War News.

Messages Received Previous to 9 A.M.

OFFICIAL.

LONDON, Nov. 22.
The Governor, Newfoundland:
Dardanelles.—Two British aeroplanes successfully attacked the railway station near Enos. One pilot, brought down by the enemy's fire, was rescued and brought away safely by the other pilot. In the Anzac zone we succeeded on the 20th in occupying part of the enemy's underground workings.

France.—Artillery duels.
Russia.—The Germans have been forced back west of Dvinsk. Near the Syr the Russians have recaptured Martorysk.

Italy.—Important successes are reported on the Isonzo front, especially northwest of Gorizia. About six hundred prisoners have been captured.

Serbia.—Novibazar has fallen. The enemy armies claim many prisoners.

BONAR LAW.

BRITISH AVIATORS.

LONDON, Nov. 22.
Two British aeroplanes successfully attacked a railway station at Terejik, near Enos, on Nov. 19th. One machine was brought down by enemy fire, but the pilot managed to land safely in the marshes opposite a river, where he burned his machine. Meanwhile the pilot of the second machine, who was alone, seeing his friend's mishap, landed beside him and succeeded in bringing him away in time to escape capture by the enemy, who was running towards Terejik. It is in Southern Bulgaria, near the Turkish border and across the Gulf of Saros, from the Gallipoli Peninsula. It marks the junction of Adrianople-Dedagatch and the Dedagatch-Salonika railroads, and the attack was made by the aviators from the Peninsula to interrupt railway communication with the Bulgarians. At Russell's Top, near Anzac zone, on the western side of the Gallipoli Peninsula, where the Turks recently fired a mine, we succeeded in occupying on Nov. 20th part of the enemy's underground workings. The attack occurred at night, and two Turks were shot by an officer and several others killed by bombs.

IN THE DARDANELLES.

ROTTERDAM, Nov. 22.
The Cologne Gazette reports that a great offensive movement has been initiated at the Dardanelles by the Allies.

New York.—A News Agency despatched from Rotterdam to-day, says that a tremendous offensive has been begun by the Allies in the Dardanelles according to a Constantinople de-

despatch to the Koelrische Zeitung, to-day.

PIERCE FIGHTING.

GENEVA, Nov. 22.
That there was unbridled fury in the battle for the possession of Gorizia, and that heavy loss of life was occasioned thereby, was emphasized by advices received in Switzerland from Alibach, Austria. It is said that thousands of dead and wounded men are lying between the Austrian and Italian lines, having fallen in an endless succession of attacks and counter-attacks. The battle proceeds without rest on the exhausted soldiers. Red Cross workers are overwhelmed by the great numbers of wounded.

VICTORY OVER BULGARIANS.

PARIS, Nov. 22.
The report that the Serbians have

won an important victory over the Bulgarians near Leskovate, on the Nish-Salonika railroad, 25 miles south of Nish, is corroborated in a despatch received to-day from the Serbian Minister at Athens. The message says that after a battle of several days, in which the Bulgarians sustained enormous losses, the remnants of their army fled in disorder to the eastern bank of the Morava river.

BLOCKADE OF GREECE.

LONDON, Nov. 22.
Information of the commercial blockade of Greece is described as the first installment of the only medicine which can cure King Constantine's affliction, by the Pall Mall Gazette, which adds that the one argument with Constantine is amenable is the demonstration that the Allies are armed with more than amiability, and are ready and able to punish those who play tricks with them. We have seen enough to convince us we can rely upon good faith in that quarter, only by exhibiting the punishment which awaits guilt. The blockade is already the beginning of that process to which supplements should be forthcoming without delay.

WAR ZONE AROUND GREECE.

SALONIKA, Nov. 22.
It is rumored here that the Entente Allies have decided to carry the commercial blockade to the extent of establishing a war zone around Greece, and cutting of all supplies. Greece expresses the hope that no such drastic action will be taken. The Associated Press says definitely, however, that the French authorities have unofficially made the strongest representations to the throne respecting the necessity that the Greeks give assurance of more active co-operation with the Allies. Denys Cochin, the French Minister, who has been conferring with the Greek officials, has gone to the front.

TURKISH TRANSPORT SUNK.

LONDON, Nov. 22.
Sinking of a Turkish transport, which was carrying 5,000 soldiers across the Sea of Marmora, is reported in a message from Seurich. The message says that the transport struck a mine, and that nearly all on board were drowned.

FRENCH AND BRITISH FORCES CAPTURE CITY OF TIBATE.

