Jellicoe's Five Pounds A Day.

"The Government must set an example if Ministers expect their speeches to be effective," says the Telegraph.

"It is clearly that Ministers should divide among themselves at a time of financial stringency a sum of about £150,000 annually.

"It is in accord with the British habit of mind that at such a moment the House of Commons should continue to vote itself payment at the rate of £400 for each member absorbing about a quarter of a million sterling?

"Can anything be said in excuse for the allocation of a matter of £20,000 each to the Lord-Lieutenant of Ireland and the Attorney General, or £10,000 to the Lord Chancellor?"

"We utter no word of criticism of the occupants of these offices. No doubt they have to meet heavy expenses of which the public knows little. But are these sums which should be paid at a time when the nation is the poorest and the richest amongst us—is being urged to tread the path of rigid economy, and when taxation has reached a level never before attained? Do they represent value received by the nation, in accordance with the professional standards to which all the professional classes are being compelled to conform?"

"Let these salaries be contrasted with the amount paid to the distinguished officer on whom our very existence depends. According to the last Navy Estimates, Admiral Sir John Jellicoe, in command of the greatest war machine which the world has ever seen, receives £5 a day—£1,825 annually with allowances for servants and entertaining which raise his emoluments to £3,647.

"Is his splendid performance of duty only of a value about one-sixth that of the Attorney-General's?"

"Not content with prescribing to the nation the urgent necessity for economy and the reduction of consumption, the Government intends itself to set an example," says the Chronicle Parliamentary correspondent. "The Cabinet is considering a scheme for an all-round reduction of Ministerial salaries by one-third. This would apply to Ministers without as well as to those within the Cabinet.

"It is to be hoped that official pensions as well as salaries will be retrenched. Our legal and judicial pensions are on a very lavish scale. For example, we have three ex-Lord Chancellors each drawing a pension of £5,000 a year, viz. Lords Halsbury, Lofburn and Haldane. There is plenty of room for renunciation in the salaries of our six Law Lords (£2,500 a year); and in those of our High Court Judges, £5,000 a year each, with the exception of the Lord Chief-Justice and the Master of the Rolls, who receive £8,000 and £6,000 respectively.

"Once retrenchment becomes the rule the Civil List cannot escape."

The Fawcett Family Well Represented.

Miss Ruth Fawcett, of Clapham Common, London, daughter of the late Colonel Fawcett, at one time Inspector General of Police, writing to a friend in the city under date Dec. 12th, says that she has four brothers on active service. Ralph is in charge of the Ulster Ambulance Division, Morris is Registrar at Salisbury, Hugh at the time of writing, was on the way from Aden to India, and Frank was a prisoner of war in Germany. Referring to Frank she says that he writes home cheery letters regularly, and gets the parcels sent him as regularly as conditions permit. Miss Fawcett mentions the fact that she noticed the names of some Newfoundlanders in the casualty lists, but she did not know any of them.

Monsieur—
For 15 days in the month of January I was suffering with pain of rheumatism in the foot. I tried all kinds of remedies but nothing did me any good. One person told me about MINARD'S LINIMENT; as soon as I tried it the Saturday night, the next morning I was feeling very good; I tell you this remedy is very good; could give you a good certificate any time that you would like to have one. If any time I come to hear about any person sick of rheumatism, I could tell them about this remedy.
Yours truly,
ERNEST LEVILLÉ,
216 Rue Ontario East, Montreal.

NEW PURCHASE.

We hear that the Lunenburg barq, Maggie Belle, has been purchased by Mr. G. M. Barr, and will be used in the foreign fish carrying trade. Mr. Herbert Reid, who was third officer on the Red Cross Liner Stephanos and resigned that post last trip, goes as master of the barq. Mr. Reid is a native of this city and about the youngest captain sailing out of Newfoundland now. We congratulate Mr. Reid and wish him continued success.

Wedding Bells.

MALLARD—COADY.

A very pretty wedding took place at the Presbytery, Torbay, on Sunday, December 19th, when Miss Josephine Mallard, daughter of Mr. and Mrs. William Mallard, of Quidi Vidi, was united in matrimony to Mr. Thomas Coady, Torbay Road. The ceremony was performed by Rt. Rev. Mgr. St. John, in the presence of the immediate friends of the contracting parties. The bride who was becomingly attired was attended by her sister, Miss Aggie Mallard, while Mr. Edward Mallard, brother of the bride, supported the groom. After the ceremony the happy couple drove to their future home on the Torbay Road. The bride was the recipient of many valuable and useful presents. The Telegram joins in the congratulations extended to Mr. and Mrs. Coady, and wishes them many years of wedded happiness.

AT HOME!

The Governor and Lady Davidson will be AT HOME on New Year's Day from 3 to 6 p.m. Government House, St. John's, dec29,31

WEDDING BELLS.

