

### The New Chrysler Six, with Startling New Results.

Startling new results are attained in the new Chrysler Six—results made possible by the kind of engineering and manufacturing genius which never rests satisfied.

Walter P. Chrysler and his staff of brilliant engineers, with the fine Chrysler manufacturing facilities, had every excuse—every reason, some might say—to rest on the laurels their cars have won. Inevitably, the great tide of public approval would have carried the Chrysler Six to still more conspicuous success.

But Mr. Chrysler, his producing organization and his engineers have never relaxed for a moment their labors to emphasize and enhance its wonderful performance qualities.

The most surprising thing about the greater Chrysler Six is not its new lower price—remarkable though THAT achievement is.

Its most impressive feature is the amazing ability which succeeded in improving the quality and the performance of a car that everywhere had met with overwhelming public acclaim—AND WHICH MARKED A REVOLUTIONARY ADVANCE OVER ALL PREVIOUS PRACTICE AND RESULTS.

In this new Chrysler Six, the power is increased approximately 10 per cent. The 70-mile speed is more easily and quickly attained. The breath-taking get-away and acceleration are still swifter. In smoothness, this new Chrysler actually exceeds the former supersmoothness introduced by Chrysler.

The beauty originated by Chrysler—and which still belongs to Chrysler alone—is re-expressed in refined and attractive body lines and new body colors, with Chrysler-designed closed bodies built by Fisher.
