Mullein.

Mullein, under the name of ver-basum, is used medicinally in leaf and blossom. The leaves are thought to have anodyne, or pain-killing properties, and also yield a soothing oily substance. In Europe, an infusion of the flowers, strained to take out fibrous substance, is given in catarrhal troubles; and a mild oil, like olive oil, when saturated with mullein flowers, is used to allay inflammations of the mucous membrane. The dry leaves, smoked, are said to soothe irritated membranes.

The Man of the Hour

In this hour of Canada's most acute national crisis, the country's greatest need is leadership—not class leadership, not sectional leadership, but NATIONAL leadership. A pilot must be chosen possessing the necessary courage, foresight, breadth of vision and determination to lead the nation safely out of the existing economic uncertainty.

And one man stands out head and shoulders above all others as pre-eminently fitted for the task.

Born on a farm near St. Mary's, Ontario, Arthur Meighen is a true son of the people, a toiler who has fought his way to eminence by sheer ability and force of intellect. Entered Parliament in 1908; appointed Solicitor-General in 1914; Minister of the Interior in 1917; and Prime Minister in 1920.

At the Imperial Conference he was acclaimed by the Press of Great Britain as a great statesman, as a strong, virile, vigorous personality—alert in mind, keen and far-seeing in judgment, and with a fearless determination to stand for the right.

Professor A. D. Skelton, of Queen's University, and biographer of Sir Wilfrid Laurier, wrote of the present Prime Minister: — "He has already given proof of high administrative capacity. His personal integrity is beyond question."

Of himself, Arthur Meighen said to his constituents the other day: — "You know where I stood on this issue in 1908, in 1911, and as in 1911 I stand to-day."
