DAY'S BUSINESS COLLEGE,
ESTABLISHED 1862

Will be RE-OPENED on MONDAY, Sept. 1st next.

This College is a thoroughly practical business school. A large number of its graduates and members are occupying responsible positions in Canada and the United States on their own as well as on others account, and by the satisfactory manner in which they discharge their duties, plainly evince the great benefit to be derived by pursuing a systematic course of instruction in accounts and business practice, under the supervision of a practical accountant and a man of business experience, before entering into mercantile life; and to which all, both principals and employers, give their unqualified assent and endorsement. All who require business training are requested to make inquiries as to the high reputation the Principal of this College has established, and still maintains by the thoroughness of his work. For terms address JAMES E. DAY, accountant, College Rooms—Opposite Royal Opera House site, Toronto.
