

WILL NOT BUY SPRINGER QUARRY

Project Defeated by a Vote of 10 to 9.

SIDEWALK WORK PASSED.

Ald. Nicholson Fails to Get the Agreement With Geo. Stroud for Sewer Right of Way Reconsidered—Committee Appointed to Make Civic Holiday Arrangements.

The City Council had a two hour session last night, at which the features were the defeat of the proposal to buy the Springer quarry; the failure of an effort to re-open the settlement with Mr. Geo. Stroud for Birch avenue sewer right of way, and the appointment of a special committee to boom Civic Holiday.

Mayor Teetzel presided, and there were present also: Ald. Evans, McDonald, Reid, Ten Eyck, Hobson, Dunlop, Findlay, Hurd, Nicholson, Kerr, Dwyer, Nelligan, Massie, McFadden, Hill, Walker, Fearnside, Pettigrew and Dixon.

Communications.

Among the petitions received and referred to various committees were the following:

From Staunton & O'Heir, for Samuel Garrity, claiming the \$100 reward in connection with the third main by-law passed.

From R. O. Mackay and others against the opening of West avenue, between King and Main streets.

From Wm. Kavanagh, asking for a grant to the Holy Sepulchre cemetery.

From a number of ratepayers asking that T. J. Stewart's gully pole be allowed to remain on Merrick street.

Won't Buy Springer Quarry.

Chairman Findlay was not in favor of all the recommendations of the Board of Works, and Ald. Hill moved the adoption of the report.

Chairman Findlay moved that clause No. 6, recommending the purchase of the Springer quarry, be struck out. Ald. Reid seconded the motion.

Ald. Nicholson said that he had hoped that when the Council had voted \$800 for an \$800 privilege at the last meeting it would stop the extravagance for the year. He considered that, if presented to the city, the Springer quarry would be very dear. The City Engineer, Chairman Findlay and other practical men considered the Springer quarry useless for city purposes, and he hoped that the Council would not vote \$7,000 on the ground, purely, of charity.

Ald. Dunlop agreed with Ald. Nicholson.

Ald. Findlay thought that if the city considered an offer such as that made by Mr. Ritchie, the City Engineer's opinion, in which he was backed up by an expert employed by Mrs. Springer, was that the stone could not be got out at less than 42 cents a foot, yet Hamilton can buy curbing at 24 cents. It would be a laudable thing to buy a quarry and have the stone cut here if it could be done to advantage, but to pay 42 cents at home while curbing could be laid down at 24 cents he thought was going too far. He pointed out that Mr. Caracallan, who was advocating the purchase, did so as a paid solicitor. When Mr. Caracallan was an alderman he opposed it from beginning to end.

Ald. Fearnside suggested that Mr. Caracallan be heard, but the Council couldn't see it that way.

Ald. Findlay's amendment striking the clause out carried, the vote being: Yeas—Ald. McDonald, Reid, Ten Eyck, Dunlop, Hobson, Findlay, Nicholson, Hurd, Nelligan, Dixon—10. Nays—Ald. Evans, Kerr, Dwyer, Massie, McFadden, Hill, Walker, Fearnside, Pettigrew—9.

Unauthorized Clauses.

Ald. Kerr objected to clause No. 5, on the ground that no such recommendation had ever passed the Board. Ald. Findlay explained that he was not responsible for clauses No. 4 and 5 being in the report, and agreed to the withdrawal of both. They read as follows:

Your committee reports that the Grand Trunk Railway Company has asked permission to raise the Hughes street, John street, Catharine street and Mary street bridges.

Your committee is of opinion that the railway company should proceed under the statutory powers possessed by it, making due compensation to all persons whose lands may be injuriously affected by the raising of grade of streets in making the necessary approaches to the bridges as the railway company propose to rebuild them; the company to restore the highways as required by the statute, and to afford all proper facilities for street traffic; the new bridges to be made of steel or iron so as to raise the grade of the streets as little as possible, while giving the additional head room required above the cars.

James Smith's Appointment.

Ald. Pettigrew asked the Engineer, through the Mayor, if he had appointed one James Smith as a cement walk foreman. If so, he predicted that there would be trouble before the year was over.

Engineer Wingate replied that he had appointed Mr. Smith because he knew what his work had been in the past, and he believed him to be a competent man. He proved to be incompetent he would not be retained, but he would get a fair trial.

