Loggieville

Loggieville, Mar. 15.—The continuation of storms which we have had for the past month has brought a great quantity of snow to us. The drifts are particularly hard owing to yesterday's heavy wind.

There is still much sickness in town. The Doctor who has recently recovered from an illness, has been greatly taxed during the past week.

Much sympathy is felt for the relatives of the late Charles Forest, whose death occurred here last week.

MR. OR MRS. DYSPEPTIC

Get rid of Indigestion and Stomach Worries with "Pape's Diapepsin"

"Really does" put weak, disordered stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation—that just makes Pape's Diapepsin the largest selling stomach antacid and regulator in the world. If when you eat ferments and turns sour, you belch gas and eructate undigested food or water; head is dizzy and aches; breath foul; tongue coated, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness. A box of Pape's Diapepsin tablets costs so little at drug stores too, see in your own home.

Annual Report Was Presented

Commissioner of Safety Wants More Traffic Police, Central Fire Station, New Building By-Law—Additional Fire Apparatus to be Purchased.

More traffic cops, a new central fire station, a new building by-law, and a new municipal building to house all city, county and provincial offices, are among the matters reported by the Commissioner of Safety in his annual report. He says in part:

Owing to the rapidly increasing use of autos and motor trucks, it would appear that more traffic men are required at the more congested thoroughfares, but owing to the limited number of men available this would be impossible without additional expense to the taxpayer.

The many obstacles which are encountered in my term of office have been overcome, and I now consider the force in fairly good condition. The wages now paid seem satisfactory to the men, and compare favorably with the wages paid in other cities.

The total revenue amounted to \$11,763.84, being the largest ever received from the market, and after paying all expenses and providing \$5,854.31 for interest and sinking fund, there was an unexpended balance of \$5,909.53.

A considerable amount of repairs, which were badly needed, were made to the building; the entrances to the rooms over the stores on Charlotte Street were cleaned and painted and the window sashes, doors and racks in the market were painted at a cost of \$1,923.68.

During the past year a considerable amount of repair work was done on the different fire stations, and there remains other work to be done before they can be considered in first-class condition.

Reference has been made in my last report that this department is very much in need of new central fire station, and I am convinced that the most suitable location for this station is at the corner of Carmarthen and King Street East, upon the property of the city now occupied by the Public Works Department as a stable and storehouse.

The question of motorizing the department will require very careful consideration, and retention of horses is advisable.

The council have expressed their approval of the purchase of an aerial truck and a combination chemical hose and pumping engine, and if nothing unforeseen occurs the order for these two pieces of motor apparatus will be placed at an early date.

It is the intention of the city to carry on the work in the present City Hall for any great length of time, it will be necessary to install an elevator. The heating system in the building will also require a general overhauling.

This building does not afford sufficient space for the various departments, and I am convinced that the most desirable solution is the erecting of a Municipal Building that would accommodate all civic departments, as well as the county and provincial government officials, and also provide for a community hall, which is very necessary at the present time.

A considerable amount of repairs has been done on the City Hall, West Side, but the chimneys and the roof of this building are in bad shape and will have to be repaired as soon as the weather permits.

Mr. and Mrs. Alfred Beattie of Rexton, are receiving congratulations on the arrival of a little son in their home recently.

Rev. G. S. Gardner of Rexton, visited friends in Main River on Friday. William Ferguson and Edward McAnlay of Main River, spent Friday in Rexton.

Miss Margaret Beach of Main River, has gone to Dorchester, where she will teach.

Mrs. John Corvidon of Portland, Me., and Miss Kate Donahue of Boston, Mass., who have been visiting at their former home in Rexton, have returned to their respective homes in the United States.

Miss Annie McMichael returned Tuesday from a visit to relatives in Boston and vicinity.

Miss Lizzie Clarke spent a few days in Moncton recently.

A number of Rexton people attended the carnival in Richibucto Monday evening.

Mrs. A. B. Carson and Miss Emma Short spent Wednesday in Richibucto, the guests of Mrs. B. Brown.

John Ferguson of Tatamagouche, N. S., who has been visiting his brother, H. M. Ferguson, J. F., in Rexton, has returned home.

Moody DeMille has returned from Sussex, where he has been attending to the funeral of his brother-in-law.

