THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain and speedily remove its cause.

We proceed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigation, and to illustrate its merits and miraculous power over pain upon the patients.

We claimed that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels; that in fifteen minutes it would stop all painful and diarrhœa discharges, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous head-ache in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most tormenting toothache in a few seconds.

That it would relieve all fibrous ossific pains in fifteen minutes, and cure 19 cases out of 20 of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous, and Bilious complaints, and that the worst and most excruciating tortures, would soon feel its soothing influence in a few minutes.

The world sons startled at the publication of our discovery. The wise sayons of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared then, but in other words, would never believe it, never, than by practical experiments; thousands who were suffering with the most excruciating pains, at once determined to try it; the result was, that from almost every village, town, city, within 500 miles of New York, we receive the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-ache, Cauld Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and proclaimed it a universal panacea, and a quick antidote for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of Rulway's Ready Relief, and if you reside in either of the States mentioned above, we refer you to the Druggists, to Physicians, and the People. Take a bottle of it to any skilful Physician, let him test it, and he will rank its reputation on his opinions.

One drop has frequently cured the most tantalizing Tooth-Ache.

Forty drops, taken three times per day, will cure Sour Stomach.

Sixty drops, taken four times per day, will cure Weakness and Debility.

Ten drops, taken every ten minutes, will cure Diarrhœa.

Thirty drops has, in fifteen minutes, stopped the Sick Head-Ache.

Sixty drops, taken every twenty minutes, has cured Cramps, Spasms, &c.

Sixty drops has, in twenty minutes, stopped the pains of Neuralgia.

Thirty drops has, in fifteen minutes, cured Wind on the stomach.

Thirty drops has, in fifteen minutes, cured Cholera Morbus.

SOLEMN TRUTH.

Reader, do not reject the statements on account of the above assertions, we state only what is in us done, what we know it will do. Therefore, if you suffer pain, give it a trial, and, our word for it, you will become a firm friend of our quick and ready remedy.

SELF-PRESERVATION:
A MEDICAL TREATISE ON THE PHYSIOLOGY of MARRIAGE, and DISORDERS of YOUTH and MATURITY, usually acquired at an early period of life, which enervate the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from those causes, close study, or the Influence of Tropical Climates; Local and Constitutional Weakness, Syphilis, and all Diseases and Derangements resulting from Indiscretion.—with Forty Coloured Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,
No. 37, Bedford Square, London.
Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. No are these the sole occupations of the Work; the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. Reserve only requires the closest attention and study, for what subject can be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether acquired accidentally, or from the follies of advanced age, while suffering from their insatiable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that those complaints are beyond the reach of art, alike restrain him, and prevent the seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practised physician, and is the medical man, who can show a fair possession of the requisite legal qualification, that he is entitled to esteem and respect in his professional persons, the utmost confidence should be extended. Dr. LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

The Work may be had in Montreal, of BENJAMIN DAWSON; in St. Johns, of H. Cruss & Co., price 2s, and of Sedlitz, Messrs. Morton & Co.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Fur.
Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the annoyance, without success. Having been duly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my place abounded, and that without the least inconvenience.

From the Rev. B. Davis. D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones:

Boston, Feb. 15, 1847.

Mr. Wm. Bogle.—Sir,—The preparation invented by you for the hair, has been extensively used in my family and I give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and checks its fall, and, if applied in season, without producing any ultimate deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the toilet—it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the Soap plant, or Amole, which is spoken of in an article used by the natives of that country for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. The most excruciating tortures, would feel its soothing influence in a few minutes.

The world sons startled at the publication of our discovery. The wise sayons of Medical Science shook their heads in doubt. Mr. William Bogle.—Dear Sir:—For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference, and other portions of what remained. Having been advised by the advice of friends, she was induced to use your Hyperion as a wash, for the purpose of restoring her lost hair, which she is happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and finds, by arrogantly using it, and using it oftener and more regular, I am convinced that the growth of the hair would have been accelerated. SIR.—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, the most exciting tortures, would feel its soothing influence in a few minutes.

Never has any remedy had more reliable and stronger proofs of its good qualities than Dr. Halsey's Forest Wine.

Testimonial after testimonial, showing their great powers of curing in almost every class of disease, have been published, but by individuals of undoubted character and respectability.

The following testimony is from a respectable and wealthy farmer residing near Utica, New York.

