Fashions in Furniture.

Furniture fashions vary almost every season, there is always some newly-designed chair or lounge coming into vogue.
The present trend is toward upholstered Furniture, a splendid selection of which we are now showing. Here — huge Cosy Chairs, Chesterfields and Lounges, overstuffed and beautifully upholstered in Silk, Tapestry, Damask, etc. — gladden the eye, and there is no lack of smaller upholstered articles.

\$100 invested in Studebaker, on margin, under the terms of our October 18 advertisement would show you a profit to-day of \$45 which is at the annual rate of 1480 per cent. per year. We know full well this cannot be repeated every fourteen days of the year, but it can be done very, very frequently, taking profits every time similar to the above, by taking advantage of low prices on good dividend-paying stocks that must soon sell higher.
