Smith's Falls News: Rev. L. M. Weeks, B.D., of Athens was the guest of Mr. and Mrs. James Murray over Sunday and assisted at the evening service in the Baptist church.

Athens main sewer is being opened up, and its importance is demonstrated by the very large amount of water that, even at this season, is flowing through it. The effectiveness of this drain possesses more than a purely local interest and it is important to the whole village that the present work be well and thoroughly done.

Those who heard Frank R. Conklin in "David Garrick" and "Caste," on the occasion of his former visits to Athens, should not miss hearing him in "The Sign of the Cross" on Friday evening, Nov. 4th, in the high school hall. Proceeds in aid of the public library. A few reserved seats on sale at H. R. Knowlton's.

Four negro students at Queen's University suffered "hazing" at the hands of a lot of their fellow students. They were stripped, daubed with paint and otherwise maltreated. It was a dastardly thing to do, and contrary to all British traditions. The ruffians, if apprehended, should be punished and expelled.

A Musical Instrument Properly Handled

Affords one a great deal of pleasure. The proper manipulation of a Guitar and Mandolin in concert make the most pleasing effect. With a Karn Piano, the exquisite melody is complete.

ACCURACY

Absolute accuracy in dispensing your Physician's Prescription is of the first importance.

We appreciate this fully and consequently a duly qualified and experienced Chemist is always in charge of our dispensing department. No prescription leaves our store without being thoroughly checked by him. Likewise the drugs prescribed are always of the best, in fact of standard quality and purity. Greater care, better drugs, more skilled knowledge could not possibly be employed.

This, no doubt, accounts for the large increase in our Prescription Department, and the confidence which the public place in us.

We regret to learn of the probable removal of Mr. A. E. Donovan and family to Brockville. Athens can ill afford to lose such an enterprising citizen.

Mr. M. C. Kelly's little daughter Mildred has just been awarded first prize in a "best looking" competition held at Lisbon Centre, N. Y. The prize was a handsome mirror.

Mr. W. F. Earl was in Brockville this week arranging for the installing of his gas generator in the Arnouries for the Made-in-Canada exhibition, which opens on Monday next.

At the Methodist parsonage on Wednesday last Miss Lily Cowan of Scotland and Mr. Elgin Bramley of Lohoro were united in marriage by the Rev. S. J. Hughes.

Keep sweet! It will be all over tomorrow, and the great world will whirl on steadily no matter who is elected. And we all have to live together after it is over.

The date of the A. H. S. Commencement has been definitely fixed for Wednesday, November 16, the day before Thanksgiving Day. The programme will be issued this week.

In beginning the autumn's work, Rev. L. M. Weeks has arranged to preach a series of Sabbath evening sermons in the Baptist church on "The Central Figures of the Ages." The services will be bright and evangelistic and all will be made welcome.

Rev. Father Twohey of Trenton, formerly of Westport, died at Mount Clemens, Mich., on Tuesday of last week, after a lengthened illness from typhoid fever, following an attack of inflammatory rheumatism.

Two parcels of village property in Phillipsville, belonging to the estate of the late A. T. Halladay, will be sold by auction on Thursday, Nov. 17. Omer Brown, administrator of estate. T. B. Beale, solicitor for administrator. Sale at 2 p.m. J. W. Russell, auctioneer.

Peterboro is the largest town in Ontario, the present population being 14,175, as compared with 11,548 in 1903. An increase of 1,781 was brought about by the addition of the village of Ashburnham to the town, while the natural growth is responsible for the difference.

The address given by Dr. Ewan in the Methodist church on Thursday evening was very much enjoyed by a large audience. His account of the life and customs of the people of West China and the mission work there was of absorbing interest. His realistic treatment of the subject was helped out by the display of a large number of articles collected in that mission field.

A meeting of the dairy salesmen of Brockville district was held at the St. Lawrence Hall, Brockville on Tuesday. We have not learned the nature of the business transacted, but it is to be hoped that some steps were taken to end the farcical performance at the weekly meeting of the board of trade and to make the use of the brand a necessary qualification for membership in the association.

Athens Voters' List Court will be held on the evening of November 14th.

It looks now as if the rown ball would be safely and snugly enclosed before severe weather hampers operations.

Look at the date on your address label, and if it doesn't read up-to-date, we will be pleased to change the figures.