Mrs. Samuel Girvan of East Galloway, is visiting relatives in Amherst and Halifax.

The Rexton Agricultural Society will have a meeting on Saturday afternoon. Many members were present and much practical business was done. The society has decided to hold an exhibition here next autumn.

William Cox of Sussex, was in town during the week.

The many friends of J. H. Irving of Bouchouche, are pleased to hear that he is recovering from recent illness.

The Resignations of Former Ministers

Ottawa, Ont., Mar. 15.—Sir George Foster said he wished to reply to the question which Hon. Mackenzie King had asked on Friday regarding the resignations of Cabinet Ministers since the last session of Parliament in order to answer this question, he proposed to lay on the table the correspondence between the Prime Minister and the Ministers in question, Hon. S. C. Mewburn and A. K. MacLean. Sir George Foster accompanied this with the statement that the resignations had not been the result of any differences with the policy or policies of the government. The letters of resignations of these Ministers will be printed in Hansard, the House having agreed to this course.

Judges Travel Under Guard

Beifort, Mar. 15.—Judges Dodd and Gibson, in going to the Queen's assizes at Lifford Court House today, were escorted by police armed with carbines and revolvers. Soldiers also lined the streets. The judges' horses are guarded night and day by the military.

Judge Dodd, in opening the assizes, said that his heart bled for the police to whose courage he paid tribute.

Knew His Place "Did you order ham and eggs?" asked the head waiter. "Certainly not I humbly requested them."

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, that you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night, when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Delegation Waited On Common Council

Property Owners Yesterday Objected to Proposed Abutters' Tax and Gave Their Reasons—Want City to Proceed With Paving Programme.

A delegation of 50 or so property owners on Brussels Street, City Road, and Douglas Avenue waited on the City Commissioners yesterday, and lobbied against the proposed abutters' tax, but demanded that the City proceed with its paving programme. Their argument was that the streets in question were general thoroughfares used by the general public more than the abutters, and that small property owners would be burdened. The Commissioners, however, took no action one way or another on the demands made upon them.

Angus McDonald, who represented the Bishop as well as other property owners, wanted to know whether the paving work proceeded with at general expense. The City had already paved miles of street at general expense, and City Road, Brussels Street, Main Street, and Douglas Avenue were through traffic streets.

Blanchard Fowler spoke to the same effect.

R. P. Hamm said it was too bad large delegations had to waste time opposing what he regarded as a bluff anyway. If they did not get the pavement on Douglas Ave., Brussels St. and City Road, those thoroughfares would be mud puddles. The Mayor should let them know if the city would pave the streets at general expense.

Edward Parson said that if streets were paved, then cost of maintenance would be less. It was therefore a benefit to the city to pave the streets.

The Mayor said if he did not feel that his course was correct, he would not have antagonized so many friends. His proposed bill had been turned down by the Council but seventeen men proposed to introduce an abutters' tax bill before the Legislature. He was in favor of doing the paving work this summer, but along with the abutters he thought the automobile owners should pay a special tax. St. John was putting everything in general assessment, which was wrong and calculated to keep business away from the city.

Other cities in the province had improvements; Halifax, 21 older city than St. John with small property owners, taxed abutters 50 per cent.

Mr. Hamm said that in Halifax the street railway was through the tracks and for 18 inches on either side.

That was different.

Angus McDonald demanded that the terms be opened.

Edward Walsh said the Commission were like a lot of school boys.

Mayor:—"We won't be threatened."

Mr. McGowan said the abutter had no more right to pay for paving a street than a farmer has to pay for a railway running through his farm. He did not think they should hold up Halifax and Winnipeg as ideal cities—they should talk of some cities where the Commission to vote of government, which was appropriate.

After some further discussion the delegation withdrew and the matter was dropped.

Nature's Healing Herbs for Headache
A BLOOD FOOD
PRACTICALLY all headaches (some from two causes—Biliousness and Nervousness. Biliousness means upset stomach, and constipation—with severe throbbing pain all over the head. Nervous headaches mean that the nerves are exhausted and need rest and food.)

Dr. Wilson's HERBINE BITTERS
Insure quick and lasting relief from these headaches. The simple old-fashioned herbs in this Bitters purify the blood, and build up the whole system. At the same time, they soothe and get rid of your headaches.