At the R. C. Cathedral last night Miss Bella McGrath, youngest daughter of Mrs. Catherine and the late Patrick McGrath, was united to Mr. Harvey Williams, a promising young seaman of this city. The ceremony was performed by the Rt. Rev. Mons. McDermitt. The bride was attended by Miss Stella Squires and the groom supported by Mr. W. Wilson. At the conclusion of the ceremony a reception was held at the residence of Mrs. Capt. Wilson. To the young bride and groom, who are very popular, we extend congratulations.

CAN YOU AFFORD TO TAKE CHANCES?

A little cold may not seem a dangerous thing—you may feel inclined to let it go on hoping that to-morrow it will be better—but can you afford to take chances? Just as the little insignificant acorn grows if let alone, to the mighty giant oak, that cough if not stopped may grow to a very serious illness. When a cough starts there's no telling where it will end. You know no doubt, of cases right among people you have known where serious complications and fatal illnesses have had their start from a neglected cough or cold.

A cold is more than inconvenient—it is dangerous—so the big thing is to find a reliable remedy—one that will give you quick, satisfactory relief.

There are many treatments that are recommended for a cough or cold but STAFFORD'S PHORATONE COUGH and COLD CURE is recommended to be the safest, surest and most satisfactory way to cure a cold, grippé, etc.

Price 25 cts.; Postage 5 cts. extra. Prepared only by DR. F. STAFFORD & SON, St. John's, Nfld., Manufacturers of 2 Specialties: Stafford's Liniment, Stafford's Prescription "A," Stafford's Phoratone Cough & Cold Cure.

COMING HERE FOR REPAIRS.—The s.s. Coban, which was ashore and refitted again at Placentia Beach, is not leaking and will come on to St. John's for repairs, after discharging her coal cargo.

Grenfell Hall, New Year's Soiree, Tuesday, Jan. 4th, at 8 p.m. Leading artists taking part. "The Suffragettes," &c. H. M. S. Calypso Band. Admission, with high-class refreshments, 30 cents.—dec31,21

A WATCH NIGHT SERVICE will be held to-night in George St. Church, commencing at 11 o'clock; a cordial invitation is extended to all.

Oil Tanker Gets New Propeller

AND RESUMES HER VOYAGE TO-DAY.

Repairs to the oil tanker Shebonee, which put into this port in a disabled condition ten days ago, are completed. The broken propeller has been removed and a new one put in position. The work, though difficult and tedious, was done with the utmost despatch at the dry dock pier where the ship was tipped, after having unloaded her oil cargo. It is expected that she will get away from here some time to-day. She will proceed direct to New York and in all probability load oil again for the Old Country.

Originally the Shebonee left New York oil laden for Liverpool, but shortly after her mishap the s.s. Masconoma, another oil tanker, came here and took the Shebonee's cargo and is now on the way across with it to its intended destination.

All First Class Druggists Sell Salvia Hair Tonic

SALVIA destroys dandruff in ten days.

The roots of the hair are so nourished and fed that a new crop of hair springs up, to the amazement and delight of the user. The hair is made soft and fluffy. Like all American preparations SALVIA is daintily perfumed. It is hard to find an actress who does not use SALVIA continually.

There is a depletion in the ranks of each team from last season caused by many players having enlisted in our Regiment. In fact it may be said that those who are gone Hun-chasing were our best known pick-chasers.

However the new material to be introduced will give a good account of themselves. It is hoped, and an interesting series of hockey games may be looked forward to this season.

Hockey Notes.

The Prince's Rink will open to-morrow, New Year's afternoon, the ice there being in excellent condition.

With the advent of Jack Frost hockey enthusiasts are getting a move on and are expressing the hope that Jack's visit will be prolonged.

Four teams, we hear, will again be represented in the League, same as last season, namely:—The Fiddians, Terra Novas, Victorias and St. Bon's.

Vigorol

Weak and run-down. Tired and sluggish. Eyes feel heavy. Headaches and feverish. Don't allow these symptoms to continue. Tons yourself up. Get a bottle of VIGOROL, it will do it, and do it quickly! Every spring one needs a good tonic. VIGOROL acts as a general house-cleanser; it goes after every organ and cleanses it. Get it to-day at all drug stores.

On Tuesday last the Telegram stated that the noon-day gun would be discharged by electricity in future. Yesterday the experiment was first tried and by the touching of a button at the Department of Marine and Fisheries the gun was fired off under the direction of Corporal R. Hickey, of the 9th Regiment who is home on furlough.

Office Managers!

An important requirement for the executive's desk is a good diary. I have these in excellent and improved styles.

To Trifle With Catarrh Is To Risk Consumption

Usually it comes with a cold. Being slight it is neglected—but the seed is sown for a dangerous harvest, perhaps consumption. To cure at once, inhale Catarrhozone. It destroys the germs of catarrh, clears away mucous, cleanses the passage of the nose and throat. The hacking

cough and sneezing cold soon disappear, and health is yours again. Nothing known for colds, catarrh and throat trouble, that is so curative as Catarrhozone. It cures by a new method that never yet failed. The one dollar outfit includes the inhaler and is guaranteed to cure. Smaller sizes 50c. and 25c., sold everywhere.
