Can't help thinking day by day / Skies are dear with you away / Need your presence and your smile / Near me to make life worth while / Roses bloom and skies are blue / But my little world needs you.

Piano is but an empty thing / If you are not here to sing / Gold and all men struggle for / When the day of toll is o'er / Have no charm unless at night / You can share in their delight.

Praise is but a stranger's voice / Save it makes your heart rejoice / Victory would seem despair / If it is you could not share / All I am and all I do / Needs the gentle smile of you.
