 Limited.

Coaker and the Reids.

Of course no one takes seriously
 the attacks which Coaker and his
 friends make on the Government in
 connection with the Reid Newfoundland
 Company. They know that these
 hysterical shriekings are Mr. Coaker's
 subsidies for the benefit of the pub-
 lic and are not to be taken by any
 means as an indication of his real
 state of feelings. This is election year,
 and Mr. Coaker is out looking for
 office which he thinks the people of this
 country are going to be foolish enough
 to entrust him with. He has started
 his little campaign, and "The Reid"
 cry is his one best bet. In the hands
 of any other man it might be a
 weapon of some value, but when Mr.
 Coaker grasps it and huris it at the
 Government, it becomes a boomerang
 to recoil on himself with damaging
 results. The fact of the matter is that
 if Mr. Coaker got in power he would
 be the best friend the Reids ever had.
 This is not mere surmise or supposition,
 but the absolute fact. It can be
 proved by his past record, and in or-
 der to ascertain what that record is,
 we do not have to seek it through the
 medium of report or hearsay, but we
 give it herewith from the organ of
 his present allies Squires and Mosdell.
 We reprint below some extracts from
 an editorial which appeared in the
 "Daily Star" of the issue of August
 24th 1918 and which will make interest-
 ing reading just at present, when
 not alone Mr. Coaker but his allies
 Squires and Mosdell are raising their
 voices in a chorus of denunciation of
 the Reids and the Government and
 everyone else they think they may pro-
 fit by blackguarding in their papers.

ASK YOURSELF

are you logical in your use of medi-
 cine? When your stomach is ailing
 take something that reaches
 the stomach, but when the trouble
 is in your lungs or breathing pas-
 sages, do you take something that
 goes there direct? This is where
 so many people make a mistake.
 They swallow remedies into the
 stomach in a vain attempt to cure
 ailments which are of the lungs.
 They wonder why they receive
 no benefit.
 For ailments of the lungs and
 breathing passages the logical treat-
 ment is the use of a remedy that is
 breathable and therefore capable
 of reaching the lungs direct.
 Pepsin is the only such remedy
 available. It is a natural substance
 which is dissolved in the
 stomach and is released
 into the blood stream. It is the
 breath of life to the lungs and
 the cells of the body, soothing the in-
 flammation and consequent irrita-
 tion, breaking the sore places and
 enabling the lungs to breathe.
 No other remedy is troubled with
 a cough, cold, bronchitis or
 laryngitis, take Pepsin and prove for
 yourself the superiority of the
 direct treatment. All dealers \$5c.

PEPSIN

At the City Hall.

The Municipal Council held its regu-
 lar weekly session last evening.
 The Mayor presided and Council-
 lers Mullally, Ayre and Vinnicombe
 attended.

After reading of minutes, etc. the
 following matters were disposed of:
 The Minister of Militia asked if the
 Council would consent to the placing
 of captured German guns in the city
 parks. Referred to the Park Com-
 mittee for conference with the de-
 partment.

A petition was read from residents
 of Robinson Hill and Winter Avenue
 for attention to the bad condition of
 the road north of Rennie's Bridge.
 Attention will be given it.

It was decided to place a light at
 the corner of Casey and Monroe
 Streets if investigation proves it to
 be necessary.

A petition for a light was read
 from a number of residents of Corn-
 wall Avenue. In this connection it
 was decided to write the Govern-
 ment asking if they would pay half
 the cost of a number of lights near
 the boundaries of the city recently
 asked for by residents.

D. Driscoll and J. Vatcher, North
 Battery, asked for permission to
 build an addition to houses there.
 Plans will have to be submitted.

Thomas Coady asked for permis-
 sion to build a chimney rear of his
 forge, George Street. Referred to the
 Engineer.

B. Shandler submitted plans of
 dwellings, Alexander Street and
 Barnes' Road. Block plan will have
 to be submitted.

James Miller's plan of garage Mc-
 Neill St. was approved.
 J. T. Doody's plan of addition to
 house, Mundy Pond Road, passed,
 provided it is not used as a dwelling,
 and he agrees to pay his proportion
 for the extension of water and sewer-
 age when the latter is laid.

