

**BLUES**

Ever have them? Then we can't tell you anything about them. You know how dark everything looks and how you are about ready to give up. Somehow, you can't throw off the terrible depression. Are things really so blue? Isn't it your nerves, after all? That's where the trouble is. Your nerves are being poisoned from the impurities in your blood.

**AYER'S Sarsaparilla**

purifies the blood and gives power and stability to the nerves. It makes health and strength, activity and cheerfulness.

This is what "Ayer's" will do for you. It's the oldest Sarsaparilla in the land, the kind that was old before other Sarsaparillas were known. This also accounts for the saying, "One bottle of Ayer's is worth three bottles of the ordinary kind."

25c a bottle. All druggists.

Write the Doctor.

If you have any complaint whatever and desire the best medical advice you can possibly receive, write the doctor freely. You will receive a prompt reply, without cost, to address: Dr. J. C. Ayer, Lowell, Mass.

The Local Government evidently intends that the resources of Nova Scotia will be well advertised in Great Britain. Large and new offices have been established at 57 Pall Mall and they will be ready for occupation about the middle of June. The offices are splendidly situated the location being one of the best in London. They are within a few minutes walk of Charing Cross, which is the most convenient point for access to all parts of the great metropolis. The Government is also placing with Mr. Howard, the Agent General of the Province, a large quantity of literature bearing upon the general industries and resources of Nova Scotia and arrangements have been made to furnish information on all questions of importance to the Province.—Halifax Chronicle.

**PAINÉ'S CELERY COMPOUND**

The Popular Medicine With the People and The Medical Profession

Only a true and effective remedy could continue to place Paine's Celery Compound in the estimation of the tens of thousands of busy men and women whose only means of judging is from the actual results in their own homes or among their friends. No remedy was ever so highly recommended, because no other ever achieved so many wonderful victories over disease and death.

For feeding exhausted nerves, building up the strength of the body, giving a healthy and natural appetite, and as a promoter of refreshing sleep Paine's Celery Compound stands to day without an equal in the world.

Mrs. Garland, 675 Crawford Street Toronto, gives her experience with Paine's Celery Compound as follows:

Your Paine's Celery Compound has most wonderfully improved my health. Before using it my appetite was poor—almost gone; I was weak and debilitated, and suffered from pains in the head. Paine's Celery Compound does all that is claimed for it. I have recommended it to my friends, and they all speak highly of the results received from it. I wish Paine's Celery Compound the success it so richly deserves.

**HANTSPOINT**

Town Clerk Comstock was out to Berwick on Thursday.

Work has begun on the new iron bridge near the aboiteau. W R Huntley, a native of this town was here Wednesday renewing all acquaintances.

Mrs. D. Cook of Kentville, was visiting her brother, Elijah Forsyth of this place, one day last week.

Dr. Fuller, Hortonville, is erecting a large barn. It will be fitted with water works and modern conveniences.

The hay press run by Mr. Shaw of this town has finished work at Grand Pre, after putting up some 1000 tons.

Mr Grant, formerly with F B Newcombe & Co. Kentville, now travelling for Kenny & Co., Halifax, was in Hantsport last Wednesday on business.

Arthur day was observed by the Grand Pre school. The teacher, Miss Francis Crowe of Kentville, assisted by her pupils, planted trees, made flower beds and smoothed up grounds.

Capt Frank Dodge and Abijah Pearsons of this town went to Palmer Lake fishing last week. Among the number caught was a fine trout landed by the captain, weighing nearly three pounds.

Capt MacKinlay has the keel laid at his shipyard, Mt. Denson, for a large vessel. Having a good saw mill in connection, it is a great help in the work of getting out material for building his ship.

A gay party of townspeople went in a big team to Davison Lake Saturday. They report a very pleasant time and lots of fish—in the lake. However, they caught a good number of the finny tribe, and returned home in the evening, hungry and happy.

There have been quite a number of property transfers near Lawson's corner, Kings Co. lately. Somerville McMillan has purchased Geo. Power's property at that place. George Power bought Ingram Gould's place in Waterville, and Mr Gould has purchased a property in Somerset.

