

## Frost & Wood "CROWN" GANG PLOW

cannot be surpassed by any plow on the market. If you use it this Fall, after your harvest is in, you will save time, money and trouble.

### F. & W. "CROWN" GANG

May be equipped with either sod or stubble bottoms.

By using the Crown Gang, one man and three horses can do more work in one day, and do it better, than two men and four horses with two ordinary plows can do in the same length of time.

That means a great deal to the farmer, especially when help is so expensive and hard to get.

Send for our illustrated Catalogue "F," which describes in detail our full line of Plows.

## Cooks and Bakes perfectly at the same time

There is not another range built in which the heat may be regulated so that you can bake in the oven and cook on the top at the same time without spoiling one or the other.

But you can do both equally well at the same time on the Pandora, because its heat is not wasted and is at all times under the simplest, most positive control.

If you do the cooking of your household you can appreciate exactly what this means.
