January Stock-taking and Clearance Sale.

ON FRIDAY, JANUARY 1st, we inaugurate a great stock-taking and Clearance Sale to continue throughout the month of January. WANSTEAD INQUEST.

THE JURY UNABLE TO FIX THE RESPONSIBILITY.

BETWEEN DESPATCHER KERR AND AGENT CARSON.

EMPLOYMENT OF MORE EXPERIENCED OPERATORS.

Wyoming, Dec. 31.—One of the reasons for the inexplicable chain of circumstances which prevented express No. 5 being stopped before it reached the Wanstead siding was explained yesterday by the evidence of James Troyer, the operator at Kingscourt Junction. He had been only three days an operator, and from his own admission did not know the call of his own office, "K.C." The night of the accident was his first night of service in the little station at the Junction, and his previous experience had been two nights' service at Strathroy, during which time he had received four train orders. Troyer, whom Train Despatcher Kerr at London and Agent Carson at Watford looked to as the means of stopping the express, is barely seventeen years of age. Kingscourt Junction of course was important only one night, and that night the operator stationed at it failed. Ordinarily the orders received at it are few and unimportant, and the wages paid by the company for a night man at such a post could scarcely be considered meagre, being \$40 per month. The company appears to have pressed into service, however, a number of very young men as operators to meet the demands of the tremendous freight and passenger traffic of the past month, one of them being Troyer and another Hicks, the assistant of Agent Carson at Watford.

The jury returned its verdict to-night, and, so far as placing the direct responsibility upon one man, the finding was abortive. The verdict handed to Coroner Harvey after hours of deliberation was as follows:—

"We find that Arthur W. Ricketts was killed in the collision at Wanstead on the evening of Friday, December 26th, 1902. That said collision was caused by wrong orders being given No. 5 at Watford; responsibility for this issuance of wrong orders we are not asked to fix as between operator Carson and despatcher Kerr. That after No. 5 had left Watford by the issuance of wrong orders, we consider that the accident could have been averted by the operator at Kingscourt Junction had more experienced operators at these points, one being but a boy of sixteen, at each of which the despatcher, having ample time to do it, endeavored to get the opposing trains stopped."

The coroner followed the unusual course of allowing addresses by counsel to the jury, and the jury were delivered at the evening session, after the evidence had been delivered. Mr. Hanna stated that he had no personal feelings in the matter, but, as the representative of the coroner, he felt it his duty to state that he would deal perfectly fairly.

Addressing the jury Mr. J. P. Bucke, the County Crown Attorney, told them that they were to give their verdict entirely from the evidence, and not from anything they might have read or heard of some length he reviewed the different features of the case, and the orders leading up to it. He did not think the train hands were to blame on either train. The question had been put, "Why did Carson give a clearance to No. 5?" That was for the jury to decide. Consideration, he also said, must be given to the fact that Carson had heard the conversation between London and Wyoming. That might be the reason he gave the clearance.

However, all railroad employees were supposed to know the company's rules. Carson had acted on his own responsibility, and it was for the jury to say if he was justified in so doing. In concluding he said: "You are here in the interest of the public, and in the interest of the public I must ask you to explain how in the accident happened."

Mr. Hanna said he would like to say a few words regarding the cancelling of that order. He did not like the way in which Mr. Bucke had, so to speak, "pointed the finger of suspicion" at Carson. He would like to ask if it was right that a mere boy of sixteen years of age and 48 hours' experience should be trusted with the lives of hundreds of human beings? He asked that in a hurry at the moment, and was it not possible that he had slipped back into the old wording that was in use up to three years ago, and said "hust?" He admitted himself that he had used these words.

Mr. Pope said there was no desire on the part of the railway to saddle the blame on Carson or shield Kerr. Coroner Harvey gave the evidence to the jury at 8 o'clock, and the verdict was brought in at 11:04 o'clock as given above.

Mr. and Mrs. John D. Ronalds, of Brussels, are visiting in the city for a few days. Mr. Ronalds is a former resident of Chatham, having at one time managed the old Harvester Works on Adelaide street.

PERSONATION PENALTY.

A DEPUTATION CALLED ON THE GOVERNMENT.

Asking Authority For a Mandamus to the Police Magistrate—A Commission to Inquire Into Irregularities.

Toronto, Dec. 31.—A deputation on behalf of the temperance cause, consisting of Messrs Geo. F. Mariet, Alexander Milne, K. C., Rev. Dr. Chown, N. W. Rowell, E. C., and W. E. Roney waited upon the Attorney-General yesterday afternoon. One of the matters discussed with the Attorney-General was the action of the Police Magistrate of Kingston and Toronto in imposing fines without imprisonment on the persons who were recently convicted before them of the offence of personation. The Attorney-General was asked to authorize an application to the High Court for a mandamus requiring the Police Magistrate of Toronto to impose the severe penalty of imprisonment, as well as a fine, which, they contend, is the provision of the election act. The four men recently convicted of personation in Toronto were fined \$50, without imprisonment.

The deputation also requested that a commission should issue under chapter 10 of the revised statutes to investigate the whole matter of alleged irregularities in connection with the late referendum vote, including the charge of the manipulation of ballots. The deputation was informed that the matters presented by them would have the careful consideration of the Government.

MR. MACKENZIE'S VIEW.

PACIFIC SCHEME INDEPENDENT OF THE GRAND TRUNK.

The Canadian Northern Has No Intention of Selling—Will Extend East From Port Arthur to Quebec.