PARIS, Nov. 22.
An official announcement was made to-day of the capture of the city of Tibate, a German colony in the Kameruns, Western Africa, by French and British forces, as the result of a surprise attack. The statement follows: A French column, operating in the Kameruns, surprised the German forces on Nov. 3rd. The Germans, who were entrenched in the heights in the region of Tibate, were defeated and retreated in great disorder. The Germans were expecting an attack from the north, whereas the French, by a detour, made the attack from the south. On the next day the British column joined with the French in the occupation of Tibate, the great native city whose Sultan and population welcomed the French and British force as saving them from oppressive German rule. Advices received here from Cape Town show that with the opening of the dry season there has been a renewal of activity on the part of the forces operating against the Germans in the Kameruns. Great difficulties have been encountered during the wet season, although it is reported the Germans are being hemmed in gradually from all sides. The German headquarters are at Gaunde, where the Governor-General is with a strong force with abundant artillery, and formidable entrenchments. The northern end of Kamerun has been cleared of Germans with the exception of Mora. From the east, the French under General Cantier, have been pursuing a vigorous offensive. From the west, important British movements are recorded. From the Nigerian border the International Army under General Dohell, is advancing eastward in the direction of Jaunde. As the Germans fell back, they virtually cleared the country of supplies, and it is reported that large numbers of natives are destitute and that some areas have been almost depopulated. The aim of the Allied forces has been to occupy the important road centres, and thus cut off the German retreat.

WANT WORKERS TO INVEST.

LONDON, Nov. 22.
For the purpose of attracting a larger part of the savings of the working classes, the Government

One of the Greatest Programmes The Nickel has ever had.

"The Closing of the Circuit."

In his blindness he pictures the girl of his dreams as a saint. In the midst of a fiery flash and a terrible storm, his eyes are opened and he looks upon her as an angel. A two-part Vitagraph.

ONLY WORTH WHILE PICTURES AT THE NICKEL.

proposes to issue war loan bonds of one pound, and multiples thereof, bearing five per cent. interest. In making this announcement to-day in the Commons, Reginald McKenna, Chancellor of the Exchequer, said that subscriptions to the war loan on the plans previously adopted to attract small subscriptions, had proved disappointing. These subscriptions aggregated only five million pounds. The working classes, he said, evidently preferred two and one-half per cent. from savings bank investment than the loan, which was liable to fluctuate. The Chancellor emphasized strongly and urgently the necessity, in the interest of both themselves and the State, that persons now enjoying exceptional wages should save. Ex-travagant expenditure by any class cannot be tolerated, he continued. At this moment economy in expenditure is vitally necessary. The nation must be made to understand that a suitable instrument must be devised by means whereof we may avail ourselves of the nation's earnings. McKenna said it was on this account that the Government intended to issue bonds of small denominations, which will be convertible into cash at face value on demand. A strong committee will be appointed to popularize these bonds among workers.

of Suez. She has signalled for immediate assistance.

THE WEST QUIET.

PARIS, Nov. 22. (Official.)
Nothing of importance has occurred with the exception of fighting with grenades in the Artois district, and engagements with patrols in Lorraine.

LORD ROBERT CECIL'S REPLY.

LONDON, Nov. 22.
Replying in the Commons to-day to a question regarding China's response to the joint representations of the Entente Powers on the contemplated change of the Chinese form of Government, and as to the possibility of taking further steps, Lord Robert Cecil, Parliamentary Under Secretary for Foreign Affairs, said that China had received the advice in the friendly spirit which it was offered, and that there was no necessity for further action.

VISCOUNT ALVERSTONE ILL.

LONDON, Nov. 22.
Viscount Alverstone, former Lord Chief Justice of England, is seriously ill.

CHINA AND JAPAN.

TOKIO, Nov. 22.
Representatives of the Quadruple Entente are in close consultation with Japan concerning the measures adopted to induce China to a joint alliance. The press of Tokio lays stress on the importance of these negotiations, which it is felt will influence the future of Japan to the Orient.

FORTRESSES CAPTURED BY THE ENEMY.

BERLIN, Nov. 22.
Forty fortresses have been captured by the armies of the Central Powers to date, according to a compilation made by the Overseas News Agency. Five of these fortresses were in Serbia. Among the citadels captured were some like those of Antwerp and Brest Litovsk, some of which had been counted the strongest in the world.

Good "Bad Boys."

Heroes From the Reformatory.

(Daily Mail, Oct. 30.)

Bad boys make good soldiers.

That is the inference to be drawn from the report issued last night of the Chief Inspector of Reformatory and Industrial Schools, Mr. C. E. B. Russell. He is evidently a believer in boys, for he has come to the conclusion that boys are not bad by nature, a theory which the war has done much to prove.