City Building Lighting.

In presenting the report of the Markets, Police and Jail Committee Chairman Hill moved that all the clauses relating to the lighting of city buildings be referred back.

Ald. Nicholson asked if the Chairman had received new light.

Chairman Hill replied that he had made a mistake in regard to certain figures. Moreover, the flat rate figures which had been submitted by the Electric Light Company were interpreted by the company to mean one thing, but by the committee to mean another thing entirely. Moreover, the Electric Light Company, in its letter, had failed to go into the City Hall lighting, which, as he figured it out, would cost \$1,000 or more, according to the company's flat rate figures. He thought

it best that the whole thing would be reconsidered.

Ald. Nicholson—Will you give both companies a chance to figure again? Chairman Hill—Yes, if the committee says so.

Chairman Hill also suggested that the Chairman of other committees using light and the Chairman of the Board of Hospital Governors be asked to meet the committee when the question is considered. This was agreed to and the report, with the lighting clauses struck out, carried.

In the report of the Fire and Water Committee was the recommendation that the tender of F. Hamilton for 45 tons of pig lead at \$4.40 per 100 pounds be accepted.

Chairman Dixon moved that this clause be struck out and that the committee be authorized to ask for tenders anew and to accept the lowest satisfactory tender.

This motion carried.

Sewage Works Coal Supply.

Ald. Nelligan and Findlay moved that all references to tenders for coal for the sewage disposal works in the Fire and Water report be struck out.

In support of this motion, Ald. Nelligan complained of the Fire and Water Committee interfering with the Sewers Committee's business. He said he believed that the Sewers Committee could save \$200 by getting its own tenders for coal. Moreover, he said, the small dealers complained that they did not get a chance when tenders were asked for the various departments at once.

Ald. Dixon referred the Mayor to the minutes of a previous meeting, at which the Fire and Water Committee was empowered to ask for tenders for coal for the city departments. Having been passed upon by the Council, the Fire and Water Committee had nothing to do but follow instructions.

Ald. Nelligan said he did not know of any such resolution. He also said he had an offer to supply the 1,200 tons required at the disposal works at a saving of \$200.

Ald. Dixon replied that if Ald. Nelligan could show the Mayor a bona fide offer of that sort he would consent to the Sewers Department advertising for its own coal.

Ald. Nelligan said he had no offer in writing.

The only supporters of the Nelligan-Findlay amendment, besides the mover and seconder, were Ald. Nicholson, Hurd and Pettigrew.

The Dust Nuisance.

Ald. Nicholson called attention to the number of complaints of the great clouds of dust caused by the electric sprinkler. The trouble, he said, had been going on for weeks and months—perhaps years, and seemed to be getting worse all the time. The residents and other sufferers should have relief.

Ald. Dixon stated that the trouble was not so much with the street watering. As long as the accumulation of dust and dirt was allowed to remain on the streets there would be dust, no matter what sort of street watering there was.

Lawn Sprinkling Hours.

Ald. Evans brought up the matter of Court House lawn sprinkling, and that some arrangement be made by which that lawn could be sprinkled at times not allowed under the by-law. If this were not done the Court House Committee would be put to the necessity of putting in more taps and buying extra hose.

Ald. Dixon replied that the hours for sprinkling were fixed by by-law and could not be changed without amending the by-law. He had notified the Parks Board that park sprinkling must be confined to by-law hours.

Ald. Evans moved that sprinkling on the Court House lawn be allowed between 2 and 3 o'clock p. m., but got no seconder.

Cement Sidewalk Work.

Ald. Findlay brought in for its second reading the by-law to authorize the laying of certain cement sidewalks, and the local improvement by-law, in connection with the whole, with Ald. Walker in the chair. Ald. Evans raised the question of the vote necessary to carry the by-law.

The by-law, as amended, was by-law then before the Council, or by-law to be passed later on to raise the funds later on, required a three-fourths vote.

Solitary MacKeehan replied that the by-law then before the Council required a three-fourths vote.

The by-law was put through, and carried without a dissenting voice, so it got a four-fourths vote.

No Suspicion of Crookedness.

Chairman Findlay, of the Board of Works, called attention to a paragraph in the Spectator of some days ago about a "job" in connection with the transaction with Mr. Stroud, in connection with the purchase of cement. On behalf of the members of the Board of Works, he asked that the Mayor take such steps as might be necessary to have a complete investigation in regard to the cement matter.