The editor while prowling around down Mt. Denson way, seeking what he might devour, strolled into the precincts of the Aberdeen Beach. Two new cottages have been erected and the grounds will be fitted up for a rushing business. I discovered a robin's nest in the corner of one of the picnic houses, the first family to take up their abode at this popular seaside resort, this season.

Faulkner & Company Grand Pre, agents for The White Co's machinery. There is on the premises at Grand Pre a 6 ton 12 horse-power traction engine rebuilt by White Co. It is a wonderful machine and for hauling big loads on the road, and furnishing power for machinery, is unexcelled. All persons wanting anything in the lines advertised would do well to call or write Faulkner & Co. The firm recently disposed of a big stationary engine to parties in the lumbering business back of Aylesford.

Work on the new schooner was begun in J B North & Sons' shipyard here, Tuesday 14th, under the management of the experienced ship-carpenter, Nelson Pearson. There are five men employed at present. The vessel will be a three-masted schooner, 300 tons, 112 foot keel, depth of hold 11 1/2 feet. New York and local parties are interested, the work here being looked after by W C Baleon, one of our most enterprising men. It is hoped this vessel is the first of a large number to be built here, and Hantsport may become again a centre of the ship-building industry. There seems to be no reason why the work should not go on. It pays to build wooden ships elsewhere, and why not right here?

Ezra Churchill of this town had planted on his farm at Mt Denson last spring a large orchard of fruit trees. They consisted of 1500 apple trees of standard varieties, and pear and plum trees, covering 25 or 30 acres. This spring a person walking over the orchard could not find a single one which did not show signs of life. In fact they are all leaved out and doing finely. Mr Churchill has laid out a nice wire fence around the orchard, and fixed the road sidewalk in good shape. The orchard is the subject of much comment by passers-by and shows the owner knows his business. The trees were purchased from the Newport Nursery Co. I am informed Mr Churchill intends erecting a new house on the premises in a short time.

**Women Dread**

The disfiguration caused by skin disease, even more than the tormenting irritation which is so commonly associated with it. The use of Dr. Pierce's Golden Medical Discovery generally results in a complete cure of eczema, pimples, eruptions and other forms of disease which have their cause in an impure condition of the blood.

"Golden Medical Discovery" absolutely purges the blood of humors and poisons, and so cures the cutaneous diseases which had blood-bred and feeds. There is no alcohol in the "Golden Medical Discovery" and it is entirely free from opium, cocaine, and all other narcotics. "I was troubled with eczema from the crown of my head to the sole of my feet," writes Mrs. W. A. Quick, of Cass City, Texas, Co., Mich. "Could not walk at times, nor wear any shoes. Thought there was no help for me—at least the doctor said there was none. I went to see friends at Christmas time and they heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it, my friends sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took thirteen bottles of the 'Golden Medical Discovery' and ten vials of Dr. Pierce's Pleasant Pellets, and used the 'All Healing Salve,' which made a complete cure. It was slow, but safe. I would say to all who read this: 'Try Dr. Pierce's Golden Medical Discovery before wasting time and money.' Dr. Pierce's Pleasant Pellets assist the action of the 'Discovery'."

**COAL AT LOCKHARTVILLE**

Another find of coal, the best struck yet, was discovered a few days ago, by Chas. Sweet, on his farm at Lockhartville. Last February in following up a creek he came across a seam of coal. The specimens taken out then were very good, and some were taken by Ezra Churchill of this town to Halifax, to be examined by experts. Mr. Churchill paying expenses. The mining experts pronounced the specimens coal. The latest find is much better than that tested, and Mr. Sweet is confident he has struck it in paying quantities. The signs for coal are excellent—slate, red sandstone, the clay, etc. It is expected that the coal ridge runs from Blue Beach on the Avon River up along the range through Lockhartville, and is probably a continuation of the Springhill coal areas. If it should be proven to be a good coal deposit, the shipping would not be difficult—only 11-2 miles to the Avon and 3 miles to Hantsport. Now gentlemen don't let the matter rest till you have proven whether or not you have a good thing. A good thing is worth pushing your knowledge. Keep up your application for that government drill and perhaps when things open up, the poor ADVANCE man may become a multi millionaire like the rest of you.

