was the preacher, and his sermon was much appreciated by the large congregation. He took his text from the first book of Kings, iv. 2, and his leading thought was that the blessing for which we have to be thankful must be developed from a careful use of what we possess. He illustrated his thought by the parable of the loaves and the fishes.

MAGAZINES STOPPED

Local Unions in New York City Demand 32 1-2 Hour Week.

A quarrel between certain local unions and their international unions has closed every magazine printing establishment in New York City. Some of the local unions have retained their membership in their international union, while the pressmen, readers and paper handlers local unions have seceded and struck. These local unions demand that a 32 1-2 to 44-hour week and an increase of \$14 per week with double and triple pay for overtime take effect immediately. The international unions contend that the men should return to work and the entire matter be left to arbitration.

The publishers of the magazines, meanwhile must suspend publication until the unions fight out their differences. This means that Collier's Weekly, McClure's Pictorial Review, Cosmopolitan, Hearst's Magazine, Harper's Bazaar, Good Housekeeping, Harper's Magazine, Metropolitan, Scribner's Magazine, Century, Munsey's, Popular, Delmonico, Everybody's, McCall's, Popular Science Monthly, Vogue, Vanity Fair, Motion Picture Magazine and 152 others as well as many of the largest trade papers in the country will not appear on time, as usual.

Some publishers are making plans to remove their plants from New York City to other places and many Western cities are bidding vigorously to induce these publishers to consider their particular localities. Three very large publications have already completed plans for removal and their printing machinery and paper supply is now being shipped to Chicago.

The many friends of Mrs. John Mac-

chester are pleased to know that she is much improved since her rather sudden illness of last week.

A calligrapher has recently been received from India announcing the marriage of Miss Elizabeth E. Gaudin to Mr. Tasker. The bride is a native of this place and has been for some years a missionary of the U. S. W. M. U. The groom is a prominent business man whom she met in Darjeeling.

ONLY ANOTHER REPORT.

A report was in circulation yesterday that the Sugar Refinery had discharged some of the men implicated in the recent strike, and that no trouble was imminent. Enquiry developed the information that owing to the breakdown of one of the turbines in the big plant some twenty men had been laid off. It was said that this management and the men were working in harmony, and that there was no foundation for the rumor of the possibility of another strike.

SCOTCH TWEEDS

From the Land of the Heather WHEN we say that these are genuine Scotch Tweeds—imported by Fit-Reform directly from Scotland—haven't we said all that can be said about the sturdiest and—to many men—the most likable Suits and Overcoats that can be made?

And these new Tweeds have gained added charm from being shaped into Suits and Overcoats by the master hands of the Fit-Reform tailors.

If you have a preference for Tweeds, either in suits or Overcoats, let us show you the novelties to be imported in genuine Scotch Tweeds.
