

YOUR SCHOOL LIBRARY

It would take too many pages of THE SCHOOL on which to print the hundreds, nay thousands, of Macmillan books suitable for school libraries.

It will interest you to note how many Macmillan books have been reviewed in THE SCHOOL in the last few years. This is indicative of the number and quality of the books we publish.

OUR CLASSIFIED CATALOGUE

which is sent free for the asking, not only arranges our publications alphabetically by authors, but also alphabetically by subjects and series, thus making it possible easily to find the book to suit any of your needs.

We are glad to aid you by correspondence at any time you care to write us.
