Truth for the Million.

The largest number of parties, (including the most eminent physicians of the Province,) who have testified to the efficacy of these waters, which is proved them high in the estimation of the public, has induced some other proprietors of some mineral springs, to try to put their waters in the same footing with the Plantagenet. Nothing can be more absurd than this. These other Springs have been known to the public in some instances for fifty years, and in that time what have they done? Have they anything to show the patronage they have received from them? How have they stood since the Plantagenet Waters came into the field? It is now only three years since the Plantagenet Waters were introduced to the Public, and in that short space of time has become of other Springs, which have been before them? Can any amount of puffing make the public believe that they deserve to be named in the same breath with the Plantagenet Spring? It may be safely said that no Waters ever introduced the Plantagenet Water will supersede every other water. Their inferiority is so great, and they are comparatively so worthless, that hundreds have declared that they would not drink them, unless the price for Plantagenet Spring Water, than for the best of them. Yet these other Springs have a great advantage in point over the Plantagenet, in as much as they are near Montreal, and are accessible, (if their virtues were worth seeking,) to all classes without difficulty.

The great cause of this preference is the distinct character of the Plantagenet Water, and more especially its solidity of body, and the glutinous quality it possesses, which distinguishes it in a remarkable degree from all other waters. They appear poor and thin in comparison with it. It may be truly said to have done more for the public health in four years, than any other Water has ever performed in fifty, and scores of the cures effected are truly miraculous. Many of these facts are already before the public, and others can be ascertained at Plantagenet, where the public are invited to judge for themselves. In the cure of rheumatism and other chronic diseases it is almost infallible, a number of cases have occurred where parties who had lost the use of their limbs have been restored to health and strength by the use of it. The public are invited (in addition to this fact) to peruse the numerous testimonials of medical men and others, and particularly that of Dr. Nelson, who speaks of effects produced by members of his own family. Such being the case, it cannot be wondered at that the Plantagenet Water has driven all competitors from the field, and that its value should be placed so high as to have all other Springs ever discovered in the country.

In evidence of this, it is only necessary to refer to the names of the eminent Physicians, and public and private individuals, who have certified to the value of the Plantagenet Waters, and who have stated it as a boon to the country.

In conclusion, let it be borne in mind, that it is not to supply as a saline drink that these Waters are beneficial, but because they have an oily, fatty property, unknown to any Water besides. This is, in fact, but one Plantagenet spring, and the same that is known, the higher its reputation, while all others sink into insignificance beside it.

It is enough to read the names given below, of those who have used the Plantagenet Waters, to be satisfied of their superior excellency over all others:—Doctors Crawford, W. Nelson, W. Fraser, Jamieson, George W. Campbell, Archibald Hall, Alex. McCulloch, Robert L. McDonnell, G. Bland, L. H. Truteel, H. Mount, J. L. Leblanc, A. C. Sewell, F. Badgley, H. Prieur, J. E. Mignault, L. F. Tavernier, G. D. Gibb, F. E. Mount, James Grant, L. R. Masson, Hon. W. F. Smith, P. Munroe, T. Lester, W. Hague, L. Boyer; the Hon. A. N. Morin; the Hon. Peter McGill; the Hon. Louis Joseph Papineau; C. Wilson, Esq., Mayor; E. Parent, Esq., Mayor; — Bell, Esq., Mayor of Quebec; J. Young, Esq., Louis Boyer, Esq., E. M. Wilson, Esq.; J. Bellis, N. P.; Maurice Roux, Esq.; J. C. Cameron, Esq.; and many others.

Sold only at No. 4, Place d'Armes, Montreal, and by various parties in the country, who want it to sell, can be supplied at liberal rates.

Can also be had in Beauharnois by Mr. Robert Ross, and in Carrillon by Mr. C. W. Schuister, Plantagenet Hotel open for visitors.

LIFE ASSURANCE COMPANY,

CAPITAL—ONE MILLION STERLING.

Empowered by Special Act of Parliament, 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.

The Directors have also resolved to extend to British North America the advantages established by the SCALE OF RATES OF PREMIUM which has been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their interest in their respective Policies.