The Reid Ntd. Co. asked for per-
 mission to extend present garage
 Water St. This present building is
 illegal, and no permission could be
 given to extend it.
 George Cook, Franklin Avenue,
 submitted plan of dwelling which
 was approved.
 Chas. Eddy's application to build
 addition to house Prince of Wales'
 Street, was passed.
 Mrs. A. Dillon, Southside, request-

ed permit to build house there. No
 action.

Mrs. Goadby was given permission
 to roof dwelling houses, Water St.
 West, provided the law is complied
 with.

Frederick Collier's complaint of
 sewer conditions Forest Road was
 referred to the City Engineer for at-
 tention.

M. O'Reilly's tender to install
 water and sewerage in houses on
 Quidi Vidi Road, was accepted.
 It was decided to extend the sewer
 as far as grade permitted on Wick-
 ford Street.

The City Engineer reported on curb
 and gutter work, Military Road, wa-
 ter sewerage and general work
 throughout the city for the past
 week.

The Health Officer's weekly report
 was read.
 After disposing of some routine
 business, and passing the pay rolls
 and bills, the meeting adjourned.

Engineer Ring Says it Certainly Does the Work

Eats Anything, Gains in
 Weight, Sleeps Like a Log,
 and Feels Like a New Man
 Since Taking Tanlac.

Hundreds of St. John's people, both
 men and women, are now taking Tan-
 lac with the most astonishing and
 gratifying results, and numbers have
 called at the Connors Drug Store in
 the past few days to obtain medi-
 cine and to tell of the benefits they
 have derived from its use.

Among the number who called was
 William Ring, living at 29 Pilo's
 Hill. Mr. Ring has been a marine
 engineer for twenty-five years, and
 he has been to most of the important
 ports of the world. In relating his
 experience with Tanlac, Mr. Ring
 said:

"About seven years ago I had a
 serious case of indigestion which
 left my system in bad shape, and
 since that time, that is until Tanlac
 straightened me out, I have had one
 thing or another ailment with me
 all the time. I had no appetite—
 just never cared for food of any
 kind—and all my energy seemed to be
 gone. I was habitually constipated
 and would get so dizzy at times I
 could hardly see. I could sleep only
 in "cat naps"—two or three hours at
 a time—and almost always at
 getting up mornings as when I went
 to bed at night. I had tried num-
 bers of different medicines, but got
 no relief, and had about concluded
 that nothing could help me.

"After seeing so much in the pa-
 pers about Tanlac and also hearing
 many people speaking highly of it,
 I thought there must be something to
 it and began taking it myself. Well,
 sir, it sharpened up my appetite at
 once and now I can hardly get enough
 to eat. Meal time comes too slow for
 me, for I'm hungry all the time, and
 what I eat agrees with me perfectly.
 Tanlac has put me in shape to where
 I have already gained eight pounds
 in weight and I have just finished my
 third bottle. I'm not constipated or
 dizzy any more and all that tired,
 worn-out feeling has left me. I sleep
 like a log every night and get up in
 the mornings feeling fine. In fact, I
 am just like a new man and I can
 recommend Tanlac because it certainly
 does the work. I believe it will
 help anyone who gives it a fair
 trial."

There are thousands of people who
 complain of being nervous and run-
 down. They are not sick exactly, but
 feel tired out and good for nothing
 most of the time. They need some-
 thing to throw off the symptoms of
 this weakened, debilitated condition
 and build them up.

The system, besides being purified
 by Tanlac is toned up and invigora-
 ted as the medicine, aside from stimu-
 lating the blood, reinvigorates the
 constitution, overcoming, as it seems
 to quickly do, nervousness, indiges-
 tion, non-assimilation of the food,
 headaches, backache, kidney com-
 plaints, general debility and many
 other ailments that are so common to
 an ill man, or a half-sick, depressed
 man and woman.

Tanlac is sold in St. John's by M.
 Connors, under the personal direction
 of a special Tanlac Representative.

Successful Sale.

The vegetable sale held in St.
 Joseph Hall, Plymouth Road, conclud-
 ed last night with a dance in which
 a good many took part. The proceeds
 of the sale showed a big increase over
 last year's. The committee is to be
 congratulated on their accomplish-
 ment.