**A Tonic for Mothers**

The happiness that comes to a home with baby's advent is too frequently shadowed by the ill-health or weakness of the mother. To restore the mother's strength to bring back vigor and energy and to sustain her during the nursing period Dr. Chase's Nerve Food is undoubtedly the most effective preparation obtainable. It makes the blood rich revitalizes the nerves and has a wonderful restorative influence on the whole system. 50 cts a box all dealers.

**Minkard's Liniment Cures Garget in Cows.**

There seems to have been quite a good deal of rosyism in Kings Co. of late. The first part of the month some persons entered the Wedge office and wantonly destroyed the presses and type, and about everything movable. Still later in Berwick the windows of S W Bligh's warehouse were broken by some parties evidently in a spirit of revenge.

**An Honorable Medicine**

That appeals to the best judgment of the best people is Dr. Chase's Kidney Liver Pills the greatest prescription of Dr. A. W. Chase the famous receipt Book author. By acting directly and specifically on the liver, kidneys and bowels this popular family medicine thoroughly cures liver complaint, biliousness, kidney disease, constipation and the accompanying pain and ache. Dr. Chase's Kidney Liver Pills act promptly pleasantly and naturally. One pill a dose 25c a box.

**HANTSPOINT AS A SUMMER RESORT**

Hantsport should become the most popular summer resort of Nova Scotia.

The beautiful Avon river flows by its picturesque shores and from its bluffs in full view is the historic Minas Basin, with old Blomidon rising in grandeur, the proudest promontory of North America. The great ebb and flow of the tides is a wonder to the stranger, their sweeping current cleansing the rivers, creeks and streams. Within an hours drive is the old home of "Sam Slick," the first humorist of America, and almost within sight of the Hantsport hills, is the prairie, where once dwelt Emeline Labiche, better known as Evangeline—

Long before the Frenchmen stemmed the mighty Fundy, Glooscap. It is said, gave a great banquet to his loving subjects, the Micmas, on the shores of Minas waters, and then departed in his great canoe, while the winds sang mournfully through the forest.

Hantsport contains citizens bearing a name which descended probably from the largest body of settlers who ever landed in New England. Many are the legends of this charming section of Acadia. The health-giving breezes, with fragrant fields and woodland dells, combine to give Hantsport the elements necessary to make it a resort to be sought after by the great and increasing population of the Northern States and elsewhere.

A private firm might be organized as a company, to purchase the old Davison property, that fine bluff overlooking the river—a large pavilion for dancing, etc., might be erected with kitchen and lunch counter attached. Bathing houses could be put up along the bank, with steps leading to the beach, also swings and a merry-go-round. The hotels of Hantsport are good, and the citizens might let out some of their rooms, and in time a summer hotel could be erected on the highest part of the bluff.

Publishers of Railroad and Steamship guide books could be notified of the new summer resort.

I have visited most of the resorts of the United States and Canada and the location of Hantsport is as pleasing as any I have seen and compares favorably with western New York state. Thousands of dollars left in Hantsport each summer would greatly benefit your townspeople and the entire community, and Real Estate would increase in value.

Except among the shipping offices of this city, Nova Scotia was seldom mentioned a few years ago, but for some time past the beautiful little peninsula has become most favorably known to the population South under the stars and stripes, to many of whom it is a novelty to see the grand old British flag wave over your Acadian home. J. N. WILSON, New York.

**The TOILET IS INCOMPLETE WITHOUT POND'S EXTRACT**  
RELIEVES CHAFING, ITCHING OR IRRITATION. COOLS, COMFORTS AND HEALS THE SKIN, AFTER SHAVING.  
Avoid dangerous, irritating Witch Hazel preparations represented to be "the same as" Pond's Extract, which easily cures and often contains "wood alcohol," a deadly poison.

It is said that a man who won't take a paper because he can borrow one, has invested a machine by which he can cook his dinner by the smoke from his neighbor's chimney.—Telfair Enterprise.