In eight months 1,457 boys from industrial and reformatory schools entered the Army and the Navy, and 2,684 boys enlisted while under supervision. Here is their roll of honor:

Killed 530
Died of wounds 49
Wounded 1,530

This is the list of honor won by them:
Victoria Cross 3
D.C.M. 25
Mentioned in despatches 20
Given Commissions 8

"Opportunity has been given by the war," states Mr. Russell, "to show the innate sterling qualities of thousands of boys too lightly termed bad or even 'criminal' by those who have little real knowledge of boy nature and understand not at all that really evil intent and viciousness is foreign to boy nature in general. In these lads the schools have had the making of some of the finest soldiers of our time."

Mr. Russell's understanding is akin to that of fiction writers who have always seen the good in the bad boy. They have sent him flubustering about the world to return—a man. The bad boy's badness is generally misdirected energy.

Not the least admirable feature of our reformatory heroes is a sense of loyalty to their schools. "I will do my best to bring credit to the school by doing my utmost and not acting cowardly," wrote one. That boy had the public-school spirit; he was a gentleman.

St. Barbe Count.

It is probable that with favorable weather the returns from St. Barbe will be made known by Thursday night next.

The S.S. Home left Cook's Harbor at 4 p.m. yesterday, coming south. As Cook's Harbor is the terminal point of the route of the Earl of Devon it is presumed that the ballot boxes from the east side of St. Barbe district collected by the latter ship are now on board the Home which is due at Bonne Bay about Thursday morning. The Home is making all her usual ports of call on the way South, and will collect the remaining ballot boxes and bring them to Bonne Bay where the count takes place.

For Acid Stomachs Use Magnesia.

The almost universal use of magnesia by physicians and specialists in the treatment of stomach troubles, is due to the fact that it stops food fermentation and neutralizes the acid—the direct cause of nearly all stomach troubles. Of the many forms of magnesia such as oxides, citrates, carbonates, sulphates, etc., the most suitable and efficient and the one prescribed by leading specialists is bisubated magnesia, a teaspoonful of which in a little warm water immediately after eating will instantly neutralize the acid, stop fermentation, and thus ensure painless normal digestion. Care should be taken to get bisubated magnesia, as its action is infinitely more effective. It is also, by the way, usually stocked by druggists in convenient compressed tablets as well as in the ordinary powder form. Stomach sufferers and dyspeptics who follow this plan and avoid the use of pepsin, charcoal, soda mints, drugs and medicines are invariably astonished to find that the stomach, relieved of its irritant acid and gas, soon regains its normal tone, and can do its work alone without the doubtful aid of artificial digestants.

Private Cooper Recovering.

Mr. and Mrs. John Cooper, of Brennan Street, are in receipt of letters stating that their son, Private James Cooper of the Newfoundland Regiment, who had been ill of dysentery, is now at Wandsworth Hospital, and is doing well. The young soldier wrote a few lines under date Oct. 22nd while on the way to England on H.M.S. Aquitania. Owing to his weak condition part of the letter was written by Surgeon-Major Macpherson, who said that he hoped the young soldier would make a complete and good recovery. Other letters from Mrs. G. J. Stabb, who visited him in hospital, and Mr. Henry Reeves, Hon. Secretary of the Newfoundland War Contingent Association, stating that Private Cooper is progressing favorably and that everything possible was being done for his comfort.

Good Autumn Fishery.

The codfishery on the local grounds is being continued yet and with success. Whenever conditions are any way favourable to allow motor boats from the Battery getting out, good catches are secured. The autumn voyage has been unprecedentedly good for St. John's fishermen and we are informed that several parties of the Battery and South Side settlements have done so well this catches that they have doubled the catches of any previous year.

RAVENSCOURT LOADING.—The barque Ravenscourt which had been undergoing repairs at the dock pier for some time past is now ready for sea again. She is now at the South Side premises of Job Bros. & Co. taking on board her deckload of lumber which was stored there while repairs were being made.

PIANOS and ORGANS.—The famous Kohler and Tonk Pianos. The Needham, Godrich and Mason & Hamlin Organs. CHESLEY WOODS, 232 Duckworth Street.—aug.74

What Tobacco Are You Smoking?

I guess it's V. C. Smoking Mixture, it smells so delightfully sweet and cool you can't mistake it. There's no tobacco to equal it if you want a smoke that's both mild and mellow, fragrant and full-flavored, cool and comforting.

It's fine in a pipe and it's just as fine in a cigarette. If you "roll your own" try V. C. Smoking Mixture, it weighs lighter, smokes sweeter, and lasts longer than most smoking mixtures, and gives perfect satisfaction right up to the last draw.

V. C. Smoking Mixture is on sale at all dealers.
