

Nerves Were A Wreck. Could Not Stand The Least Noise

Miss Florence H. Perry, Courtland, Ont., writes:—"I wish to write you a short letter telling you of the help I received from the use of your Milburn's Heart and Nerve Pills. A year ago my nerves were a real bad wreck and was so nervous I could not stand the least noise. My sister had taken your pills and advised me to give them a trial. I took three boxes and saw they were helping me so I kept on taking them until I had used five boxes, and I can say in true words that I am strictly cured."

To anyone troubled with their heart or nerves we would strongly advise them to take a course of our Heart and Nerve Pills as we feel confident that they will do them a world of good.

If your druggist or dealer does not keep them, we will mail them direct on receipt of price—50c. per box or 3 boxes for \$1.25.

The T. Milburn Co., Limited, Toronto, Ont.

ISRAEL GROFF, Elmira, Ont.

GOSSIP.

PLEASANT VALLEY SHORTHORNS.

The enviable reputation for excellence of breeding, type, character and show-ring quality, held by the Pleasant Valley herd of Scotch Shorthorns, the property of George Amos & Sons, of Moffat, Ont., is justly theirs by merit earned in honest competition, winning as they have several championships and grand championships at Toronto, and all on animals bred in the herd, with the exception of the bull, Old Lancaster (imp.), and the string fitted for this year's competition looks like adding many more honors to this noted herd. The breeding cows are imported and Canadian-bred, representing such fashionable tribes as the Nonpareil, Orange Blossom, Broadhooks, Roan Lady, Cecilia, Rosebud, Secret, Wimple, Mysie and Fragrant, many of them daughters of the grand champion, Old Lancaster (imp.), and winners of various honors at Toronto. Several exceptionally choice heifers grace the herd, notably the three-year-old Meadow Girl, a Kilblean Beauty-bred daughter of the great show bull, Bud's Emblem, winner of first prize as a yearling at Toronto and Chicago, and as an aged bull at Toronto; and a yearling, Mysie, sired by Imp. Ben Lomond, a full sister to the 2,000-dollar heifer, Lomond's Mysie. She gives promise of developing into as good an individual as her illustrious sister. Another very showy heifer is a yearling Cruickshank Victoria, sired by Lancaster Floral, a Flora-bred son of Old Lancaster (imp.). Other high-class show heifers are a yearling Orange Blossom, by Imp. Ben Lomond; another half-sister, by the big, thick bull, Waverly, a son of the champion, Mildred's Royal, and out of the champion, Gem of Ballechin. Springrove Beauty is a candidate for championship honors, sired by Imp. Queen's Counsellor. There are very many others of equally high-class type, breeding and quality, did space permit of their mention. The chief bull in service is Scottish Signet, a red son of Old Lancaster (imp.), dam Imp. Scottish Queen, a Jilt, by Scottish Prince. He is thus a full brother to the \$2,500 heifer, Pleasant Valley Jilt, and a son of the grand champion, and a show bull himself from the ground up, beef to the heels, remarkably even from end to end, and very mellow. There are several young bulls coming on that look exceptionally good for coming herd-headers, one a Broadhooks, another a Nonpareil, another a Cruickshank Fragrant, still another a Mysie. Parties interested would do well to look up the exhibit from this herd at Toronto Exhibition, when the Messrs. Amos will be pleased to furnish any information asked for relative to breeding, etc.

TRADE TOPIC.

The interests of farmers will be especially well looked after in the educational features of the Central Canada Exhibition, Ottawa, September 8 to 16. Lessons in butter-making will be conducted by Government experts in a fine dairy building. Facility will be given those interested in cattle and horse judging to follow the judges in their work. Many applications have been made by makers of farm implements and other labor-saving devices, to make displays, and every encouragement has been given them to exhibit. No fee is charged, and power is provided free for those wishing to show machinery in operation. There will be a vast amount to learn for those inclined to pick up new ideas. The cold-storage for cheese placed in the dairy building is a splendid improvement. In the large refrigerator installed, cheese will improve in flavor, and sell better at the end of the Fair, than if placed on the market at the beginning.

CORRECTED.

At a dedication festival service at a country church the following announcement was made by the vicar: "The collections taken last night were devoted to the arch-fund, and not, as erroneously reported on the service papers, to the arch-fiend."

OWNERS ARE PROUD OF I H C WAGONS

There is a certain pride in owning a wagon that you know is built of the highest quality materials obtainable—a wagon that is not only attractively finished with the best paint and varnish, but which also gives perfect service, day after day, and year after year. That's why I H C owners are so proud of their wagons.

If you want to be proud of your next wagon—choose one of these two in the I H C line—

Chatham or Petrolia

The loads they carry, the roads they traverse, and their wonderful durability make others wish they had bought a Chatham or Petrolia.

Chatham Wagons have a long record for satisfactory service in Canada. Made with hard maple axles, oak bolsters, sand boards, rims, and spokes, and oak or birch hubs—they represent the highest standard of wagon construction. When you buy a Chatham wagon it is with the assurance of getting the utmost service and satisfaction out of it.

Petrolia Wagons are constructed of first quality woodstock which is thoroughly seasoned by being air-dried. The ironing is of the very best. The inspection of each part is most rigid.

Be sure to call on the I H C local agent, get a pamphlet, and let him show you one of these wagons. If you prefer, write the International Harvester Company of America at nearest branch house for any information you want.
