

Hon. of the Protestant committee. (1911,2).

8. In districts in which Protestants are in a majority, their schools are the public schools, and the schools—if any—of the Catholics are the dissentient. (1974, 2025,3).

9. The Protestant committee "makes regulations for the government, management, division or sub-division, of boards of examiners of the religious faith of such committee." (1913,1915).

10. The Protestant committee selects text books for the Protestant schools, (1927) and may prescribe as many catechisms as it pleases.

11. Where, in any district, the public schools are Catholic, the Protestants have a right to set up dissentient schools and vice versa. (1905).

12. The dissentient-governor appoints inspectors, but only on the recommendation of the Protestant committee. (1942).

13. The dissentient-governor appoints examiners for teaching certificates, but only on the recommendation of the Protestant committee. (1974).

14. Where there are Protestant schools Protestants cannot be taxed for any schools but their own. (1925).

15. Mr. Hogg need not take my word for this statement of the Quebec law. The provincial librarian will be happy to show him the code, and he may read it for himself. The numbers I have given him will facilitate his work.

16. I shall, early on Saturday, send to Mr. Hogg a copy of this letter. I call upon you to "vote for Jesus yourself," to state on the paper that he (unwittingly, no doubt, but quite carelessly) miserably misled his congregation; and to repeat once more (if he still is of that opinion): "Let the Roman Catholic minority be treated in Manitoba as the Protestant minority is treated in Quebec, and even every true Orangeman in the province would espouse their cause." Be a man, Mr. Hogg. Do not be ashamed to "vote for Jesus." You have a good opportunity to illustrate your honesty. Winnipeg is watching you. Will you let the Christian?

Winnipeg, May 22. JOHN S. EWART.

Up to latest accounts Mr. Hogg had made no statement that he accepted Mr. Ewart's challenge.

Old Proverbs In New Settings.

The month of May is going to be one of very unusual interest in our big store. An immense quantity of goods has arrived, and we are all on the jump selling them.

Spick and Span New. That's what the new Hats and Bonnets are. There is not a ladies' or child's face on this island that we cannot suit to a "T." The new trimmings are elegant—the flowers and ribbons especially. If you can't find just what you want in our big stock, you will find it exceedingly hard to get a husband to suit you.

A Nine Days Wonder. That's what our big stock of Dress Goods is. We bought nearly 3,000 yards direct from the man that made them, and so are selling them at lower prices than we ever were able to do before. At 40 cents we have a beautiful line of new goods, and at 28 cents we show a handsome novelty. At 70 cents you get elegant goods fit to be married in; in fact goods that usually sell at \$1.00 a yard.

Love at First Sight. When you see our \$2.98 stylish Cape, that's what's going to happen, we know as a fact that \$4.00 is the price that you would pay here for no better goods. If you want a good serviceable Cape \$1.40 will buy it at our store, and if that is too high we have handsome Capes at \$1.05.

As Good Luck Would Have It. We struck a bargain in Print Cottons. There was an awful quantity, but we cleared the lot. We do not believe any firm in Canada has an equal bargain in Prints. A handsome Dress Print that we sold thousands of yards of at 13 cents we now offer you at 8 cents a yard. Of course we've lots cheaper lines, but this breaks all records and stamps our store as the cheapest on P. E. Island.

The More the Merrier. We're having a rattling spring trade, but we want yours too. You save money by dealing with us, and more than that we've got just the very thing you want.

Facts are Stubborn Things. We don't pretend to have all the bargains in the world, but we do claim that no shop on P. E. Island is offering so many bargains to-day as we are. Call and prove for yourself.

Deeds, not Words. Is our motto. We've got ten bargains on our shelves to one that we advertise. That's why we have captured so large a slice of the business of this city.

As Merry as the Day is Long. Because there's no excuse for long faces in our store. A little money buys a big parcel of goods that wear well, look well and wash well, and we're bound to capture the trade if every smart woman who wants to dress as well and becomingly.

Tho' Last not Least. We've got a hundred Ladies' Black Cloth Jackets all sizes, made of excellent cloth, and our price for them is just \$1.00 each. Think of it, only one hundred cents for a genuine \$3 and \$4 Cloth Jacket. How we got them so cheap is worth knowing, but the most important thing is to buy one for yourself and another for your daughter.

What's in a Name? A good deal. Our name backs up all we have said, and promises a hundred other bargains equally as good to every reader of the HERALD. Now is the time to buy.

A WEEK or two ago a man named Robert Peters died suddenly at Summerside. Dr. McCallan, of that town, while making a post mortem examination of the body, had a small cut on one of his hands, and the consequence was that he contracted blood-poisoning. He was very ill last week and Dr. Gillis and Jarvis were in attendance on him. From late accounts, we are pleased to learn that he is better and thought to be out of danger.

WINNIPEG's election contest continues to grow warmer. Ten days ago the Tribune, Mr. Martin's organ, declared his backers were offering to vote for him in the election, and couldn't get a cent out of that side. Next day the Nor'wester announced that its editor had a thousand dollars and would give a bonus of fifty dollars to the hospital if the Martin men would cover it as the odds mentioned. One came forward to do so, and on the 5th the Nor'wester defied the Martin men to cover its thousand at even money.

SIR CHARLES TUPPER met his colleagues in council in Montreal on Friday last. The Premier is delighted with the outlook in Nova Scotia, and states that Kings and Antigonish and Guysboro will surely be redeemed. He also adds that there is a settled feeling in Prince Edward Island that the Government will carry three out of the five seats and offer a splendid fight with a good chance to win in Davies' and York's districts. The correspondent understands that the reports submitted to the chief minister Thursday by the Conservative leaders from Ontario were of the most encouraging nature and rejoiced the heart of Robert Binghamton. It is stated that Robert Binghamton was asked by a member of the Cabinet to furnish a prudent estimate of the Government's prospects on the 23rd, in the premier province of Confederation. The Conservative organizer replied that Ontario would send at least 50 straight Government supporters, and his confidence did not include men like McNell, Sprague and one or two other kickers of the last session. "If Ontario will do this," said Sir Charles Tupper, "I will have over 50 of a majority of my back in the House of Commons when Parliament meets." Sir Charles Tupper was asked what he thought of the alliance between the Patriots and the Ontario Liberals. "The exposure," replied Sir Charles, "took place while I was in Nova Scotia. But as far as I can learn it was one of the most corrupt and disgraceful alliances ever before made in any part of Canada, and if I know anything about public sentiment in Ontario it will certainly teach a lesson to the Liberal and Patron leaders.