Winnipeg, Dec. 31.—William Mackenzie, President of the Canadian Northern, arrived in Winnipeg yesterday morning. Premier Roblin travelled with Mr. Mackenzie from Toronto.

Asked regarding the Grand Trunk's trans-continental railway project, Mr. Mackenzie said:—"The project is not being entertained by the Grand Trunk Railway Company, and the statement that they are going to build did not come from them, as far as I can learn. It is a new company, and they are in the position of any other company, but have not yet obtained a charter even. The Canadian Northern is not in any way affected by the project. We are not selling out, and have not put a price on our road, and have no intention of selling."

Mr. Mackenzie said:—"We intend to take all the centre of population—Ottawa, Montreal, Quebec and Toronto."

Mr. Mackenzie, on a map of the Dominion, located Kaskashine, on the C. N. R. between Port Franks and Port Arthur, and drew almost a straight line from there to where Quebec is marked on the map. "That will make a good straight line, will it not?" he inquired.

Continuing, Mr. Mackenzie outlined the branches which will run upward in a northerly by westerly direction to connect Montreal and Ottawa with the proposed extension of the main line. "From Toronto we will build upward our James Bay line, on which we are already at work."

Harold Poole, of Port Rowan, will spend New Year's day with his parents in this city.

ATTACKS THE PREMIER.

SIR CHARLES TUPPER ON THE PACIFIC CABLE.

Says Sir Wilfrid Delayed Construction—Regrets Sir Sandford Fleming Is Not on the Board.

London, Dec. 31.—Sir Charles Tupper, in a column letter in the Times yesterday, severely attacks Sir Wilfrid Laurier's Pacific cable policy. He quotes elaborate extracts in support of his contention that Sir Wilfrid delayed the construction of the cable for three years and increased the cost by \$1,400,000. He regrets that no place has been found on the cable board for Sir Sandford Fleming.

There are fifteen candidates for aldermen who will submit their names to the electors on Monday next. Nineteen men were nominated, but four have withdrawn. James N. Macneay, W. G. Richards, J. G. Kerr and William Nedham have resigned. The candidates for places at the City Council from whom the people will have to choose are:

Mayor—W. E. McKeough and Geo. W. Cowan.

Aldermen—Samuel Bullis, John Edmondson, David Jordan, B. B. McCole, W. S. Marshall, G. G. Martin, E. A. Mounter, W. T. Pigott, Henry Robinson, Thos. Scullard, E. R. Snook, G. G. Taylor, Andrew Thompson, John Waddell and Henry A. Westman.

LOST 2,000 MEN.

REBELS ATTACKED THE CAMP AT NIGHT.

SULTAN FAILED IN ATTEMPT TO LEAVE FEZ.

FOREIGNERS ADVISED TO FLEE TO THE COAST.

Madrid, Dec. 31.—A despatch from Tangier, Morocco, to-day announced that the rebels have cut the aqueduct which supplies Fez with water, and added that the city is now practically without water. It was further asserted that, unless the Kabyle tribesmen from the south come to the succor of Fez, the place must surrender within three days. It is reported here that the Sultan of Morocco has been foiled in an attempt to break out of Fez by the rebels who are investing that city.

The hostility against the Sultan is spreading in Fez. The Moors are exhibiting photographs of him arrayed in ridiculous garb. The Sultan yesterday assembled the notables of the besieged town at the palace and exhorted them not to despair, assuring the chiefs that the imperial troops ultimately will triumph.

Great Britain and France have notified Spain that they have no intention of taking any advantage of the situation in Morocco, and that they desire the maintenance of the status quo even in the event of the Sultan being deposed and his place taken by the pretender. These communications have reassured the Spanish Government, which thus is relieved of fears of international complications.

London, Dec. 31.—A despatch to The Times from Tangier, dated December 28, says a courier from Fez reports the Christians there to be safe. The missionary women are in the British Consulate. The attack on the camp occurred at night. It is reported that 2,000 of the Sultan's troops were killed. An absurd rumor is current, continues the correspondent, that the French are supporting the rebels. As a matter of fact, the anti-Christian movement is more dangerous to the French than to anybody else, as it threatens them in Algeria.

Nominations for Separate School trustees were held to-day and resulted as follows:

There being no other nominations, the above were declared elected by acclamation.

UANAHA CRITICIZED.

SCORED FOR ATTITUDE REGARDING NAVAL DEFENCE.

London Globe Correspondent Thinks it is Due to Domination of Quebec in Councils.

London, Dec. 31.—A correspondent of The London Globe in an article entitled "Canada and naval defence" scores Canada for standing aloof from the general colonial sympathy with Imperial aims and ideals. He says that what intensifies this feeling of disappointment is that this result is due to the virtual domination of Quebec in the councils of Canada, and the truckling to the ultra-mountain elements thereof. He states that such a conclusion is not legitimately deducible from the circumstances of her refusal to offer a sum towards the Imperial navy and the defence of the empire.

GRAND TRUNK EARNINGS.

London Financial News on Question of Third Preference Dividends.

London, Dec. 31.—Friends of the Grand Trunk here comfort the shareholders of the road, who were disappointed with the November earnings, by quoting figures showing that the net profits of the past five months have increased by \$253,500; the gross receipts have increased by \$1,055,500, the working expenses have also increased by \$882,000. The Financial News says:—"It is doubtful whether holders of third preference will get any dividend, for the directors are expected to maintain the financial strength of the company in view of the Grand Trunk Pacific undertaking, costing \$150,000,000 to \$175,000,000."