Mayor Teetzel replied that if any investigation was desired it was for the Council to order it. For his own part, while he had heard the matter talked of he had never for a moment thought that there was any foundation in fact for the suggestion that there had been anything improper in connection with the purchase of the cement supply, and he therefore did not feel called upon to act.

Birch Avenue Sewer Again.

Ald. Nicholson once more brought before the Council the question of the right of way for Birch avenue sewer through the property of Mr. George Stroud by moving the re-consideration of the report of the Sewers Committee, adopted at the special meeting of the Council, on June 21st. Ald. Dunlop seconded the motion.

There was a short, hot passage between Ald. Nicholson and Ald. Nelligan as to the close of which Ald. Nelligan stated that if the officials of the Sewers Department or Solicitor's Department, had done their duty last year there would be no trouble now. The city had already gone on Mr. Stroud's property, and Mr. Stroud could proceed against the city for damages at any time.

Solitary MacKeehan replied that in June, 1899, he had drawn up an agreement to be signed by Mr. Stroud and handed it to the then City Engineer. In October, also, he wrote recommending that the Birch avenue sewer be not gone on until all all parties through whose property it would pass had signed such agreements.

Ald. Nelligan thought the Solicitor should have told the Council that last December.

Mr. MacKeehan replied that he then supposed that the agreements had been signed.

Mayor Teetzel agreed with Ald. Nicholson that the city was paying too much for the right of way, and favored arbitration, but the motion to reconsider received the votes of only Ald. Nicholson, Dunlop and Dixon.

Mr. Stewart's Pole.

Ald. Pettigrew brought in a motion to reconsider the report of the Board of Works of June 21st. There was no objection, and Ald. Pettigrew then moved that Mr. T. J. Stewart be allowed to maintain a gully pole on Merrick street, so as to indemnify the city

against loss on account of any action for damages.

At the suggestion of Chairman Findlay, the matter was referred to the Board of Works.

For Civic Holiday.

Mayor Teetzel suggested that the Council should take some action, with-out going to great expense to make civic holiday, August 13th, a good holiday. He suggested that the Council should co-operate with the Street Railway, and other interested bodies to give the London and St. Thomas busses that are to run excursions here, a right good time.

On motion of Ald. Evans, a special committee composed of Ald. Nicholson, Reid, Dunlop, Kerr, Dwyer, McFadden and Dixon was appointed to take up the matter.

Ald. Fearnside suggested having the L. Y. R. A. regatta here, and the suggestion will be considered by the committee.

If necessary a special meeting of the Council will be called to receive the committee's report.

Chairman Findlay warned the Council that there was no money for any demonstration.

If no special meeting of Council is needed the body will not meet again till Monday, July 30th.

FROM HAMILTON KLONDIKERS.

McAuliffe Well Fixed Railroad—Devine Sick.

In a letter to Mr. C. D. Mills, of this city, Dan. McAuliffe, writing from Eureka Creek, on June 3rd, says that he is well fixed now.

He mentions, too, that Devine, who was working on the same lay with him, took sick and threw up his job after six weeks' work.

After paying for wood for a day or two, they had a good "dum" and had three or four men hired on it. After getting through there he went to Australia Creek, a tributary of the Indian River, and from there went to Eureka Creek, about the middle of May. The party lived like fighting cocks, having everything the best and plenty of it. Eureka is about 60 miles from Dawson. Forty miles further on a strike had been reported on Stuart River. A big copper strike was made at White Horse, and there is now a town there.

After leaving for the Keele, to have its terminus there this summer, Rohr was still working on the Last Chance. Jack Roy had a good job on the fire department. Many people were leaving for the Yukon country, where a good strike had been made. Dan and his companions were, at the time of writing, prospecting four claims, and had found as high as ten per cent. to the pan.

He asks how the war is progressing, what horse won the Queen's plate, and how Ed. Harris is getting along.

Writing again on June 6th, McAuliffe says that Rohr has to have arrived there and bought a claim on Eureka Creek. He also mentions that Skinner, of the A. D. Stewart party, has obtained a place in the Post-office.

A letter from Rohr, by the same mail, says he has just returned from staking his claim. On the way back they saw a number of bears, including a great grizzly, with two cubs. She would not budge an inch for Rohr and party, so they did the moving, and were glad to get out of her way, although she looked as if she would give them the chance.

