Dashing through the snow

You're a winter's song come to life. You feel the crisp, dry air. You hear the harness bells and the crunch of snow beneath the runners. And you're as fresh and free as the day.

In a way, Tampax tampons made it all possible. They have kept you feeling fresh, clean, comfortable. Right from the start of the day.

Internally worn, Tampax tampons were developed by a doctor. So you know they're safe. They're softly compressed for maximum absorbency. They expand in all three directions and give you the kind of protection you can really depend on. And best of all, they do it without showing. Without chafing. Without odor.

Tampax tampons. With them there's nothing stopping you from being as sparkling and lovely as fresh-fallen snow.

Right from the start...
