House of Commons,
Ottawa, Ont.

Dear Erick:

I have a letter from Fred Brook of Boissevain, in which he urges me to help him to secure the privilege of buying a lot which he now holds under lease and on which his store stands in that town. It is, he says, 90' in depth, and he adds that the Government could get a full lot quite suitable for a postoffice elsewhere in the town.

I have known Mr. Brook for many years, he having once been a pupil of mine, and for the life of me I find it hard to understand why the Government would not sell any real estate they had in Boissevain or anywhere else in the West, and before putting through any communication on the subject I thought I would write you and see just what the situation is. Have you the matter in hand at all, and would you care to see the Minister on behalf of Mr. Brook?

Yours very truly,

AM/E.

Arthur Meighen.