JUNE MILK REPORT.

In Spite of the Dry Weather the Showing is a Good One.

Following is Inspector L. A. MacDonald's report of milk tests for June:

4.80 per cent. butter fat—W. H. Ptolemy, Dr. Alway, D. McDonald, H. Spicer.

4.60-D. Duncan, J. Wilkinson, W. McDermott, Thos. Smith.

4.40-Mrs. A. Allen, J. E. Henry, S. McNeil, F. M. Carpenter, Geo. Millen, W. J. Anderson, Mrs. N. Allan.

4.20-J. Hopkins, G. H. Parker, J. Newman, J. A. Hutton, J. Fletcher, D. McKelvey, J. O. Ryan, No. 2.

4.10-J. I. Baker, J. B. Telfer, E. A. Ryckman, Buttrum Bros., J. O. Field, Chas. Slater, Thos. Macklem, Mrs. Pettigrew, J. O. Ryan, No. 2, J. Robertson.

3.80-F. Dalry Co. No. 2, S. Watson, W. Harmer, J. Long, N. Dymont, R. Hutton, Thos. Morden, Thos. Connell, J. Macpherson.

3.60-H. W. Hill, D. Mitchell, Pearson & Son, J. R. Barry, J. Fowler, J. Mann, Cameron Bros., Lyons & Son, Thos. McKay, Mrs. Gleason, Chas. Cochran, O. Macklem, Wm. Lyons, H. Dymont, Geo. Matthews, W. Lord, F. Dalry Co. No. 6, J. H. Cline, R. Spencer, Battram & Co., G. Hamilton, G. Fowler, H. McNally, H. Beckett, Gage, King & Elsom, R. Hubbard, H. B. Spence, E. Warrick.

3.40-Wm. Galvin, J. W. Pettit, A. Struthers, Thos. Andrews, W. W. Horning, R. Thompson, Thos. Hancock, M. Lowden, J. W. Forster, A. S. Turner.

3.20-J. R. Long, Shepard Bros., S. Tope, S. Church, Mrs. Breay, N. S. Briggs, Jos. Kennedy.

3.10-D. Smith, Wm. Berry, Mrs. Caffery, Geo. Evans.

Donations Acknowledged.

The following donations to the Girls' Home, during the month of June, are acknowledged with thanks: Wm. Lees & Son, \$1.15 off account; May, Mrs. P. P. P. 33; Joe of bread, R. C. Chalmers, 25¢ loaf of bread, bread, buns and cakes, weekly; Harold Dwyer, S. S. papers; Mrs. Spragg, clothing; Mr. Crawford, pie, buns or cakes, weekly; Walter, S. S. papers; Mr. Edwards, buns and cakes; Mr. S. H. Moore, representing Pugsley, Dingman & Co., Toronto, 50 cakes of soap; James Street Baptist Church, S. B. Somerville, supt., 1 can of mustard, large clothes basket of sandwiches, large clothes basket of cakes, etc.; Mrs. Geiger, 5 loaves of bread; Mr. Ogg, 4 loaves of bread; Mr. McCabe, vegetables; Mr. Toiv & Wilcox, vegetables; Messrs. Fearman, Lowry, Harding and Wilton, meat weekly; Mrs. Anderson, sou, bread, meat, cakes and pickles.

In the Jaws of a Lion.

The gallant Major Swaine tells of being knocked senseless by a lion that lacerated his arm. His thrilling escape from the jaws of death is only equalled by Dr. King's New Discovery for Consumption, which has saved thousands from desperate Throat and Lung troubles. "All doctors said my wife would soon die of Consumption," writes L. C. Overstreet, of Elgin, Tenn., "but your wonderful medicine completely cured her, and saved her life." Satisfaction is guaranteed by Parks & Parke, who give trial bottles free.

One of the few parts of Windsor Castle which has remained unchanged since its first construction in 1101 is the royal kitchen.

When you say your blood is impure and appetite poor you are admitting your need of Hood's Sarsaparilla. Begin taking it at once.

STRATHCONAS IN ACTION.

One Trooper Killed and an Officer Missing.

CANADIANS' CASUALTIES.

Death of Corporal Irvine, of St. Catharines—Many Ill—Krugers Denies He is Going for Peace—His Old Terms—Courtney and Beer in the Commons.

