

Paris Juniors Defeat Local Hockey Team 9-3

After Two Defeats, Boys of the Green and Black Came
Back Strong and Scored a Victory

After being defeated in the two opening games of the season, the Paris Juniors came right back last night and won over the local juniors, the final score 9-3, being a fair indication of the relative quality of play displayed by the rival teams. Drastic changes had been made in the local line-up by Mr. "Ed" Gould, and to the fact that these changes did not come up to expectations may be ascribed the loss of the game for Brantford. Both teams were eager to secure the game, and the home boys started right out with the evident intention of remaining in the running, by winning the third game of the series which they had to do, to prevent Brantford from becoming champions of this group. The superiority of the green and black, was most apparent, in their combination play, in which they completely outclassed the visitors, who depended more on individual efforts, and by this style of play, were unable to break through the steady defence of the Paris line, except on rare occasions. Forrester and Stewart, on the local line-up played their usual steady game, the former being responsible for the triple score secured by the Brantford team, while the stellar work of Stewart in goal prevented what might have resulted in a complete rout, for at times the shots rained in on the nets defended by the green and white. Barker and Tanner played heavy games for the home boys, while Stock, a new man, who made his first appearance last night, playing center, also created a favorable impression. The game was refereed by Capt. "Duff" Slemin, of the 215th battalion, and while some offences escaped him, he gave on the whole satisfaction.

The absence of Gillen, on the defence of the locals, was plainly visible, and had he been in the game, it is doubtful if the result would read as it does.

The game opened with the green and black getting right into their work and for the first few minutes the play was almost entirely in the Brantford end of the ice, until Forrester, breaking away from a scrimmage rushed down the length of the ice and notched the first goal of the contest. Paris came right back and Barker drilled one past Stewart tie-

ing up the count. Forrester and Hurley executed a brilliant rush, and on a pass from the latter Forrester again scored. Barker not daunted equalled the record of Forrester, and secured his second scalp of the evening again tying the game. A few minutes later from a mix-up in front of the Brantford goal Hillborn drove the rubber through the posts. Not satisfied with this lead, Paris again scored through the medium of Barker. The first period ended with the score 4-2 the long end resting with the Paris Juniors.

The Second Period
This period greatly resembled its predecessor, the play being chiefly in the Brantford end, and featured by close checking. Tanner, however, about the middle of this period scored the fifth goal for Paris, being able to do so by interesting a pass from the corner behind the Brantford goal and driving the puck through Stewart's legs. Just before the period closed with six players on each side Emerson scored the final count for the green and black but enough had already been obtained to put the contest in the safety vault.

The Third Period
The third period witnessed the locals making a hard uphill fight to overcome the lead of their opponents, and although their efforts were strenuous, even bordering on desperation only one score resulted this being obtained by Forrester, who seemed to have a monopoly insofar as the locals were concerned, in scoring. Neither team let up but rather increased their speed and the white and green waking up, and gave the victory a hearty run for their money. The Paris boys also worked hard, Stewart in goal was hard pressed, shots at times literally raining in upon him.

Lack of combination play, and a weakness on the defence, caused the downfall of the local juniors, and these positions will have to be bolstered up, as they undoubtedly will, if a victory is to be gained when the Paris boys come down for the final game on the schedule on Friday night. In any event the contest then will be keenly fought, as with one game won, the green and

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally that Nobody can tell Hair that loses its color or lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that lovely color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50 cent bottle of "Wych's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly that nobody could possibly tell that it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what does Wych's Sage and Sulphur Compound do? It is a delightful toilet remedy, it imparts color to a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

black have commenced, and must either win again or drop out of the running. In games Brantford has won two to Paris one.

Should the visitors, next Friday night, win by any chance, the series would be tied, necessitating a fifth game probably on neutral ice. The locals, however, are not contemplating any such eventuality, and are fully confident of repeating their performance in the two opening contests. Manager Gould is equally confident of the ability of his stalwarts.

The line-up:
Brantford: Stewart, Goal; Paris: McKay, Defence; Emerson, Whitaker, Defence; Irwin, Adams, Rover; Hillborn, Hurley, Center; Stock, Forrester, R. Wing; Tanner, Bennett, L. Wing; Barker, Referee—Capt. "Duff" Slemin.
Penalties—1st period—Brantford: Forrester, 2nd period—Brantford: Hurley, Paris: Stock, Barker and Hurley, 3rd period—Brantford: Hurley, Forrester, Paris: Stock.

