POETRY.

The Cholers

"It came like a despot kings It has swept the earth with a conqueror's step. And the air with a spirit's wing." .. Miss Landon .

Ye have had your time-if a time there be, For the love of the world, and levity; And new ! come !

With a solemn voice, to bid thee turn Thy thoughts to the grave, the home of the worm. Ye have heard the tale of my awful sway,

While I lingered-I lingered from thee away; But now-I come! To a land-how richly blest of heaven! To a people how many to error given !

To the guilty ones, who have made my path-By Sirgitting God-s track of wrath: To those-I come!

With terror which death will ever bring, With a fearful hang with a deepening sting,

I would not -I tould not do was harm. To you-I come. Not as the herald of bitter things, But to change thy clay for angel's wings.

But ye who rely on one Strong Arm.

A paison for besisty is on my breath: My work is short-buf 'tis only death ; And though I come,

6 feer not me-I'm but a rod In the hand of a mighty, a gracious God.

When afflictions are few, ye are prone to stray From the healthful fountain-lar away ;-My roign has come! Tobld the letters of earth he gone,

That affection may seek a better home. Then early, with fervent spirits, turn

Ye weak, for efrength and ye shall be strong For this-I come : That every heart may to God be given,

And shine as gems in the dome of heaven.

To intending Emigrants FROM NOVA SCOTIA.

THE CANADA COMPANY would submit to L the serious consideration of parties who may contemplate leaving Nova Scotia whether the Western Section of Canada (formerly the Province of Upper Canada,) does not offer every inducement for them to settle there, rather than that they should proceed to the United States. The great success which has attended Settlers in Upper Canada. is abundantly evidenced by the prosperous condition of the Farmers throughout the Country, and salso shown by the success of many Natives of New Brunswick and Nova Scotia who have settled in many Townships of the Country; - and the individual progress made by several thousands of people who have taken Lands from the Company, corroborates the success which has attended settlement in Upper Canada.
