## THE ALBERTA COLLEGE, PIONEER OF HIGHER EDUCATION IN THE PROVINCE

An Institution Established abont Four Years ago and which has grown with the City. The attendance during First Year of its Existence was 73. This Year the Number on the Roll is 430. A Description

The academic course is in affiliation with McGill University and follows the standard set by McGill. The college takes students to the end of the second year of McGill's course, and the university accepts the Alberta's diploma as the equivalent of its first couple of years.

The academic course is in affiliation with McGill University and follows the standard set by McGill. The college faculty are: C. E. Race, B.A., Chas. Connect order. H. Huestis, M.A., Elmer C. Luck, B.A., Elizabeth Irving, B.A., E

ton's one college.

To the Bulletin's representative, who went through the college this week, it was a revelation. The visit was made about 4 o'clock in the afternoon, and the long corridors were everywhere dotted with students. There were groups of students changing from class to class; others going to the practice-rooms for music; some with study happily finished for the with study happily finished for the time, were seeking the outdoor air and the tennis court. Many of the non-resident pupils were leaving for their homes.

Notwithstanding these additions each year the attendance has grown so large that the directors are now looking forward to the erection of a new residence for students. Already

Classes, corridors and recreation the registration for students. Already the registration for buddens. four years ago.

The idea of it was only developing the recreation grounds—always under in the mind of Rev. Dr. Riddell and the supervision of some of the teachother leading adherents of the Methodist church, which had early estab-
