

# IS IN FIGHTING ROUT BUT AN RETREAT

Telegraph and Montreal Gazette.  
H. FERRIS.

13-The ever fainter boom of big guns tells me in the most emphatic language that the Kaiser's armies in France are in a fighting retreat. Many guns and large quantities of shells are being abandoned.

14-For six days, the rejoicing which fills the air is called premature. On the other hand, it is called premature because it is too soon to say that the German retreat is a permanent one. It is only a temporary retreat, and it is only a temporary retreat because the German retreat is only a temporary retreat.

Many handsome wedding gifts were received by the bride, including a silver service, a diamond ring, and a beautiful gown. The ceremony was attended by a large number of guests, and the reception was held at the home of the bride's parents.
