Lloyd George Will Not go to Washington.

British Delegation to Meet Irish Leaders Appointed--League Assembly Adjourns--Printers of New York to Arbitrate.

PANAMA CANAL TOLLS.
WASHINGTON, Oct. 6. Arbitration with Great Britain on the question of free tolls for United States ships through the Panama Canal was advocated in the Senate today by Senator Cull, Republican, Rhode Island, who announced that because he believed in arbitration, he could not support the Boreas Free Tolls Bill which is to be voted on next Monday. The Hay-Pauncefote Treaty, Senator Cull declared, is open to a double construction regarding the rights of United States shipping to tolls exemption. The United States, he said, undoubtedly had the right to exact the Boreas Bill, but in view of the double construction, he said, the matter should be adjusted by arbitration, rather than by an arbitrary statutory enactment.

SIX DELEGATES TO WASHINGTON.
MELBOURNE, Oct. 6. The British delegation to the Wash-

ington Conference will consist of six delegates including three Dominion representatives, Premier Hughes announced in the House of Representatives here today. The Premier said he had received this information in a cablegram from London. The Australian Government has appointed George Foster Pearce, Minister of Defence, as its representative.

A "FOURTH INTERNATIONAL."
LONDON, Oct. 6. The London Times labor correspondent says that Silvia Pankhurst, militant suffragist, "having been expelled from the British Communist Party for continuing to run the Workers' Dreadnought, as an independent organ, after she was told not to do so, now announces the adherence of her new paper to the Fourth International. Correspondent says that nothing previously had been heard of this international, but it appears to have been formed within the last few

days in Berlin. The German section of it, she says, has 80,000 members and is reported to be receiving great support from Serbia and Bulgaria.

LEAGUE ASSEMBLY ADJOURNS.
GENEVA, Oct. 6. The second assembly of the League of Nations adjourned at six o'clock this afternoon after electing Brazil, Belgium, China and Spain, the four non-permanent members of Council.

IN THE LANGUAGE OF THE BLEACHERS.

POLIO GROUND, NEW YORK.
Oct. 6.—Youngster Walter Hoyt came over from his home in Brooklyn today and besmeared the Giants with goose eggs, while Yankee walked off the field with second game of the world series by a score of 5 to 0. Base running of the Yankees was again the feature. Bob Meusel stole home in the eighth innings before the astonished gaze of John McGraw, Manager of Giants while Babe Ruth, who had been passed in three of his four appearances at plate, showed he could do something besides hit home runs by stealing second and third bases in the fifth innings. Neif pitched a good game but his own error in the fourth inning, and an error by Frisch in the eighth was a hole in the Giant's defence through which the American League champions pushed over the winning runs.

IRISH UNITY.
DUBLIN, Oct. 6. The principle of Irish unity was reiterated this afternoon by Eamonn De Valera, in addressing the North Antrim deputation the last of several delegations from the Nationalists within the area of the Northern Parliament. Ireland is naturally a unit, Mr. De Valera declared, and any at-

tempt to depart from the whole nation as a unit would lead necessarily to a political absurdity. He asserted that the dividing of Ireland did not get rid of minority problems, but multiplied them. He said the unity of Ireland was as much a fundamental principle as self-determination, adding that both were based upon right and justice.

BRITISH DELEGATION.
LONDON, Oct. 6. The British Cabinet after a two hours meeting this afternoon was adjourned until tomorrow morning. It was learned that the composition of the British delegation to the forthcoming conference with the Irish leaders was discussed, although the names were not finally approved. It was understood that the Government would be represented by the following delegates, Mr. Lloyd George, Lord Birkhead, Lord High Chancellor, Sir Hamar Greenwood, Chief Secretary for Ireland, Austen Chamberlain, Government leader in the House of Commons, Sir Laming Worthington Evans, Secretary for War, and Winston Spencer Churchill, Secretary for the Colonies.

THE PRINTERS' STRIKE.
NEW YORK, Oct. 6. "The Big Six" New York local of the International Typographical Union has declared by a vote which was practically unanimous to arbitrate its differences with New York Employing Printers' Association concerning the new wage agreement. John McFarlane, President of the International body, advising the printers on Sunday said that the strike in New York would be fraught with possibilities too grave to be entered upon lightly. He said the Executive Council is collecting and disbursing in excess of \$300,000 monthly for strike and other benefits throughout the country and the seriousness of the rupture in New York was too apparent to need further comment. "The Big Six" is the largest contributor to the fund.

LLOYD GEORGE WILL NOT ATTEND.

PREMIER Lloyd George stated definitely that it would be impossible for him to attend the Washington Conference, in a telegram he sent to the Ambassador at Washington, which is quoted by the Melbourne correspondent of the London Times, as having been read by Prime Minister Hughes, in the House of Representatives. According to the Prime Minister's telegram to the Ambassador, says the correspondent, it was arranged, at the recent Imperial Conference that his Majesty's Government should represent the whole Empire at Washington Conference, but the Government would prefer to include the Dominion point of view. Mr. Lloyd George added, "it will be impossible for me to attend as the conference is sure to be prolonged and so many matters demand my attention in England."

Household Notes.

Mix chopped apples with bread-crumbs and put in ramekins lined with sliced, raw, bacon. Sprinkle with brown sugar and cinnamon, and bake. Orange biscuits are good. Before baking dip a lump of sugar into orange juice and push down into each biscuit. Grate orange rind over them. If you want your apple pies to be juicy have your oven very hot for the first twenty minutes, after which reduce the heat and let the pies cook slowly.

"The next morning Mr. Gladstone left Windsor without seeing the Queen."
Salisbury's Apt Reply.
There is also this story about the Queen:
"The two subjects in which Queen Victoria showed the greatest interest in the last few years of her life were the making of her will, and about how she would read in history. On the latter point she was extraordinarily sensitive, and very much open to flattery; yet at times she was almost pathological-ly fearful that future historians would not speak as well of her as she would wish."
"Once she said to Lord Salisbury: 'Sometimes I fear it may be written of me that I reigned too long.'"
"Too long, Your Majesty," replied Lord Salisbury, who was by no means an inexperienced courtier, "for the greatness and beneficence of your rule ever to be underrated, even by the careless student of history."
