ANDY COAKLEY GOES TO CUBS

Former St. John Pitcher Secured For the Chicago Worlds Champions From the Cincinnati's.

DETROIT PLAYERS IN FISTIC BATTLE

Infielder O'Leary and Pitcher Summers of the American League Champions in Fistic Encounter.

Chicago, Sept. 2.—Charles W. Murphy, president of the Chicago National League Club today closed a deal whereby he secures Pitcher Andy Coakley of the Cincinnati team. Coakley will join the Chicago team here tomorrow.

Coakley will be remembered as having pitched stellar ball in St. John several years ago.

TROUBLE AMONG THE TIGERS.

O'Leary and Summers Engage in a Personal Encounter—Former Sprains His Finger.
 Detroit, Mich., Sept. 2.—There was considerable wonderment among the fans today when the Tigers took their positions in the first inning and it was seen that Schaefer was to play short instead of O'Leary. Soon it became known the little shortstop had injured his hand during the morning practice, but it was not in playing ball. Instead the injury was caused by

the contact of the hand and Summers' jaw.
 The big pitcher and O'Leary became involved in an argument, which waxed hotter and hotter until finally O'Leary launched a right hand punch at Summers. It landed on the big fellow's face but the most damage it did was to O'Leary himself. One finger was bent back by the force of the blow and badly sprained. Summers came back and landed a couple on O'Leary before the other players rushed in and separated them. O'Leary will be out for a day or two.

LOSES HIS BUSINESS.

"Pop" Anson Also Loses 30 Shares of the Chicago National League Club Stock.

Chicago, Sept. 7.—The troubles of "Pop" Anson culminated today when Mrs. Anna S. Taft, wife of Charles P. Taft, brother of William H., was given a judgment for possession of the premises occupied by A. C. Anson & Co., as a billiard hall at 135-141 Madison street.

It was alleged in the complaint by Mrs. Taft that the Anson concern has failed to pay any rent for the last year. During most of that time the former leader of the Chicago National League team has been in financial troubles.

Capt. Anson formerly owned 39 shares of the Chicago National League baseball club, which he put up with Taft as security for the lease. He has not only lost the stock but his business.

NEWS AND NOTES OF SPORT.

Hot Springs still leads the Arkansas League and looks to have the flag clinched.
 Roscoe Miller, the ex-major leaguer, is now a sporting editor at Fresno, Cal.

The Carolina Association has closed a most successful season with Greensboro the pennant winner.

The Newark team has been going to the top in the Eastern League race at a fast clip, while Buffalo has been losing ground.

It takes a close race in a minor league to get the money. Jacksonville's big lead and easy win is held to be responsible for the money losses of the South Atlantic League clubs.

"Ducky" Holmes is working hard to push his Sioux City team to the top of the Western League column. Omaha,

Lincoln and Denver are the other contestants for the high honors.
 Chattanooga will be on the baseball map next season, though it remains to be decided whether she will have a team in the South Atlantic or Southern leagues.

The Wisconsin-Illinois League teams have been playing great ball. A 23-inning game in which Oshkosh won from Fond du Lac 4 to 2 and Wausau taking a double-header from Madison 1 to 0 in both games are samples of the recent sport furnished by the W-I teams.

Stanfield's Underwear

(Chapter 1)
 A Talk by the Maker to the Wearer.
 The Wool
 Stanfield's Underwear is made of the best wool that grows on the best wool-bearing sheep in the world—the long, silky-fibred Nova Scotia wool.

The founder of the Stanfield mills did more than anyone else to develop the wool industry throughout the Maritime Provinces. For half a century, the farmers of New Brunswick, Nova Scotia and Prince Edward Island have saved their best wool for the Stanfields—first for C. E. Stanfield— and now for his sons, John and Frank, the President and Treasurer of Stanfields Limited.

The wear of a garment depends on the quality of wool from which it is made. Underwear may be PURE WOOL, and ALL WOOL—and still shrink, ravel and wear out in a single season. Because the underwear is not made of good wool in the first place.

There are seven grades of wool in the fleece when clipped from Nova Scotia sheep. Only the first three grades of this best wool are used in making Stanfield's Unshrinkable Underwear for men and women.

There are no weak spots in the fibre to break in the garments.
 There can be no unraveling, because every stitch is locked.
 Garments can't shrink, because of our perfected process of treating the wool BEFORE garments are woven, thus insuring absolutely Unshrinkable Underwear.

Stanfield's Underwear is right from start to finish. It is planned right, made right and wears right.
 In all sizes from 22 to 70 inch chest measure. In three winter weights—RED label for light weight—BLUE label for medium weight—BLACK label for heavy weight.
 Your dealer probably has all sizes and weights in stock. If not, he can easily get whatever you wish.
