# THE LITTLE MAXWELL STEEL BINDER.

## FARMERS!

If you want a binder you cannot do better than buy a "MAXWELL." It will bear the closest inspection; compare it with others and you will be convinced of its superiority. For handling down and tangled grain it has no equal, and the ease with which it is operated in every condition of ground and grain, has been the cause of remark by all who have used it. Any one who can drive a team can operate it.

Examine carefully the Frame of the "LITTLE MAXWELL." It is constructed entirely of steel and malleable iron, and is the strongest, stiffest and simplest Frame in the world.