UTICA, Nov. 9, 1844.

Every fall, for several years back, I have had much sickness in my family, originating from bilious fever.

In the fall of 1843, two of my sons were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I had always employed a Physician. But at this time having two boxes of your Forest Pills in the house, I concluded to try them. I gave to each of them six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Pills in the house, and in cases of sickness we have used them with the most happy results.

Dr. G. W. HALSEY. LYS. S. GOODING.

READER!!!—If you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase Halsey's Forest Wine, and by so doing you avoid all others.

If you desire a mild and gentle purgative, which neither gripes nor gives rise to griping, seek for *Halsey's Pills.*

If you would have the most concentrated, as well as the best compound Sarsaparilla, purchase the world-famed Halsey's Extract of Sarsaparilla, and by so doing avoid all others.

of Dinnigwan Water, Piece
d'Armes.

SIR.—I have hitherto refrained from giving you my opinion of your Dinnigwan Water; but the time has now arrived when it is just, both to the public and yourself, that I should do so. Having used it myself, I find it to be the highest opinion of the Dinnigwan Water, which I consider superior—in fact, far beyond comparison with any other mineral water with which I am acquainted. I have used it extensively in my practice at the Hotel Dieu Hospital, and with the most remarkable success. Its gentle aperient, its use is invaluable; and in numerous cases where other medicines could not be safely employed. I have found it most useful. I consider it a duty, both to the profession and the public, to state this much in its favor; and I strongly recommend all the invalids to make use of the Dinnigwan Water by them, being perfectly satisfied of its great utility.

I have the honor to be, Sir,
P. MUNRO, M.D.,
Chief Physician in the Hotel Dieu Hospital, and Lecturer of Surgery in the School of Medicine, of Montreal.

DeBlecry Street, 6th August, 1851.

In conclusion, let it be borne in mind, that it is not simply as a saline drink that these waters are beneficial, but because they have an oily, fattening property, not known to any waters besides. There is, in fact, but one Plantagenet Spring, and the more that is known, the higher its reputation, and the more all others sink into insignificance beside it.

It is enough to read the names given below, of parties who have used the Plantagenet Waters, to be satisfied of their superior excellency over all others:—

Doctors W. Nevins, Crawford, G. W. Campbell, A. Hall, A. McCulloch, R. L. McDonnell, Crawford, J. G. Bibaud, E. H. Trudel, H. Mount, J. L. Leprohon, S. C. Sewell, F. Badgley, — Pelletier, J. E. Cadorte, — Tavernier, G. D. Gibb, P. E. Picault, James Grant, L. H. Massue, H. Pelletier, H. Nelson, R. S. Schmidt, W. F. Smith, P. Munroe, T. Leduc, W. Wright, L. Boyer; the Hon. A. N. Morin; the Hon. Peter McGill; the Hon. Louis Joseph Papineau; C. Wilson, Esq., Mayor; E. Fabre, Esq., Ex-Mayor; — Bellean, Esq., Mayor of Quebec; J. H. Bernard, Esq., Louis Boyer, Esq.; E. Hart. I have heard others say who have been benefitted by your remedies, gives me the most entire confidence in recommending them to the public. Very respectfully,

J. CRAWFORD, 546, Pearl-street, N. Y.

Hear the testimony of Dr. J. F. Dodge, a celebrated Physician, residing at 264, Hudson Street, New York:—

I have great pleasure in testifying to the virtues of Dr. Halsey's Forest Wine as a remedy against general decline of health, weakness, and constitutive habits. In a number of instances I have administered it with entire satisfaction, and have used it with great success in my family for various complaints. My daughter had been in very feeble health for more than fifteen months—she was very weak, had a dry, ugly cough, and was fast declining, so much so that I began to consider her in an almost hopeless condition; nothing gave her any relief until I procured for her Dr. Halsey's Forest Wine. She improved greatly by the use of the first bottle, and, on finishing the third bottle, she was restored to good health. She is delighted with the Forest Wine, and appears to enjoy the most perfect form of health, every symptom of her complaint having disappeared. I am pleased to have an opportunity of recommending the Forest Wine, as I believe it to be a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that those complaints are beyond the reach of art, alike restrain him, and prevent the seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practised physician, and is the medical man, who can show a fair possession of the requisite legal qualification, that he is entitled to esteem and respect in his professional persons, the utmost confidence should be extended. Dr. LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.