This same fellow sits in the back pew in church to save interest on his contributions.—Atlanta Journal.

Minkard's Liniment Cures Diphtheria.

Don't you know said the kind old gentleman who stops to talk to the children, that it is very wrong for you to fight a boy smaller than yourself?

Yes, was the reflective reply. I'm willing to take my share of the blame. But I think he ought to have a lecture, too, on the imprudence of speaking rudely to boys that are bigger than he is.—Washington Star.

Minkard's Liniment Cures Disinfectant

**A NERVOUS WRECK**

WAS THE CONDITION OF MISS GILLIS FOR EIGHT YEARS

The Best Doctors' and Hospital Treatment Failed to Help Her, and She Had Almost Lost Hope of Ever Being Well Again—Her Earnest Advice to other Sufferers.

One of the most common, at the same time one of the most to be dreaded, ailments which afflicts the people of this country is nervous debility. The causes leading to the trouble are various, overwork or worry being among the most prominent. But whatever the cause, the affliction is one that makes life a burden. Such a sufferer for years Miss Margaret Gillis, of Whim Road Cross, P. E. I. Her life was one of almost incessant misery, and she had come to look upon her condition as incurable, when Dr. Williams' Pink Pills were brought to her notice, and to this life-giving, nerve restoring medicine, she now owes health and happiness. Miss Gillis tells of her illness and cure as follows: For the past eight years my life has been one of constant misery. My nervous system was shattered, and I was reduced to a mere physical wreck. My trouble began in one of the ailments that so frequently afflict my sex. I was irritable and discouraged all the time, and life did not seem worth living. For seven years I was under treatment by doctors. I even went to Boston and entered a hospital where I remained for some time. While there the treatment temporarily benefited me, but soon my condition was worse than ever. Finally my nervous trouble took the form of spasms which caused more suffering than words can tell. When thus attacked I was as though I was literally being torn apart. I would frequently become unconscious and sometimes would remain in that condition for half an hour. I have sometimes had as many as six of these spasms in a week, and no one who has not similarly suffered can imagine the tired, worn-out, depressed feeling which followed. Doctors seemed utterly unable to do anything for me, and those years of misery can never be forgotten. Then I began taking Dr. Williams' Pink Pills, and in a short while found them helping me. Then another doctor told me he could cure me. I stopped taking the pills, and like the dog in the fable, while grasping at the shadow I lost the substance. I was soon in as wretched a condition as ever.

The pills were the only thing that had ever helped me and I determined to begin them again. I continued to take them for nearly nine months, the trouble gradually but surely leaving me, until I am now almost perfect health and fully released from what I at one time thought would prove a life of constant misery. I cannot praise Dr. Williams' Pink Pills too highly, nor can I too strongly urge those who are ailing to test their wonderful health restoring virtues.

In thousands and thousands of cases it has been proved that Dr. Williams' Pink Pills are the greatest blood builder and nerve restorer medical science has yet discovered. The pills act speedily and directly upon the blood and the nerves and thus reach the root of the trouble, effecting through the permanent cures. Other medicines merely act upon the symptoms, and when the patient ceases using them they soon relapse into a condition as bad as before. There is no trouble due to poor blood or weak nerves which these pills will not cure. Those who are sick or ailing are urged to give this medicine a fair trial, and are cautioned against the numerous imitations which some dealers offer. The genuine pills always bears the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box.

Quite a building boom is on in Waterville, Kings Co. Among the number are the houses of David Fraser and Austen Balsor, who are replacing their residences with new ones this summer.

**SHELDON'S OPINION**

Leamington, Ont. May 18th. Mr. Sheldon states that for two years he unsuccessfully sought a remedy to cure his son of Catarrh but permanent results were not attained until Catarrhox was used. It cured his little boy like magic and he has been quite free from Catarrh ever since. Catarrhox cures all forms of Catarrh Bronchitis Throat Irritation Coughs and Colds. No remedy like it. Quick to relieve pleasant to use guaranteed to cure. Clears throat and nose at one breath. Try Catarrhoxone 25c and \$1.00. Druggists or Polson & Co., Kingston, Ont.