The Epworth League has decided to have a syllabus printed which will give the topic, leader and programme for each meeting for the next six months.

Dr. Leonard W. Jones closed his office here on Monday and removed to Portland, where he will practice his profession. While regretting his departure from Athens, the Reporter hopes that he may meet with a full measure of success in his new location.

On Thursday afternoon the ladies of the W.M.S. will hold a parlor meeting at the home of Mrs. I. C. Algire. The delegate to the branch meeting will present her report, refreshments will be served and a good programme presented. Each member is entitled to invite a lady friend.

The great "Made-in-Canada" exhibition, which opens in the Arnouries, Brockville, on the 7th, is attracting a great deal of attention and its success is assured. The proceeds are for the benefit of the General Hospital and members of the Athens auxiliary will contribute several articles for the booth.

Mr. J. R. Moore, science master of the Kemptville High School, has tendered his resignation, to take effect at Thanksgiving. Mr. Moore has accepted a similar position in Harbord street Collegiate, Toronto. The Telegram says: Mr. Moore's departure from Kemptville will be generally regretted for he was a most capable teacher and as well had identified himself with local church and social circles.

On Wednesday, Oct. 26, at the home of Mr. and Mrs. Thos. Vanarnam, Havelock, their daughter, Miss Katherine M., and Rev. Arthur E. Hagar, B.A., were united in marriage. Both the contracting parties are well known and highly esteemed here, and the announcement of their wedding was received with pleasure by their many friends. Mr. and Mrs. Hagar will be at home at Portage du Fort after November 1st.

A gentleman driving an automobile registered at the Armstrong House on Thursday, and on Friday morning in leaving the village his machine frightened a horse so that it threw itself on the sidewalk and broke one of the wheels. This little incident will serve to explain the antipathy that farmers and other horse-owners have against autos. One of these machines rushing along a country road, in the day or night, has more terrors for a horse than a traction engine.

Uncle Wrely Smith passed amidst most pleasant surroundings the 94th anniversary of his birth on Friday last. The event was honored by a dinner at the home of his daughter, Mrs. Geo. Stevens, at which were present a number of relatives and friends, and a very pleasant family reunion took place. Uncle Wrely is still in possession of all his faculties, physical and mental, and enjoys reading and conversing with his friends, so that he was able to fully participate in the pleasures of the day.

An exchange says: These days as you will doubtless have noticed when one of our young couples get married, they do not spend a month honeymooning, as was the custom in former days, but settle down to routine at once under their own vine and fig tree, with the one harmonious purpose of building up a comfortable and happy home instead of spooning around over the country, attracting the attention of everybody, looking sickeningly lovable and calling each other all kinds of sweet little chestnuts.

Hollowe'en was very quietly observed in Athens. Early in the evening the boys manifested a disposition for mischief, but the Chief appeared to be ubiquitous and no plans could be laid or organization arranged. If a storm center formed at Hickey's Corners, the Chief would be there, and if the scene of disturbance shifted across the village, the Chief would loom up through the darkness and the boys would disperse. Thus were the traditional liberties of the eve of All Saints Day curtailed, and by 11 o'clock the streets were deserted.

Viewed from a purely impartial standpoint, the elections throughout the Dominion to-morrow seem likely to arouse less excitement, less interest, in fact, than any that have taken place for years. The difference in the trade policies of the opposing parties is not such as to arouse any feeling in manufacturing centres, and the Grand Trunk Pacific enterprise is not a tempting subject for the demagogues of either side. Of course, personal feeling may cause a little bitterness in some contests, but generally a straight appeal to the judgment and party fealty of electors is being made. Such attempts to cloud the issue as are being made can hardly have much effect, so that the verdict of to-morrow may be regarded as being based in an unusual degree upon the record and policy of the government.

Itching Skin
 Distress by day and night—
 That's the complaint of those who are so unfortunate as to be afflicted with Eczema or Salt Rheum—and outward applications do not cure. They can't.

The source of the trouble is in the blood—make that pure and this scaling, burning, itching skin disease will disappear.

"I was taken with an itching on my arms which proved very disagreeable. I concluded it was salt rheum and bought a bottle of Hood's Sarsaparilla. In two days after I began taking it I felt better and it was not long before I was cured. I have never had any skin disease since." Mrs. Ida E. Ward, Cove Point, Md.

Hood's Sarsaparilla
 rides the blood of all impurities and cures all eruptions.
