## 7 REASONS WHY

You want to know why we think your choice of a gasoline engine should be the Renfrew-Standard. **FIRST**—Because it is the latest type of gasoline engine offered for sale in Canada. **SECOND**—Because the

### Renfrew Standard

starts without cranking, thus eliminating the only dangerous, laborious and exasperating features of gasoline engines. **THIRD**—Because the Renfrew-Standard is so perfectly balanced it does not require to be anchored or fastened down. **FOURTH**—Because the carburetor is of simple construction and proper proportion to make a perfect mixture. **FIFTH**—Because

the engine can be closely regulated. **SIXTH**—Because it is economical on gasoline. **SEVENTH**—Because it is guaranteed for 5 years, by the same company who built and stand behind the famous "Standard" Cream Separator. Many other points of superiority fully covered in our Gasoline Engine Bulletin. Write for a copy.

2½ to 60 h.-p. Semi-portable, as illustrated; stationary and portable.