London, July 3.—Strathcona's Horse, with Gen. Clerly's force, was engaged for the first time in July 1st in the neighborhood of Standerton. They lost one killed and one officer missing.

The Boers, probably mistaking them, rode to within fifty yards of the line, enabling a subaltern to effectively use his revolver.

Who is Captain Cooper? London, July 4.—Nothing decisive has yet been heard from the columns seeking to him in Gen. De Wet. All of Lord Roberts' field transport is engaged apparently in supplying these columns. Operations elsewhere are necessarily relaxed. One thousand Boers are hanging on General Clerly's right flank in his advance to Greylingstad. Strathcona's Horse on July 1st, received its baptism of fire, in which one trooper was killed. Capt. Cooper is reported as missing.

Herr Kruger, replying to correspondence at Mafeking, who enquired there was any truth in the report that he and General Buller were negotiating, wrote: "The President and people of the South African Republic most earnestly desire peace, but only on two conditions: (1) Complete independence of the Republic and amnesty for the colonial Boers who fought with us. If these conditions be not granted, we will fight to the bitter end."

There is no Cooper attached to the Strathcona Horse.

Losses Were Enormous.

London, July 3.—The War Office today issued a return of the British casualties in South Africa since the beginning of the war.

The total losses, exclusive of sick and wounded, have been 29,706, which the killed in action were 254 officers and 2,403 non-commissioned officers and men; died of wounds, 70 officers and 610 non-commissioned officers and men; missing and prisoners, 1,000 officers and 2,824 non-commissioned officers and men; died of disease, 133 officers and 4,024 non-commissioned officers and men; invalided home, 844 officers and 18,433 non-commissioned officers and men.

Maine Returns to England.

London, July 3.—The American hospital ship Maine has reached Southampton with a batch of wounded soldiers from South Africa. A distinguished party, including Princess Louise, Lady Randolph Churchill, and Messdames Blow, Ronalds, Adair and Chamberlain, met her in the Solent.

MORE CANADIAN CASUALTIES.

Corporal Irvine, of St. Catharines, is Dead.

London, July 3.—The War Office, in its daily report of casualties, reports the death at Bloemfontein of Corporal B. Irvine, of the 19th Regiment, Royal Canadian Regiment of Infantry. Irvine, who was formerly a member of the 19th, St. Catharines, Battalion, was wounded at Black Mountain, on May 1st last, and has been ill ever since.

Corporal J. Macaskill, of E Battery, Royal Canadian Artillery, is dangerously ill at Kimberley. He joined the battery at Montreal, having up from Sydney, C. B., where his mother lives.

The War Office announces the illness at Wynberg of "133, Green." No. 133 in the second contingent muster roll is Pte. Sherwood Herch-Ballou, Pte. Harry Thos. Warrack, of the 2nd Battalion, Canadian Mounted Rifles, he formerly being a member of the Northwest Mounted Police. Pte. Robert Henry Weir, of the 2nd Battalion, Canadian Mounted Rifles, he being a native of Fermanagh, Ireland, where his father resides; Pte. C. A. Donaldson, of D Company, R. C. R. I., late of the 1st Brockville Rifles; Corporal I. C. Valles, of F Company, R. C. R. I., late of the 65th Mount Royal.

St. Catharines Mourns.

St. Catharines, July 3.—(G. N. W. Despatch.)—The death of Corporal Robert Irvine, of the 19th Regiment, Bloemfontein, caused very sincere regret in this city. He was the son of Mr. Robert Irvine, of the Great Western Hill, and it is only two or three weeks since a brother of young Irvine was drowned in the Twelve Mile Creek. Robert was one of the first to volunteer for service in South Africa. He was accepted as a private, but since arriving in South Africa was promoted to the rank of sergeant, and was one of those of the contingent who went from here. The flags on all the public buildings are at half-mast to show a mark of respect.

Pte. Lutes III.

London, July 3.—The War Office publishes a list of thirty-three deaths from disease and six from wounds in South Africa. B. Lutes, of the Canadian contingent, is dangerously ill at Cape Town. It also publishes the names of three soldiers killed and 23 wounded in various engagements.

Pte. B. Lutes is a member of the Governor-General's Foot Guards, and accompanied the second special service battalion. His mother resides at Hintonburg, Ont.

