great number of troops to invest their post-

it is not very probable that they laid up large stores for this year; a besides this, the fall of the south side must have considerably shaken their storely and may ale is an indispensible condition for the garrison of an invested place. The Highland Division at Kanara has received an addition in the 92nd regiment, which came inp they day before yesterday from Balaklava. They are mentioned as one of the English Division which is going to take part in the field, operations. In the meantime they are busy drilling twice a day. The Turkis are since the fall of Substopol more than over uncertain about their fate.—The Angle-Tarkish Condition on which was to have come up, has received counter orders; and they seem to be quite forgotten.

orders; and they seem to be quite forgetten. Now that active field operations will be resumed. Eupatoria will have again considerable importance, as commanding the line of last news, sailed on a secret expedition from retreat of the Russians, and the Turks, who Sebastopel, anchored off Odessa on the Sth have been utterly useless there have been day of October. Prince Gortschakoff re-

There is still the same uncertainty about the future field operations. It has been indeed since the last few days considerably incrossed by the state of the weather and the roads. This time last year both were favothis voor the equ nor has brought us rain, wind, fog and mud. There is however, the probability that we shall yot have four or five weeks available which is quite enough, considering the limited space in which field operations in the Crimes can take place. That the idea of fold operations is by no means given up may be interred from the circumstances that the French troops occupying the valley of Buidan are busy constructing carriaguable reach-But, while, on one hand, proparations for an advance are not wanting, on the other arrangonents are likuwiso made to pass, i necessary, the winter in this place. French have completed a road, which connects their position on the Pedukine height on the banks of the Tehermaya with the Wo rouseff road,—There we sinded a road -Sorai, which intersects the Woronzoff Road : but like all the high roads in the Crimes with the exception of the latter, it is nothing more than a bad country read, beautiful in summer and impossable in winter. The Piedmontese have begun availing themselves of the railway from Balak ava to Kamara. They are likewise beginning to construct huts of of a very simple and not at all ex-pensive style. A tow beams as framework for the roof, interwoven with branchies plastored over, and the whole covered with a layer of earth. This will do very well until the wooden hurs, which have been contractod for by the Piedu.outora Concrament, can be sent out, or mother change occurs terday the distribution of the Crimean models took place. The three regiments of the Highland division which are entitled to it, usualy, the 42nd, 97th, and 93rd, formod a square of columns Sir Collin Camp bell made them an energetic speech which was received with cheers, in which the strav Sardinians, Turks and French houtily joined. After this, the troops defied before the general, and the coremony ended. The day before yesterday, the anniversary of the batthe of the Alma was likewise celebrated by the French troops. Each division held a review in the morning. As I to'd you before, and as you may yourself imagine, the Turks and their fate were entirely lorgetten in the important events which have taken

MELANCHOLY DEATH .--- On Friday Inst the body of a man unknown was found lying in a field near the residence of Mr. Albert Bratt, East Flamboro. When discovered the body was naked with the exception of a shirt, and his trowsers were lying about thirty rank off. His feet were in a most deplorable state, the skin having been worn off in several places, evidently from walking ;--there were no other marks of violence, and on a post mortem examination, the Brain was found comparatively healthy, with some slight veinus congestion. The Liver was somewhat enlarged and the gall bladder filled with black blood. An inquest was held before it. B. HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF ASTHMA OF AN OLD LADY. SEVENTY FIVE YEARS OF AGE. Copy of a Letter from Mr. Thomas Wenon, (Book Store.) Toronto, dated the 9th October, 1854.

October, 1854.

To Professor Holloway,
Sia.—Cratiful compels me to make known to you the extraordinary, benofit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years, with asthma and spitting of blood, it was quite agony to see for antier and hear her cough I have often declared I wold give all I possessed to have cured her; but, atthough I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought no purpose About three months ago, I thought perhaps your Pills might benefit her, at all ovents perhaps your Pills might benefit her, at all ovents I resolved to give them a trial, which I did; the result was marvellous; by slow degrees my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, althousevery-five years old.

I am, Sir,
Your obliged,

REMARKABLE CURE OF DROPSY!! AFTER BEING TAPPED THREE TIMES. Copy of a Letter from Anthony Smith Esq.,

Copy of a Letter from Anthony Smith Esq.,

Halifax, Nova Scotia, dated the 25th [3]

August, 1854.

To Professor Holloway,

Sir.—I desire to add my testimony to the value of your Pills, in case of dropsy. For nine months I suffered the greatest rorture with this distressing complaint; was tapped three times, and finally given up by the doctors; having become in appearance as a skeleton, and having no more strongth in me than a child just bors.

It was then that I thought of trying your Pills and immediately sent for a quantity, and ending them. The result I can accept credit even now, although true it is. After using them for four weeks, I felt much best and operation of two months, I was completely curse. I have since menths, I was completely curse. I have since sentorely.

I remain, Sir,
Yours encerely,

DEBITATY AND LIVER COM-PLAINT!!

PLAINT!!

Cons of a Leiter from William Reeves, gf
Charlettetoun, Prince Edwards Island,
dated 17th Nov. 1854

To Professor Holloway,
Sir,—I am happy to say that your Pills have restored me to health after suffering for late years from the most intense general debility and languour my liver and bowle were also much deranged for the whole of that time. I tried many medicanes, but they were of no good to me until I had recourse to your Pills, by taking which, and following the printed directions for seen weeks I was cured, after every other means failed to the astonishment of my neighbors, acquaintances and friends. I shall ever tool grateful to you for this astonishing restembled to health, and will recommend your Pills to all sufferers, feeling it my duty to do so, ni to all sufferers, feeling it my duty to do so. mi
