This morning the citizens of Athens were reminded that King William had crossed the Boyne by the passage through the streets of Addison lodge.

Dr. Harry Denant left on Monday (yesterday) per B. & O. to take up his position in the province of the State of Indiana. This makes the third young M. D., who has left this locality within the past three months to take up their permanent residence in the United States.

Dr. M. M. Taplin, who locates at Gouverneur, N. Y.; Dr. Albert E. Barber, at Mishawaka, Indiana; and Dr. Harry Denant, near the same town as Dr. Barber.

On Dominion day some important changes in the law were made. Mr. Mowat's measure, frequently called the Cigarette bill, from that day will be used to correct the habits of the young. It is not properly named the Cigarette bill, because it is aimed against the use of tobacco in all its forms. All persons under eighteen years of age are now prohibited from buying, using, or having tobacco in their possession, and those who sell or give it to them will be liable to heavy fines.

The matrimonial fever has struck this town. A wedding on July 6th at Temperance Lake when Mr. Charles F. Fawcett was united in marriage to Miss Eva E. Towris, daughter of Joseph T. Towris, was the first. Then came that of Mr. T. Topping to Miss S. Kelly, of Rear Yonge & Escott, on Wednesday afternoon. This was followed by Allan Curtis on Sunday evening, leaving Miss Alice Cameron of this village to the altar. On the 8th inst., Wm. J. Berry of Sealey's Bay was united in marriage to Miss Eva, youngest daughter of the late Henry Johnston of Escott. To-morrow there will be another matrimonial venture but as it is unprofessional to give office secrets away, we will leave the names of the parties to be conjectured by our readers.

Successful Sportsmen.
A Fernox correspondent, writing to the Kingston Whig under date of July 4th, says:—M. A. Everitt, barrister, Athens; M. Flach, M. A., mathematical master, Athens high school; M. B. Demart, Delta; M. H. Ludwig, L. L. B., barrister of Toronto, and party from New York were guests at the Lake View house last week, while they angled for the fluky tribes in Wolfe and Canoe lakes. They caught a large number of splendid black bass and pike and pronounced Wolfe lake the finest lake in Ontario for black bass. The "boys" noted D. J. Ratten a right jolly good fellow and hope to find him still proprietor of the Lake View when they return next year. Of course Dulbey's "derrick" assisted materially in the large catch.

Dr. W. Armstrong, dentist and bone surgeon, of Toronto, will visit Athens again on Wednesday, July 13th, at 10 o'clock, a.m. to 2 p.m. at the Gamble House. On motion, an order was drawn on treasurer of the Chesapeake and Potomac Telephone Company, amounting to \$50.67, on account of Chemical Fire Extinguishers as per resolution of special meeting of council.

In motion, it was resolved that this council except of the plan of the Cameron and Kerr block, as laid out by Walter Berry, P. L. S., and was dated December 3rd, 1891, and that we allow the streets on said plan to be laid out at the width of 60 feet, viz: Extension of Pearl and Prince streets, and a new street running parallel with Henry street, called Kerr street.

Order drawn on treasurer for \$25 on clerk's salary account, after which the council adjourned to next regular monthly meeting, unless sooner called by the Reeve.

B. LOYRAN, Village Clerk.

J. H. Wilson, of Kalamazoo, Mich., brother-in-law of B. Loyerin, spent Sunday in this village.

Rev. Mr. Potter, of Merrickville, will occupy the pulpit of St. Paul's church, Athens, on Sunday evening next.

Mr. Jas. P. Qils and wife, of Morrisburg, N. Y., spent a few days last week with their niece, Mrs. B. Lovrin.

Mr. S. K. Breese, of Syracuse, one time of Newboro, is spending his vacation in this section, and while in Athens is the guest of Mr. W. M. Stevens.

A couple of months ago a Philadelphia woman bought a rustic table made of the boughs of some trees from which the bark had not been removed. About two weeks ago the table began to throw out green sprouts, and now the whole table is in full bloom.

The directors of Frankville Fair have decided to enlarge their buildings at once and bills, calling for tenders, were issued from this office yesterday. Plans and specifications can be seen at the secretary's office, Franklinville. Tenders to be sent in to R. Barlow, Addison.

Through their excursion to Newboro on July 1st, the A. O. U. W. of the Brockville district were enabled to present to the Brockville General Hospital the magnificent sum of \$200. Mr. D. B. Jones, treasurer of that deserving public institution has suitably acknowledged the gift.

The prize list of Frankville fair is being printed at this office this week and will be ready for distribution on Monday next. The list of special prizes is the largest ever secured by the Society, and foots up to \$283.25. The genial Dave Downey is president and manager again this year and the board of directors is a band of hustlers. Dave has said it, and it must come to pass, that they are going to have the greatest and best show in this section this fall.

Gannaco Reporter:—Men who are mean enough to take a newspaper for five or six years without paying for it, and then send the paper back to the office marked "refused" have not had their cases provided for in the statutes of the country. Nothing short of a term in goal, after the full amount of arrears with interest thereon had been paid would be sufficient punishment for such sneaking meanness.

The aroma of the tobacco leaf is so completely conserved in the manufacture of "Myrtle Navy," that age has no effect on it. This is an excellent showing and should be very gratifying to both the principal and pupils of our village school.

Card of Thanks.
Those who so kindly and generously assisted in caring for the late Sala Blancher during his sickness and burial, will please accept the heartfelt appreciation of

Village Council.
The regular meeting of the village council was postponed from Friday evening until Monday evening, in consequence of the absence of the clerk. On Monday evening the members were all present, except Mr. J. P. Lamb. After reading and adoption of the minutes of last regular meeting, the clerk reported that he had handled the sum of \$39.60 over to the village treasurer as amount collected as dog tax and sale of tags.

