## STORMY WEATHER HARD ON BABY

The stormy, misty weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They often continue to overheat, badly ventilated rooms and catch colds which rack their whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will not fall to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Faint And Dizzy Spells

Weakness and Shortness of Breath.

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, weakness, sinking, all-gone feeling, choking sensation etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness. No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weak knees, shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## St. Stephen

St. Stephen, Feb. 6.—The Graduation Exercises of the Class of 1920 of the Chippman Memorial Hospital, which were held in the Council Chambers on Thursday evening last, were well attended and most interesting. There was a class of nine graduates, the Misses Hazel Shaw Fowler, Lillian May Phillips, Annie Marie Kirkpatrick, Mary Estelle Murphy, Edith Pearl Lawrence, Mabel, Annie Sharp, Dorothy Drew Burdett, Jennie Clarendon Gumball and Coral Emma Sharp. These young ladies have gone through the splendid course of training given them in the Chippman Memorial Hospital, under the efficient directorship of Miss Branscombe and have successfully passed all examinations. Mr. John F. Clark acted as chairman for the evening and spoke most interestingly of the splendid work done by the hospital. Very delightful vocal solos were rendered by Miss Phyllis Vanstone and Miss Maida Babin, most enjoyable piano solo by Miss Elva Nelson. Dr. Charles G. Main addressed the nurses and gave a very interesting account of the work in the hospital and gave some splendid advice to the graduating nurses. Mr. J. T. Whitlock gave a short account of the financial situation at the hospital and spoke of the improvements undertaken during last year and those hoped for this year. He also presented the diploma to the nurses and at the same time presented each one with a box candy. Some of the nurses and clergymen present were called upon to give a few words of advice to the graduates and the exercises were brought to a close with the singing of the National Anthem. Ice cream and cake were then served to all present, and a social hour spent.

Dr. Williams' Pink Pills Actually Make New Red Blood and In This Way Restore Health to Weak, Despondent Sufferers.

In the days when medical science was not as far advanced as it is today, it was the fashion to speak of a tonic for the stomach or a tonic for the nerves. This implied a remedy that went directly to these portions of the human system and supplied them with the elements that they lacked.

Today it is known that there is no such tonic. It is possible to swallow a drug that will stimulate the stomach and create a desire for food, but a stimulant is not a tonic and an appetite so stimulated is not a healthy one. It is possible to take a drug that will stimulate the nerves so that work can be done almost beyond the strength of the body. But the inevitable result of such practice is collapse. The stomach or the nerves can only be toned up through the blood.

The blood can be enriched by treatment that increases the number of red corpuscles and when this is done the whole body benefits. A tonic for the blood is therefore a tonic for every part of the body. That is the reason why building up the blood with Dr. Williams' Pink Pills increases the appetite, aids digestion, quiets and strengthens the nerves and gives new ambition to tired, bloodless men and women. Read the statements from people who have been helped and learn what this system building tonic will do for you.

## A NERVOUS WRECK

Mrs. Peters, Florence, Ont., says:—"About a year ago I was almost a nervous wreck. I suffered day and night and the least noise would startle me and set my heart jumping. As a result of the trouble I slept poorly, my appetite was bad, and I fell off in weight; and it was only with the greatest difficulty I could do my household work. I was doctoring myself constantly but I was not getting any better. I was a trained nurse came to see me and strongly urged me to give Dr. Williams' Pink Pills a trial. I was somewhat loath to believe that they could help me after doctor's medicine had failed but I finally decided to try them. The result was that through their use I was able to get on my feet and by the time I had taken a couple of boxes I found an improvement in my condition, and a further use of the pills restored me to my old time health. You are at liberty to use what I have said in the hope that it may benefit some other sufferer."

One of the most severe forms of nervous trouble is neuralgia; the pain at times is almost unendurable, and the subject is an object of pity. It is usually that neuralgia is merely the cry of starved nerves for a better supply of pure, rich blood, for when the blood is enriched the trouble disappears. Proof of this is offered in the case of Mrs. Wm. Harris, R. R. No. 2, Milton, Ont., who says:—"I had suffered terribly from neuralgia, and sometimes the pain was so bad that I was unable to attend to my household duties. I was taking medicine from a doctor but it did not help me, my husband urged me to try Dr. Williams' Pink Pills. Finally I decided to try them and by the time I had taken a couple of boxes I found an improvement in my condition, and a further use of the pills restored me to my old time health. You are at liberty to use what I have said in the hope that it may benefit some other sufferer."

Dr. Williams' Pink Pills are a blood builder and nerve tonic. The rich, red blood that they make not only carries color to the cheeks and lips and gives vigor to the exhausted nerves and quiets the pains of neuralgia and ectasia. Dr. Williams' Pink Pills contain no opiates nor harmful drugs; they restore health and strength but do not give temporary stimulation.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50c. a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
