

IT SEEMS REASONABLE

That we should give you better Coffee than any other place, for we have proper ways of handling it. For years we have studied the Coffee business, where best to buy, how best to blend. Our roasting machinery is modern, one of the best in Ontario, we are careful in handling it, and you can depend on your Coffee being always the same.

For general usage recommend our Mocha and Java Coffee. It has a very fine flavor and plenty of strength. Should it have to stand after being made, it does not get bitter as some Coffee do.

Did you know you could give medicine to your children while they were soundly sleeping? You certainly can. It is called Vapo-Cresolene. You put some Cresolene in the vaporizer, light the lamp, and place near the bed. The children quietly breathe in the vapor. There is nothing equal to it for whooping-cough, croup, colds, cough, sore throat, and all other troubles of the throat and chest. It is economical, pleasant, safe.

...SOCIETY...

Society news always falls off during the Lenten season.

Miss Ethel Bell has returned from a pleasant visit with friends in London.

On Tuesday Mrs. (Rev.) F. E. Mallott gave a tea for a number of young married ladies.

Miss Helen Thomas, Mr. Macbeth and Mr. Northway are spending Sunday in Windsor, the guests of Miss Ida Ellis, "Ashneath."

The Planet takes the liberty to-day of reproducing a splendid article on "The Willow Tree," from the March issue of "Birds and Nature." Mrs. Will Singer, the talented writer of this city, is the author and this article has been more than favorably commented upon.

An elaborate production of the musical comedy drama "Sweet Clover" will be given at the Grand next Monday with Otis B. Thayer and Miss Gertrude Bondhill in the cast. "Sweet Clover" is a play that awakens human sympathy, arouses a keen heart interest and appeals to the emotions. It is an extraordinary performance, potent with intellectual character, beautiful with refinement, nervous and steel-like with indomitable purpose, intense with passion, and a shining example of various and duple art.

EFFECTED HIS ESCAPE

One of the funniest and most exciting arrests and escapes from custody ever placed on record in this county was given to history on Thursday last. A warrant was issued for the son of a respectable and well-known farmer in southern Harwich. The young man had been indulging too copiously of late and his father was anxious to have him placed out of temptation's way.

The warrant was given to High Constable Cogan, and he sent his deputy constable, ex-Ald. Henry Weaver, out to execute it. It is claimed that the constable walked into the house, sighting across the top of a revolver in one hand and a pair of handcuffs in the other. The wife was frightened half to death but the fun commenced when the man who was wanted appeared at another door sighting across two revolvers. He requested "the constable" to lay aside his armament and to do his behests. It is said that this was done with alacrity and the wanted man drank the nourishment furnished. A Blenheim constable, arriving in the street, who refused to be taken by the Chatham constable.

Arrived at Charing Cross, the tug broke and the constable got out to fix it. As soon as this was done, the constable whipped up the horse and drove around the corner home, while the two energetic officers footed it to their separate homes some ten miles away.

NO DIFFERENCE

No distinction is made as to the kind of Piles that Dr. Leonard's Hem-Roid cures.

The names Internal, External, Bleeding, Itching, Suppurating, etc., are simply names of the different stages through which every case will pass if it continues long enough.

Piles are caused by congestion or stagnation of blood in the lower bowel, and it takes an internal remedy to remove the cause.

Dr. Leonard's Hem-Roid is a tablet taken internally. It is a permanent cure and no case of Piles has ever been found to fail to cure. Money back if it does. A guarantee with every package. Price \$1.00 at any druggist, or The Wilson-Frye Co., Limited, Niagara Falls, Ont.

Fatal Electric Shock

Montreal, March 25.—Constable Michael O'Connell was instantly killed in No. 8 Station yesterday by shock from an electric light wire carrying two thousand volts. O'Connell saw a lamp with its wire attached, lying on the floor. Intending to hang the lamp to the ceiling for usual position—he stooped down and lifted it. The wire was supercharged by crossing another wire exposed by the workmen, and the great voltage caused instant death. O'Connell was 22 years of age.

NEW EAU BOAT

Captain J. W. Averill, of this city, recently purchased the steamer City of Grand Rapids, from Dan F. Toomey, of Dunkirk. He will operate the vessel this year between Cleveland, Rondeau, Port Stanley and the Canadian shore docks. There has been no boat on that route for some time, the Urania being the last vessel on it.

Captain Averill has not completed his time schedule yet, but will do so shortly. The City of Grand Rapids has been newly fitted out and first-class passenger accommodations have been installed. Cleveland Leader.
