

# EATON'S MONEY-SAVING VALUES

## CORRECT STYLES AT ECONOMY PRICES

**S**OME of the merchandise is priced at less than it would cost to make it to-day. Months ago, before the present high costs, our buyers bought the fabrics, hence we can afford these striking values. As prices of clothing of all sorts are steadily advancing, you will be wise to buy now and buy right at EATON prices. You will have to pay more later on for goods not up to the same standard as these. But don't delay if you wish to avoid being disappointed.

You will be dollars in pocket by taking full advantage of the values shown here, and by making your future selections of requirements in any line from the EATON catalogue. Prices will be higher later on, so order now. If you haven't a catalogue, write to-day for your copy, so that you may share fully in the savings it presents.
