and 3570 531 Grain Exchange, Winnipeg

Farmers: Before consigning your grain communicate with us for special billing instructions. In this way we can get you good premiums on both wheat and oats. Try us with your next shipment, we feel sure you will be well satisfied with the service we will give you.

Don't Be Pickled with Buying Inferior Picklers

There is only one Best Pickler, and that is the Grain Growers' Automatic. It is the most thorough mixer of any automatic Pickler on the market. You can treat more bushels with a given amount of liquid than any other machine made, on account of the thorough mixing that it gets. It can be operated so that a child can keep it going, or that it will take two men to keep it going and do the work equally as well in either case. Everything being stationary, there is nothing to wear out. All parts coming in contact with liquids are PURE COPPER (not coppered), as some machines sold. Write for copy of references and full particulars. Live agents wanted in every town, good commission offered. Price, delivered at your station \$15

Seed Oats

The increase in live stock raising will mean a large increase in the acreage sown to oats this year. We are in a position to supply seed oats that for purity and quality cannot be surpassed. Our stock was grown by the Cut Arm Farm Co., Bangor, Sask., and is guaranteed to be free from noxious weeds. We offer the following varieties:

Regenerated Abundance, Regenerated Banner, Garton's No. 22

Also two new varieties from Prof. Nilsson, of Svalof, Sweden:

No. 17 (Hvita Propsteierhafre), No. 34 (Segerhafre)

These two varieties were procured by the Cut Arm Farm Co. direct from Svalof two years ago and are varieties of exceptional merit. Write for price list.

Oliver Plows

OLIVER plows are made to meet Western Canadian plowing conditions. Oliver sulky and gang plows have landed beams which enable you to work four horses abreast with no horse walking on the plowed ground, and without side strain on the beams. Shares and moldboards are correctly curved; the extra high wheels have adjustable bearings and extra wide tires. These features mean light running, long wear, better work—the right plow to buy.

Oliver tractor-gangs are built up of 4, 5, and 6-base sections, enabling you to use a gang with any desired number of bottoms. This construction also makes the Oliver tractor-gang the most flexible of all. It follows the lay of the land and plows evenly.

We call your attention here to only a few of the many important features of the Oliver plows. You will find just the plow you need in the Oliver line. See and study the plows for yourself at the IHC local agent's place of business. Get a catalogue from him, or, write the nearest branch house.