On motion, an order was drawn on treasurer of the Chesapeake and Potomac Telephone Company, amounting to \$50.67, on account of Chemical Fire Extinguishers as per resolution of special meeting of council.

In motion, it was resolved that this council except of the plan of the Cameron and Kerr block, as laid out by Walter Berry, P. L. B. LOYRAN, Village Clerk.

Delta Fair managers are getting a handle on and will shortly start out on a canvassing tour for special prizes and new members.

McLaughlin's barber shop in the Armstrong block is meeting with a well deserved run of custom. On Saturdays it is necessary for Mc to have an assistant.

Quite a number of cheese factories in Western Ontario have adopted the system of paying for milk according to the percentage of fat shown by the Babcock tester. Where this system has become general, watering and skimming milk will go out of fashion—it won't pay any longer.

John Kerfoot drove out to Westford last week and secured a number of excellent photos of the house and grounds as well as good likenesses of Rev. Father Kelly and members of his household. We were shown proof prints of the negatives and they were perfect art pictures of the subjects photographed.

Mrs. Martin, of Kingston, was taken suddenly ill with a pain in her side one evening last week. The pain grew worse until a doctor had to be sent for. Upon examination the physician found a large abscess, and a needle about two inches in length was removed. How the article got there is a mystery.

Phil. Witte & Co. have been making some very fine improvements in their store lately. They have put plate glass tops on the front counters and put the show-cases, formerly on counters, in centre of floor. Besides adding greatly to the convenience of handling goods, the change has made a decided improvement in the appearance of the store.

Says the Brockville Times—Our citizens who utilize small boats in bringing goods from the United States are probably not aware that it is illegal to use any such conveyance being used in Canada even supposing the articles are free of duty. A recent seizure of a skiff in Brockville brought this point of law to the notice of the owner of the boat.

About three weeks ago gates were erected at the entrance to the Thousand Islands park and an admission fee of ten cents charged. Monday night a party of prominent cottage owners adverse to the scheme tore down the gates, which were locked, threw them into the river and sunk them. There was great excitement among the trustees of the park.

During the past week the one all-absorbing topic of interest throughout the whole civilized world has been the English elections. To-day (Tuesday) being good-bye to the old government seems almost a certainty, and with many it is now merely a question of what Gladstone's majority will be in the new house. It is estimated all the way from 80 to 70, but it is so greatly hampered the G. O. M. in carrying out his Home Rule program.

Brockville Cheese Board.
Special to the Reporter.
Thursday, July 7.—It was near 9 p.m. when the Redmond of Leamdown, took President Singleton's chair and asked for the best of order, as he had important business for consideration to-day. Mr. Redmond enjoys the reputation of being the speaker of the house. His speech to-day from the presidential chair was perhaps one of the best efforts he has made in connection with the board of trade.

R. G. Murphy requested the privilege of reading a letter that his partner, Mr. Dargavel, of Elgin, had received from Mr. Geo. Taylor, M. P. for South Leeds, announcing the passage of the Chesapeake and Potomac Telephone Act, and asking him to secure the co-operation of the Brockville Cheese Board in making it effective. After some discussion, it was moved by O. Bush, M. P., seconded by W. H. Thompson, that in the opinion of the members of this board of trade, the Chesapeake and Potomac Telephone Act, as introduced by Mr. Taylor, M. P., and passed by the House, be moved in the right direction and meet with our approval; therefore—Resolved, that we advise the Government to put the said Act in force at once and appoint a competent man for the working of said Act.

R. G. Murphy then moved, seconded by O. Bush, Esq., that in the opinion of this board of trade Mr. G. G. Pablo, who has been one of the inspectors for the Eastern Ontario

Dairymen's Association for the past six years, would be a competent man to act as inspector of cheese in Montreal and that we therefore recommend his appointment to such position.

This motion did not seem to suit Mr. Speaker of the House, who was evidently not conversant with Mr. Pablo's political color. He was anxious that this board should not interfere with Mr. Taylor. The other members did not view this question in the same light, however, all recognizing Mr. Pablo's fitness, and the motion carried unanimously. A third copy of the foregoing resolutions be forwarded to J. F. Wood, M. P., and Geo. Taylor, M. P., asking their co-operation to secure Mr. Pablo's appointment.

When the sale of cheese commenced your correspondent was surprised to find the number of cheese offered for sale to be less than 6,000 boxes. This was somewhat below what we believe to be the actual holdings of board members. We have but one course to believe, viz.: that many salesmen had foolish policy of selling on the quiet in hopes of getting a small margin over his neighbor. We feel ashamed of such conduct from members who are by their subscription as members fees are in honor bound to respect and uphold the rules of the board made expressly for that object. It is certainly a humiliating spectacle to see members who hold large offerings take back seats and refuse to sell goods registered, which had been practically sold before being placed on the bulletin board. Such conduct can have but one result, and that will most surely be felt most by the honest farmer who would prefer to have the business done openly and above suspicion. We think 8,000 boxes would be a low estimate of the goods sold. We heard one buyer say that they had secured nearly 1,500 boxes and did not have to take any chances on the board.

There was a good strong market, the goods bringing more money than was expected. The cable reported white and colored cheese in Liverpool as being sold at 44 shillings. Ruling price here was 84 for white 84 for colored.