SUMMER THROUGH THE WINTER IN CALIFORNIA

Get away from the cold, disagreeable winter. California temperature is from 60 to 75 degrees the year round. It is not expensive to spend the entire winter there. Bungalows rent from \$23.00 per month up. Special Winter Fares. The famous Los Angeles Limited, a fast, refined and exclusive through train from Chicago to Los Angeles, leaves Chicago 10:00 p.m. daily and arrives Los Angeles 4:30 p.m. third day—less than three days enroute. Write to B. H. Bennett, Gen. Agt. Chicago and North Western Ry., 46 Yonge, Toronto, Ont. He will send you descriptive literature and train schedules, help you plan an attractive trip, and make reservations for you clear through to the Pacific Coast.

The attempted wrecking of the Grand Rapids and Indiana Railroad pay car containing \$100,000 is believed to have been the work of bandits. Sectionmen discovered obstructions on the track just in time to prevent the wreck.

While the ocean tugs Roebling and Lisgar were towing the Canadian government dredge Cape Breton and two scows from Lunenburg to Louisburg, Cape Breton, a heavy gale sprang up. The dredge broke adrift, went ashore and the captain and crew of nine perished.

WOMEN'S INSTITUTE

Echo Place Woman's Institute held their monthly meeting Jan. 18th in their rooms, in Echo Place public school.

President, Mrs. J. J. Buck in the chair, announced "O Canada" as opening song. Financial report read by Secretary, Mrs. J. L. Barnes. The Institute intends sending a box to each boy from Echo Place at the Institute Ode, after which a prayer on True Greatness was read by one of the members, Miss Ivy Cornell then gave a delightful piano solo, after which Mrs. Connell gave a splendid paper on "The Value of Music in the Home." Mrs. Connell pointed out its value as a means of keeping young people home, as a source of entertainment and rest for tired nerves. Mrs. Connell believes that only good music should be encouraged, as its influence is far-reaching. The ladies all enjoyed hearing this paper.

Mrs. Buck gave a short address on New Year endeavors. This was very appropriate as it was the first meeting of the new year, and was much appreciated by the ladies.

Mrs. Second gave an address, dealing with the woman's place in the national life. From this address we learn that by improving home life, we improve the national life as well, for home is the centre of national life. Women who do men's work shall get equal pay, but shall also have equal training. A woman who takes an interest in public affairs should be a help to the men for she understands and cares for the home life. By being careful of contagious diseases, looking after water supply, many deaths might be avoided each year.

Practical religion is making the world better. In states where women have won the franchise, their first bill to be introduced was a bill protecting young girls. We learn that our Ontario law values the life of an animal higher than a girl's honor. It is high time these laws were changed and heavier punishments given to those who broke them.

Mrs. Second's address was one of interest from start to finish, and in respect to some of our unjust laws of Ontario, was a revelation to the ladies present.

February meeting will be held Feb. 22nd instead of 15th, in order to be able to entertain Moyle-Transquility that day. Roll call will be perverts, or humorous quotations.

Using a rubber tube arrangement five hundred gallons of whiskey were siphoned from a warehouse recently seized in liquor raids at Hiram, Alabama, before the sheriff in charge discovered that anything was wrong.

Railway Com
Purpose

"That the city solicitor the Board of Railway Commi for the opening up of St. Paul's Avenue, which would cross the tracks of the Grand Trunk."

Such was the principal report of the Board of Works council, which gave rise to co

Ald English understood that the spring the Municipal Rail Commissioners were prepared to tend their line to Terrace Hill, felt that the St. Paul's Avenue way was a necessity which could longer be done without by the

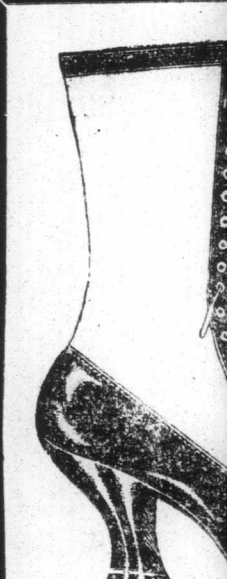

Ald Kelly enquired as to prospects of the opening up of the subway, and as to the estimated cost. He pointed out that more adequate fire protection Terrace Hill, and that in these respects no efforts should be lost in co-ordinating with the opening of subway.

Mayor Bowley insisted that city should pay no part of the penses except the grading to w they had already agreed. Ald. MacBride emphasized need of opening up the subway all costs, pointing out that the port was approaching a settle of the difficulty. The Dominion Board of Railway Commis had made no award in the case yet. Ald English and Jones reported the resolution embodied the report that the Dominion missioners be appealed to for award.

Ald. Hollinrake regarded the ing of the subway at St. Paul's Avenue as one of the most important acts in the city's history, and sidered that the people of Terrace Hill should have their rights nized at last.

The Mayor opposed the resolution, he stated, because it ent practically an agreement on part of the city to pay a portion of the expenses. This was denied Ald. MacBride.

Ald. Secord urged the strong possible prosecution of the case fore the Dominion Board. Bragg strongly favored the opening up of the subway, provided no expense devolved upon the city considered that the city sol