The Canadians and the Sick.

Ottawa, July 3.—From a letter written by Dr. Ryerson to the Minister of Militia, under date of Koonstad, May 30th, it appears that the men of the Royal Canadians have been provided for in the matter of winter clothing. Each man is wear-

ing a sweater and has also received a fine rug.

"I can assure you," writes Dr. Ryerson, "they need these things. Every night there is a frost and ice an inch thick on the walls. At midday it cannot be less than 100 degrees in the sun. These great changes of temperature are productive of diarrhoea. There are now only about 400 men fit for duty in the first contingent, including the draft. Enteric fever has been epidemic in the army. There are at Bloemfontein 4,800 sick and a few wounded at Norval's Poort, about 2,000 of so on up and down the line. In all not less than 15,000 men are hors de combat. They are shipping 500 invalids a week to England. You will see there is enough for the medical department to do and to supplement their efforts. We are spending £5,000 a month in Cape Colony, besides the large contributions from Canada, Australia, Cape Colony and the main supply from England. It would be no exaggeration to place the expenditure at £200,000."

Dr. Ryerson concludes by announcing that he sails from Cape Town July 4th for England on his way home.

Courtney and the Beer.

London, July 3.—In the House of Commons to-day Samuel Woods, member for Walthamstow, questioned the Rt. Hon. Jos. Chamberlain in regard to the supply of beer to the troops at Cape Colony, being asked to distribute beer to the men.

The Colonial Secretary, in reply, stated that he had no information on the subject. The Imperial Government had no right or desire to interfere in questions solely concerning one of the self-governing colonies.

Brave Johnny Canuck.

When Johnny Canuck comes home from the war, All covered with glory, with many a scar, We'll give him a welcome—glad welcome we'll give— We'll sing his brave deeds as long as we live.

When Johnny Canuck comes home from the war, With the din of the battle still loud in his ear, We'll crown him in a wreath of laurel and gold, To shine on his brow so dauntless and bold.

When Johnny Canuck comes home from the war, From Africa's fields of battle and fame, We'll place a bright star upon his brow, We'll honor our hero with banner and crest.

When Johnny Canuck comes home from the war, With victory crowned on many a field, We'll gather bright flowers to strew in his way— We'll garland his steed in richest array.

Bold Johnny Canuck, brave Johnny Canuck! The first in our hearts, the first in the war— Miss Canada's welcome to you will be grand When you come from the war—the war in the hand.

The name you have made, the deeds you have done, The battles you've fought, the fields you have won, With lustre shall shine on history's page, Unfaded by time, illumined by age. —R. Jamieson.

Perth, June 9, 1900.

REUNION IN GLANFORD.

Annual Affair at the Home of Mr. Robert Shaw.

On Monday at the old homestead of Mr. Robert Shaw, Glanford, where a fine new house has been erected since last gathering, the annual reunion of the family took place. There were present, with two families, Mr. and Mrs. Charles Duncan, formerly of this city, who came in unexpectedly from Winnipeg to be present. Mr. and Mrs. Judson Horning, of Ancaster; Mr. and Mrs. Geo. T. Shaw, of Glanford; Mr. and Mrs. Charles Shaver, of Ancaster; Mr. and Mrs. Ithamar Shaw, of Glanford; Mr. and Mrs. Henry Bates, of Glanford; Mr. and Mrs. Grieve, of this city; and Mr. and Mrs. Henry Spohn, of Ancaster. There were 48 in the party of children and grandchildren, and they spent the day most happily, providing sports for the children, besides quiet pitching and baseball. Mr. Robert Shaw, who is in England at present, was the only member of the family not there.

Plenty Like Her.

Mrs. Spankers—I wish to get a house in a quiet neighborhood. Agent—Yes, madam, we can accommodate you. I have a vacant house in a street which is as quiet as a Sabbath-morn'—all the year round. No barking dogs, no children, nuisance of any kind.

Mrs. Spanker—That's exactly what I want. How lucky I happened to come to you! How many rooms has it?

Agent—Ten.

Mrs. Spanker—That's just right. We want a good deal of room. We have nine children. I hope there's space at the back for a dog house. We have three—Parson's Weekly.

CHOLERA INFANTUM

Carries off hundreds of babies every summer who could be saved by the timely use of Dr. Fowler's Extract of Wild Strawberry.

If
